The Minutes of the last Meeting were read and approved.

His Honor the Mayor laid before the Board a Letter from his Excellency Andrew Jackson President of the United States, which he had received during the [2] recess of the Board in answer to the Letter from the Mayor enclosing the Resolution of the Common Council relative to the Death of Mrs Jackson which was read and directed to be filed.

The Letter was as follows

Washington April 4. 1829

Sir

Your letter of the 14th January last transmitting the Resolutions of condolence adopted by the Common Council of New York on the 12th of the same Month, was received shortly after my arrival at this place, but thr'o some inadvertance for which, I trust, an excuse will be found in the great variety of business then before me, was not acknowledged.

I take a melancholy pleasure now Sir in reverting to the subject, to express to yourself and the Common Council, my thanks for the

Manner in which they indicated their regard for my feelings under the most solemn dispensation of Providence

I am with great respect
Your most Obt & Humble Servt
Andrew Jackson

Walter Bowne Esqr Mayor of the City of New York

His Honor the Mayor laid before the Board a Letter from the Honorable Martin Van Beuren Secratary of State of the United States expressing his thanks [3] to the Common Council for their Resolution tendering the Freedom of the City to him was read and directed to be filed.

The Letter was as follows

Washington April 4, 1829

Sir

Your letter with the Resolution passed by the Common Council tendering to me the freedom of the City is recieved.

In communicating to that Honorable body my acceptance of this distinguished mark of their respect for my public services, and my grateful sense of the Honor they have conferred upon me, do me the favor to assure them of my hearty concurrence in the patriotic sentiments they have expressed, and which they have in so flattering a manner been pleased to attribute to me as the rule of my conduct.

In indulging a just pride in the present greatness, and a strong solicitude for the continued prosperity of a City, whose good fortune it is to have its affairs entrusted to persons so deserving of public confidence, as are your associates and yourself, I participate in feelings which are I trust as they certainly ought to be common to every Citizen of our highly favoured State.

Accept with the Assurance of my respects my thanks for the Kind manner in which you have [4] discharged the duty imposed upon you by the Common Council and be so good as to convey to its members individually my personal respect.

I have the honor to be
Your Obt Servant
M Van Buren

The Honbl Walter Bowne

His Honor the Mayor laid before the Board a Letter which he had recieved during the recess of the Board from the Honbl Martin Van Buren Secratary of State of the United States relative to the Resolu-

Sir

Washington April 15th 1829

I have been honored with your letter enclosing a resolution of the common council requesting me to sit for my portrait to be placed in the Gallery of Portraits in the City Hall, and have to request you to communicate to the board the grateful sense which I entertain of the continued kindness and respect manifested towards me on the part of that highly respectable body. I shall select the artist and enable him to proceed the work at the first convenient moment.

Be pleased Sir to communicate to the board and accept for yourself the assurance of my high respect & esteem —

M. Van Buren

The Worshipful

Walter Bowne

This document, found among the loose papers in the custody of the City Clerk, is here reproduced for the first time. At this time Van Buren was Secretary of State in President Jackson's cabinet. In 1828 Van Buren was elected governor of New York for the term beginning January 1, 1829, but on March 5, President Jackson appointed him a member of his cabinet and he resigned as governor. The above letter was a reply to a request of the Common Council that he sit for his portrait to be placed in the gallery of portraits in the City Hall. References to this incident appear in vol. XVII, p. 777 and in vol. XVIII, pp. 3, 256, 456, 595.—Ed.

tion of the Common Council requesting him to sit for his Portrait which was read and directed to be filed.

The Letter was as follows

Washington April 15. 1829

Sir

I have been honored with your Letter enclosing a Resolution of the Common Council requesting me to sit for my Portrait to be placed in the Gallery of Portraits in the City Hall, and have to request you to communicate to the Board the grateful sense which I entertain of the continued Kindness and respect manifested towards me on the part of that highly respectable body.

I shall select the Artist and enable him [5] to perform the work at the first leisure moment

Be pleased Sir to communicate to the Board and accept for yourself the assurance of my high respect & Esteem

M Van Beuren

The Honb[l] Walter Bowne.

His Honor the Mayor laid before the Board a Letter from Charles Stebbins Esq[r] President of the Court for the correction of Errors which he had recieved during the recess of the Board stating that the Court had Resolved to hold an extra Term on the Second Monday of September next in New York and requesting to be informed if the Court could be accommodated as heretofore with the Common Council Chamber in which to hold their Sessions which being read The Recorder presented the following Resolutions which were unanimously adopted.

The Police Committee to whom was referred back the Report on the Petition to exempt the Inhabitants of the 12th Ward from the operation of the Dog Law presented a Report

The former Report was read as follows.

[15] The Police Committee to whom was referred the Petition of the Inhabitants of the Twelfth Ward to be exempted from the operation of the Law relating to Dogs—Report

That there appears to be the same reason for restraining the number of Dogs in this Ward as there is in the other Wards of the City.

They therefore recommend the following Resolution.

Resolved that it is inexpedient to grant the prayer of the Petition

Samuel Stevens
Jonathan Seymour
David Bryson
P. W Engs
Geo: D Strong.

The Report made this meeting was read as follows.

The Police Committee on the reference back to them of their Report on the Petition of the Inhabitants of the 12th Ward for exemption from the operation of the " Law concerning dogs " respectfully

Report.

That this Law, as they understand was enacted to prevent such an increase of dogs within the County as would add to the existing dangers from Canine Madness and with a view to prohibit in effect the poor, from Keeping these useless animals [16] about their premises while they have not a sufficiency of food for their Children.

Your Committee do not doubt that these important objects have been realized to any extent equal to the most sanguine expectations of the propounders of this Law, and that its salutary effects should induce its continued enforcement—Aware however of the peculiar situation of the Inhabitants of the 12th Ward; Your Committee would willingly release them from any burthen, which hinders that care over their lives and property intended to inhabitants within the Lamp and Watch district, provided such relinquishment was consistent with the general welfare of their fellow citizens, but, they are at a loss to discover by what regulations a rabid animal can be confined to the 12th Ward or how he will instinctively Know that when he comes to the line of that Ward he is prevented by an Ordinance from passing it— It is submitted too, whether, if the proposed exemption should be granted, a great proportion of the dogs belonging to residents of other Wards would not be sent to the 12th Ward during the warm season, and thus becoming thickly congregated increase the dangers of Canine madness to our whole population.

The services of a faithful dog appear to be very highly appreciated by the Petitioners, and [17] according to their representatives amply compensate for the Tax demanded upon them. In connection with this, it should be remembered that the Inhabitants of the 12th Ward do not contribute to the Lamp & Watch Tax.

The Register in consideration of the local necessities of the outer Wards, does not in pursuance of legal authority destroy those dogs which are there running at Large in violation of Law, but mercifully leaves them to protect their owners and annoy the passers by, thus anticipating in a degree the wishes of Petitioners.

Taxation of dogs was not intended as a measure of Finance, and your Committee are aware that no income is derived to the Treasury from this Source, there is however no expenditure requisite in enforcing the " Law concerning dogs " which is not met from the receipts

Although such is the indisposition of Citizens to pay this Tax, that the percentage allowed by Law for collection does not amount to a sum equal to the support of the individual who undertakes the disagreeable duty of Register, and hence it has been necessary to yield to that Officer the whole amount Collected in order to retain his services.

Your Committee trust that they have now complied with the rule regulating Reports, [18] and ask permission to express their wish that the Board may continue to enforce it believing that it would save from the annoyance of many long and unnecessary debates.

The following Resolution is submitted for the consideration of the Board.

Resolved that the prayer of the Inhabitants of the 12th Ward [to] be exempt from Taxation on dogs ought not to be granted

Submitted by

P W Engs
Samuel Stevens
David Bryson
Jon[a] Seymour

A motion was made to refer the Report back to the same Committee which was Negatived

Alderman Lee then presented the following Resolution—Resolved that the 12th Ward be exempt from the provisions and penalties of a Law concerning dogs passed 30th April 1827

After some discussion the question was taken on the Report and Resolution proposed by the Committee and the same was carried in the Affirmative.

Upon motion of Alderman Peters the Report of the Committee on Wharves Piers and Slips on Petitions relative to extension of Piers on the North [19] River was called up and considered and read in the following words.

The Committee on Wharves Piers and Slips beg leave to Report upon numerous Petitions and Resolutions.

That the proper season of the year for contracting for the extending and building of Piers having arrived, they have minutely examined the line of Water front from the Battery to the State Prison grounds, and have agreed upon the following facts and opinions Viz[t]

At Washington Market the Bulkhead to extend West street is nearly completed—This improvement reduces the sise of the Basins

very much, so that the middle Pier ought to be extended 240 feet, to afford accommodation for market Boats and other Vessels estimated expense, in addition to the Bulk head about $7,000. There is no Pier in the Fifth Ward from Jay to Canal street except the one at the North Battery which is owned by the Corporation. The water front is public from the same to Vestry street 500 feet. The Battery forms an L to the North of said Pier. By running out a Pier at the foot of Vestry street with an L to the South, on a line with the exterior of the Fort, you will form a spacious and safe harbour for the shipping which are now exposed upon a long line of Bulk head estimated expense about 8.500 Dollars.

[20] The only Piers above Charlton street are the two recently built which form the Basin appropriated for and occupied by Hay Boats. The line of Bulkhead from Charlton street North is already extended to Eighteenth street exceeding one mile; and as the Vessels plying thence to supply all that section of the City require at least two Slips for protection besides the Hay Slip, your Committee are of opinion that one Pier with a T ought to be ordered at the foot of Charles Street so as to form a Basin north of the Hay Slip previous to the sale of the Lots which front upon the Slip to be formed thereby —estimated expense about $12.000

All the foregoing improvements appear to your Committee to be absolutely required for public accommodation and they believe they will produce as much income as the Public Piers now in use.

The following Resolutions are offered for the consideration of the Board.

Resolved that the Pier between Vesey and Fulton streets in the Third Ward be and the same is hereby ordered to be extended out 240 feet

Resolved that a Pier be ordered to be extended out at the foot of Vestry street in the Fifth Ward to extend out 250 feet with an L at the end of the same.

Resolved that a Pier be ordered to be extended out from the foot of Charles Street 250 feet with a T at the [21] end of the same so as to form a Basin adjoining the Hay Slip, and in front of the State Prison Grounds in the Ninth Ward

John R Peters
David Rogers
John Lovett
Isaac Brown
Thomas T Woodruff

Mr Roosevelt presented a Resolution directing the Comptroller to report the average profits resulting from the Public Wharves & Slips —After some discussion Mr Roosevelt moved to postpone the further consideration of the subject, the question being taken thereon it passed in the Negative. The question was then taken sepearately on the Resolutions proposed by the Committee and they were carried in the Affirmative.

Alderman B M Brown presented the following Resolution which was referred to the Committee on Wharves Piers & Slips.

Resolved that a Pier be extended out at the foot of King street in the Eighth Ward to extend out 250 feet with an L at the end of the same.

The Police & Jail & Bridewell Committees to whom was referred the Petition for taking the Triangular block called the Five Points & building thereon a Bridewell & Watch House presented [22] the following Report

The Police and Jail and Bridewell Committees to whom was referred the Petition of a number of our Citizens suggesting the propriety of taking the triangular Block of Land called the Five Points, and erecting thereon a Bridewell and Watch House

Report

That your Committees agree in opinion with the Petitioners that the Five Points is a place of great disorder and crime, and that it would be particularly desirable to rid the City of the Nuisance complained of, and were it a suitable place for a Bridewell, they would be willing to see the Corporation make some sacrifices for the improvement of the part of the City referred to.

But when the Board reflect that all the Avenues to this place are narrow and its situation low they will conclude that the Five Points would not be a proper location for a Prison particularly for the Bridewell which is a prison for persons accused, and not generally for those convicted of crimes.

The prison fever not unfrequently exists in our present Bridewell under all it[s] advantages of Location, and we should have reason to expect great Mortality in a crowded prison located at the Points

Your Committee Know of no public use which this Block if taken could be put to, and it [23] would probably be valued very high to the Corporation as it produces a great rent on account of its being a good location for small retailers of Liquor, who have extensively located themselves in this vicinity. What may be considered as the Nuisance has in reality increased the Value of the property.

Your Committee have considered whether the Block ought to be taken as a public or open square or Grounds. If it is thrown open it must either be paid for by the Corporation, or by Assessment on the property in the neighbourhood adjacent.

Your Committee Know of no instance (and the precedent would be a bad one) of the Corporation taking ground to convert the same into a Square.

The different parts of the City would have like claims, and an enormous new item of expenditure would be immediately added to the annual Corporation expence.

In relation to the other mode of taking it by Assessment on the Property adjacent there could be no objection on the part of the Corporation. But it must be remarked that the Board have before them no petition, from the owners of property petitioning for it to be so taken, and this mode of taking should originate with them.

They offer the following Resolution

Resolved that it is inexpedient to [24] erect a Bridewell at the Five Points.

All which is submitted

The Committee on Assessments to whom was referred the Petition of John F Rudolph of the 6th [26] Ward for reduction of Tax on personal property

Respectfully Report

That the Petitioner appeared before your Committee and from his own Statement he does not come within the rule prescribed—However hard this case may be your Committee are constrained to Report against him

Accordingly offer the following Resolution

Resolved that it is inexpedient to grant the prayer of the Petitioner

Respectfully submitted

Bernard J Meserole
John Lovett
Geo D Strong
Jon[a] Seymour

Which was approved and the Resolution adopted.

The Committee on Assessments to whom was referred the Petition of Henry W Tibbits for a reduction of Tax presented the following Report against the same.

The Committee on Assessments to whom was referred the Petition of Henry W. Tibbits praying to be released from personal Tax

Respectfully Report.

That they have heard the statement of Petitioner as he has not furnished a Certificate of the Assessors [27] they feel in duty bound to Report against him.

Accordingly offer the following Resolution

Resolved that it is inexpedient to grant the prayer of the Petitioner

Respectfully submitted

Bernard J Meserole
John Lovett
Geo: D Strong
Jon^{a} Seymour

Which was approved and the Resolution adopted.

The Committee on Assessments to whom was referred the Petition of George Rapelje to be relieved from a part of his personal Tax presented the following Report in favor of the same.

The Committee on Assessments to whom was referred the Petition of George Rapelye to be relieved from a part of his personal Tax

Respectfully Report

That they have had this case under consideration for some time and have examined the Certificate of the Assessors of the Fifth Ward and the Affidavit of M^{r} Rapelye which are hereunto annexed, they are of opinion that he comes within the rule prescribed by the Common Council and that the prayer of his Petition ought to be granted

Accordingly offer the following Resolution.

[28] Resolved that the Tax of George Rapelje for personal property in the Fifth Ward be reduced from the amount on Forty thousand Dollars to an Amount on Ten thousand Dollars.

Respectfully submitted

Bernard J Meserole
John Lovett
George D Strong
Jon^{a} Seymour

Which was approved and the Resolution adopted.

The Committee on Public Offices to whom was referred the Petition of the Executors of John Scudder deceased late Proprietor of the American Museum presented the following Report.

The Committee on Public Offices to whom was referred the Memorial of the Executors of John Scudder Beg leave to Report

That on examining the said Memorial your Committee find therein three propositions as follows.

First. In conformity with a clause in the Will of the said John Scudder, the Trustees now offer the American Museum at an appraised value to the Corporation of the City of New York.

Second. That the time for its removal may be extended to the first of May 1830

Third. That the Common Council will hire the [29] apartments to them for a term of years.

To the first proposition your Committee beg leave to state. That they do not think it advisable to purchase the said Museum.

To the second proposition your Committee beg leave to state. That the Trustees have made use of many reasonable arguments why the time should be extended to 1830, notwithstanding said arguments your Committee consider it their duty to report against said request, on the ground that it would be a bad precedent, for all the other Tenants in the Institution. But notwithstanding your Committee report against definitely extending the time in the manner and form requested, yet they are of opinion that if the Trustees do immediately set about fitting up, or building a place for the reception of the said American Museum, then on the first day of August next on a statement to the Common Council from the Trustees of the progress they have made (if such statement is satisfactory) then your Committee would recommend, that their time be extended three months, and so on for three months at a time as long as the said Trustees do diligently exert themselves in fitting up apartments for the reception of the said American Museum until May 1830—The reason why your Committee recommend this course is, that if the interest of the [30] Heirs of the American Museum is injured it will be the fault of the Trustees, and not of the Common Council. To the third proposition Your Committee only state that they think the apartments are wanted for Public purposes and that they ought not to be let at any price.

To conclude Your Committee offer the following Resolutions.

Resolved that it is inexpedient to purchase the American Museum.

Resolved that it is inexpedient to extend the time for the removal of the American Museum.

Resolved that it is inexpedient to Let the apartments now occupied by the American Museum to the Memorialists.

James N Wells
Thomas Jeremiah
David Rogers
David Bryson
William Mandeville

The same having been read, The Question was taken on adopting the Report and the Resolutions and the same was carried in the Affirmative.

The Lamp & Watch Committees to whom was referred the Memorial of Clement C Moore and others for the extension of the Lamp & [31] Watch District presented the following Report against the same.

The Lamp and Watch Committees to whom were referred the annexed Petition of the Citizens of the 12th Ward praying to have the Lamp and Watch District extended from 14th to 21st Street.

Respectfully Report

That they have duly considered the subject and as it would require an Act to be passed by our State Legislature to authorise the same to be done, Your Committee are of opinion that there would not be sufficient time to make the necessary application.

And accordingly submit the following Resolution.

Resolved that it is inexpedient to apply to the State Legislature for a Law on this subject as the closing of the Session is so near at hand.

William S Coe
P W Engs
Jeremiah Dodge
David Bryson
Peter Pinckney
James N Wells

Which was approved and the Resolution adopted.

The Street Committee to whom was referred the Petition to have the Side walks of Sheriff street between Stanton & North Streets & of [32] North street from Cannon to Allen street paved presented the following Report in favor of the same.

The Street Committee to whom was referred the Petition to have the side walks of Sheriff street paved between Stanton and North street and those of North Street from Cannon street to Allen street— Respectfully Report.

That in their opinion the side walks in those streets ought to be paved, and notwithstanding a Remonstrance of some of the Proprietors of Lots on Sheriff street against paving the same, Your Committee having examined the premises deem it expedient that the walks should be paved it being the only block in that Street unpaved—They accordinly submit the following Resolutions.

Resolved that the Side walks of Sheriff street be paved between Stanton and North street.

Resolved that the side walks of North street be paved from Cannon street to Allen street

John Lozier
Thomas T Woodruff
William S Coe
John R Peters

The Street Committee to whom was referred the Petitions to have the Triangular piece of ground in the 6th Ward called Five Points opened presented the following Report in favor of the same.

The Street Committee to whom was referred the Petition of a large and respectable number of Citizens to have the Triangular piece of Ground in the Sixth Ward Bounded by Anthony Cross and Little Water streets and Known as part of the place called the "Five Points" opened Respectfully Report

[37] That your Committee have examined the premises and duly considered the subject, and as but one objection has been made thereto are of the opinion that the request of the Petitioners ought to be granted they find that nearly all the buildings occupying the ground are in a ruinous Condition of but Little value and occupied by the lowest description and most degraded and abandoned of the human Species.

Enormities of every Kind (of which the public are but too well informed) are daily committed in that sink of iniquity, the which your Committee forbear to particularise. To remedy which in part, if not wholly to remove the existing evil, they propose the following Method Vizt

That the whole of the Triangle be taken by Commissioners of Estimate and Assessment, that so much thereof as may be necessary to make Cross Street and Little Water Street each 40 feet wide to be assessed on persons deemed to be benefitted and the remainder of the

ground to be appropriated for Public purposes either to the erection of buildings or such other manner as future exigencies may require.

Your Committee in accordance with the foregoing Report (and forasmuch as they have received but one solitary objection thereto) submit the following Resolutions.

[38] Resolved that the Triangular piece of ground in the Sixth ward Bounded by Anthony Cross, and Little water Streets be opened and appropriated in the manner expressed in the foregoing Report.

Resolved that the Counsel to this Board adopt the necessary measures for having the foregoing Resolution carried into effect.

The Reading of the Minutes of the last Meeting were dispensed with.

The Mayor stated that this Meeting had been called in consequence of the Law relative to the removal of the Female convicts from the State Prison making it necessary for the Common Council to designate the Prison to which they were to be removed, which designation [60] was to be approved of by the Commissioners appointed to build the State Prison—And as the Sale of the grounds of the State Prison made the immediate removal of the Convicts necessary, and as the Commissioners were now in Albany it became necessary for the Common Council to designate the Prison, and also to despatch a person to Albany to procure the approbation of the Commissioners. He had therefore summoned the Board and he submitted the following Resolutions which he deemed necessary to be passed on the subject.

The Resolutions were accordingly read in the words following, and were Adopted.

Resolved that the Penitentiary at Bellevue be and the same is hereby designated as a place of safe confinement within the City and County of New York to which it would be proper to remove the female convicts now confined in the Prison formerly known as the State Prison at Greenwich and which it will be proper to confine such female convicts as may hereafter be received for the purpose of confinement by the said Mayor Aldermen and Commonalty according to the Act of the Legislature of this State entitled "An Act relative to the imprisonment within the City and County of New York of female convicts adjudged to be confined in the State Prison" passed April 23. 1829

Resolved that as soon as the place [61] above designated shall have been approved under their hands by the Commissioners for building a New State Prison at Mount Pleasant the same shall be the place to which such female convicts shall be removed and in which they shall hereafter be confined pursuant to the Act above mentioned, and such removal is hereby directed to be made as soon after such approval shall have been obtained as conveniently may be, under the direction of the Commissioners of the Alms House

Resolved that the Counsel of the Board be instructed to proceed forthwith to Albany to obtain the approbation of the Commissioners for building a new State Prison at Mount Pleasant for the removal of the female Convicts agreeably to the foregoing Resolutions

Resolved further that if in consequence of the absence or sickness of the Commissioners or from any other cause the Counsel shall not be able to procure the signatures of the Commissioners as aforesaid that then and in that case he be instructed to endeavour to procure the

passage of a Law of the State Authorising the Common Council to select and appropriate any prison now erected or to be hereafter erected within the said City and County for the confinement of the Female Convicts.

The Mayor laid before the Board the following Copies of the Laws of the State passed at the present [62] Meeting of the Legislature and the following were directed to be filed and to be published in the Newspapers employed by the Board.

1. An Act relative to Imprisonment within the City and County of New York of Female Convicts adjudged to be confined in the State Prison passed 23^{d} April 1829.

2. An Act for the further support & extension of Common Schools in the City of New York passed April 25. 1829.

3. An Act to authorise the Mayor Aldermen and Commonalty of the City of New York to erect a Public Market and to lay out and open a Public Street in the 11th Ward of said City passed April 25. 1829

4. An Act for the prevention of Masquerades passed April 25. 1829.

5. An Act making certain alterations in the Map or plan of the City of New York passed April 25. 1829

6. An Act to create a fund in Aid of the Society for the Reformation of Juvenile delinquents in the City of New York and for other purposes passed 29 April 1829

The Last Law was directed in addition to publishing it, that it be printed for the use of the Members, and that it be referred to the Committee on Laws to report on at the next Meeting of the Board M^{r} Bryson moved that the Counsel be instructed while at Albany to [63] endeavour to procure the repeal of the said Law After considerable discussion a Motion was made for adjournment, which was carried in the Affirmative So no question was taken on the motion of M^{r} Bryson and the Board adjourned to Monday next at 5 OClock

Which were read and passed.

The Counsel presented the following Report on subject of removal of Female convicts from the State Prison

The Counsel begs leave to Report [76] that in pursuance of a Resolution of the Board passed on the 1st Inst, he has obtained from the Commissioners for building a New State Prison at Mount Pleasant,

their approval of the place designated by the Mayor Aldermen and Commonalty, as a place of safe confinement to which it would be proper to remove the female convicts now confined in the prison formerly known as the State Prison at Greenwich and in which it will be proper to confine such female convicts as may hereafter be received for the purpose of confinement by the said Mayor Aldermen and Commonalty—And that such approval under the hands of the said Commissioners is hereunto annexed R Emmet

The approval is in the words following

We hereby approve of the Penitentiary at Bellevue, as the place within the City and County of New York designated by the Mayor Aldermen and Commonalty of the City of New York, to which it would be proper to remove the Female Convicts now confined in the prison formerly known as the State Prison at Greenwich, and in which it will be proper to confine such female convicts as may hereafter be received for the purpose of confinement, by the said Mayor Aldermen and [77] Commonalty, according to the Act of the Legislature of this State entitled "An Act relative to the imprisonment within the City and County of New York of Female convicts adjudged to be confined in the State Prison" passed April 23. 1829—Witness our hands this 2d day of May 1829.

Stephen Allen
Samuel M Hopkins } Commissioners for building a New State Prison at Mount Pleasant

The Police Committee to whom was referred the Petition of Vincent Roderiguez for some relief from a Nuisance adjoining his property in Duane Street presented the following Report

The Police Committee on the Petition of Vincent Roderiguez complaining that certain [83] proceedings in the case of a person I[n]dicted and convicted at his instance had been improperly suspended in the Court of Sessions—Report

That there were two Individuals tried in the April Court of Sessions 1828, each for the breach of the Fire Laws—The Sentence in each was suspended on a point of Law referred, and one of the cases, that is the one against M[r] M[c]Claughlin was argued, and the Supreme Court decided in favor of the defendant

The case in which M[r] Roderiguez was concerned was not argued, the District Attorney considered the same points involved in both cases, which is the reason that M[r] Roderiguez's Suit was never finally adjudicated upon in the Supreme Court or Court of Sessions.

Amendment of the 44th Section of the Law or Ordinance of the Common Council entitled "A Law for the appointment of a Street Commissioner and to regulate the paving & keeping in Repair and to prevent obstructions in the Streets in the City of New York" passed 14th May 1827

3d line between the words "be" and "within" insert "either"

4th line between the words "Walk" and "under" insert "or within twelve inches of the Coping of the area in front of the house to which such vault shall belong"

The section will then read "And be it further ordained That the outward [93] side of the grating or opening into the Street of any Vault which shall be hereafter constructed or made," shall be either within twelve inches of the outside of the curb stone of the side walk or within Twelve inches of the Coping of the area in front of the house to which such vault shall belong under the penalty of One hundred Dollars to be paid by the owner of the said Vault"

Whereupon the Report was approved, the Resolution adopted, and the Law as amended passed.

The Finance Committee to whom was referred the Petition of John R Murray for an advance on a Contract with Fred^{k} Youmans presented the following Report in favor of the same

The Finance Committee to whom was referred the Petition of John R Murray

Respectfully Report

That the Petitioner is the Assignee of Frederick Youmans deceased, who had a contract for filling up West street in front of Spring street Market—That one third of the Amount to be paid by the Corporation has been duly received and the remaining two thirds amounting to $\$676,^{8}\%_{00}$ is due but cannot be as yet received owing to certain proceedings by Certiorari now pending in relation to the Assessment for the said work.

[94] The Committee are informed that part of this balance is due Mechanics or Labourers who are in want of their money and they are of opinion that the same ought to be advanced to the Petitioner.

They beg leave therefore to offer the following Resolution.

Resolved that the Comptroller be directed to report a Warrant in favor of John R Murray for the payment of the said amount remaining due as aforesaid.

The Committee on the Fire Department presented the following Report on the subject of purchasing ground and erecting a Fountain for the supply of Water for extinguishing Fires.

The Committee on the Fire Department

Report.

That they have progressed so far in arrangements for the introduction of Water for the extinguishment of fires, upon the plan formerly introduced by them and sanctioned by the Board, as to contract for the Iron pipes to be delivered at such times as will enable them in all probability to get this important work ready for useful operation by the commencement of next winter, and that they have fixed on a Site which in their opinion is admirably calculated for the objects of procuring Water and erecting a Fountain, this Scite is on the Bowery and 13th Street being 105 feet front on the former & 247 feet on the latter running in the rear at [98] various angles, on the premises are a two Story brick front House, two other small buildings and a good well of water—The regulated level of this property is about 40 feet above high water mark having at present about 6 feet of Surplus Earth—Under all circumstances this location is in the opinion of your Committee preferable to any they have met with for Sale, combining the advantages of Water and elevation and having the necessary buildings thereon—But as the former Resolution instructing your Committee gave them authority only to lease Lots which it is deemed unsafe to do in the present litigated situation of the Sailors Snug Harbour property, it becomes necessary to ask for power to purchase, and after thorough enquiry and much negociation they have agreed with Mrs Arnold the owner of the property here described to recommend to the

Common Council, its purchase for the sum of $10250, which your Committee believe to be a fair Value, and anticipate that a large proportion of this Amount will be realised from the sale of front Lots, not required after the completion of the intended object, to accomplish all which they ask for the passage of the following Resolution.

Resolved the Committee on the Fire Department be authorized to purchase property on the Bowery and 13th Streets as described in this Report at a sum not exceeding $10.250

The Committee on Wharves Piers & Slips to whom was referred the Petition for extending the Middle Pier at Coenties Slip Respectfully

Report

That in the opinion of your Committee the extension of that Pier is much required for the Accommodation of the Commerce of that Section of the City, the landing of Cargoes are often delayed for several days together for the want of sufficient room—it is proposed to build an addition to the present pier of two Blocks and two Bridges together about 130 feet—The estimated expence is not exceeding $7000.

In accordance with the foregoing Report your Committee submit the following Resolution.

Resolved that the Middle Pier at Coenties Slip be extended One hundred and thirty feet to be composed of two blocks and two Bridges.

John R Peters
David Rogers
Isaac Brown
John Lovett
Thomas T Woodruff

Which was approved and the Resolution adopted

[102] The Committee on Wharves Piers & Slips on the Petition for an Additional Pier between Spring Street and Charlton street pre-

sented a Report in favor of the Petitioner which was referred back to the Committee to designate the place where the Pier is to be erected.

Alderman Rogers presented the following Resolution which was read and adopted

Resolved that the Committee on Wharves Piers & Slips take measures to have the Vessels now lying sunken at the Dock foot of North Moore Street removed.

The Alderman and Assistant of the 1st Ward and Street Commissioner to whom was referred the Petition for a Well & Pump in Water street between Coenties Slip and Broad Street presented the following Report in favor of the same.

The Alderman and Assistant of the First ward and Street Commissioner to whom was referred the annexed Petition for a Well & Pump in Water street between Coenties Slip and Broad Streets respectfully Report

That in their opinion the request of the Petitioners ought to be granted and accordingly submit the following Resolution.

[103] Resolved that a Well be dug and built in Water street between Coenties Slip and Broad Street.

John Yates Cebra
James I Roosevelt Jr
R Graves

Which was approved and the Resolution adopted.

The Mayor laid before the Board a Copy of a Law passed at the present Session of the Legislature entitled "An Act to amend an Act entitled an Act granting privileges to the Firemen of the City of New York passed April 4. 1829 which was directed to be filed and published in the papers employed by the Corporation.

The following Report [made] the order of the day was called up.

The Committees on the Jail & Bridewell and Police to whom was referred the presentment of the Grand Jury against the present Bridewell presented the following Report.

The Jail and Bridewell and Police Committees, to whom the complaints of the Grand Jury against the present Bridewell and the necessary promiscuous confinement of the prisoners have been referred Report

That it appears by our Ordinances that the last Board constituted the Greenwich Prison a City Bridewell and contemplated the removal there [104] of the Bridewell Prisoners, and went so far as to direct the mode of their transportaion to the Greenwich prison. The present Board have ordered this Prison and the grounds to be sold, so that it

appears to be incumbent on the Board to provide some other place, and to erect a Bridewell on some new location; for your Committee presume that the Board, by ordering the Greenwich Prison sold, did not intend to express an opinion that the Bridewell ought to be kept in its present location. The Police Committee, by direction of the Board, have at various times considered the propriety of establishing an additional Police Office, more central, or removing the whole department up town; and after much reflection your two Committees are induced to recommend to the Board that a Bridewell with small rooms for the seperate confinement of prisoners and suitable rooms for the whole, or a branch of the Police, be built in or adjacent to the 14th Ward.

It has become inconvenient and expensive to the Corporation to have all accused persons brought to the present Police and Bridewell and the inconvenience and expense will be increasing as the City extends; and the more seperate confinement of persons committed is loudly called for—No situation is so proper or convenient for a Police as in or adjacent to the Bridewell, and if the Special [105] Sessions could there also dispose of the cases of persons charged with minor offences, it would leave comparitively few prisoners to be conveyed to the Court of General Sessions wherever it might be held.

Your Committees offer the following Resolution.

Resolved that the above Committees contract for a site for a Bridewell agreeably to the above Report.

Samuel Stevens
Benjamin M Brown
P. W Engs
David Bryson
John Lozier
Jonathan Seymour
Peter Pinckney.

After considerable discussion A motion was made to lay the same on the Table, which was negatived.

Mr Bryson then moved that at the end of the Resolution proposed by the Committee be added the words "to be submitted to the Board for approval"

The Question was then taken on the Report and Resolution with Mr Brysons amendment and it was carried in the Affirmative—A Division having been called by Alderman Woodruff the Members voted as follows

In the Affirmative Mr Recorder Ald Cebra [106] Mott I Brown Lozier Coe Meserole Dodge Palmer Mr Roosevelt Seymour Mandeville Bryson Arcula[r]ius Strong Seaman Cowan Pinckney 18

In the Negative Ald Stevens Rogers B M Brown Peters Woodruff Mr Wells Jeremiah Lovett Engs 9.

Mr Cowan presented the following Resolution which was adopted.

Resolved that the Mayor be requested to offer on behalf of the Board the use of the Governors Room in the City Hall to Lieutenant Governor Throop on his expected visit to the City in which to receive the calls of his friends.

Alderman Rogers presented a Resolution [107] directing the Committee on Public Offices to submit a plan for Alterations in the Buildings in Chamber Street for the purpose of a Bridewell which was laid on the Table.

A Motion was then made to adjourn—A Division having been called by Alderman Peters the Members voted as follows

In the Affirmative Ald I Brown Coe Meserole Palmer Mr Mandeville Seaman Lovett. 7

In the Negative Mr Recorder Ald Cebra Mott Stevens Rogers Lozier B M Brown Peters Dodge Woodruff Mr Roosevelt Seymour Bryson Arcularius Strong Cowan Wells Jeremiah Pinckney Engs 20. So it passed in the Negative

Which was approved and the Resolution adopted

The subject of the proposed alteration of the Organization of the Common Council was upon Motion of Alderman Peters called up for consideration—The Resolutions adopted at a Meeting of Citizens held on 30th April was read in the words following.

Copy of the Preamble and Resolutions unanimously adopted by the General Meeting of the Citizens of the City of New York, held at Masonic Hall on Thursday the 30th April last (pursuant to public notice duly given in all the daily papers) to take into consideration the propriety of adopting appropriate measures to effect an alteration in the present Charter of the City

" Whereas the present Charter of the City Government was framed at a period when the population did not [134] exceed Eight thousand; when its Commerce trade and wealth were comparatively insignificant, and its Municipal Concerns of small magnitude and great simplicity; And whereas since that time the City has increased in numbers nearly thirty fold and its business and wealth more than One hundred fold, so as not only to equal in these particulars, but to surpass the whole State, as it existed at the time of the adoption of the Constitution of 1777. And whereas as a necessary consequence of these rapid and almost unparalleled changes there has been at least a proportionate increase in the extent importance and Complexity of our public business.

Therefore Resolved as the sense of the Citizens here assembled, that the present organisation of our local government is not adapted to the altered exigencies of the City, but is essentially deficient in those checks & balances and securities against abuses, the necessity and efficacy of which have been declared by our wisest statesmen, and demonstrated not only in the general government, but of every State in the union.

Resolved that the calling of a City Convention is, in the opinion of the Meeting, the proper mode of revising the Charter and discussing the merits of the amendments which may be proposed, and that the measure is imperiously required, to relieve the Citizens from the evils which they have so long submitted to under the [135] present form of our City Government

Resolved that we cordially approve of the Ordinance now before the Hon Common Council making provision for calling a City Convention, and that the Chairman & Secratary prepare in behalf of this Meeting, a Copy of their proceedings, and present the same to his

Honor the Mayor with a respectful request that he will lay them before the Common Council at their next meeting

The Report of the Law Committee on the subject of the Law proposed by them which was laid on the Table were now called up and read as follows

The Law Committee to whom were referred the several resolutions on the subject of calling a City Convention for the purpose of revising and amending the present organization of the City Government.

Report

That they have examined the questions presented by the Resolutions, and they entertain no doubt that it is competent to the Common Council to call the proposed convention with this limitation, which however is equally applicable to every other mode of proceeding, that the amendments which may be agreed upon will [136] before they take effect *will* require to be submitted to and sanctioned by the Legislature of the State. Having come to this conclusion, the Committee, as directed by the Common Council prepared an Ordinance, which they herewith present for the purpose of calling the proposed Convention.

A Law for the calling of a City Convention

Passed 1829

§1. Be it ordained by the Mayor Aldermen and Commonalty of the City of New York in Common Council convened, that it shall and may be lawful and it is hereby recommended to the Inhabitants of this City, on the twentieth day of May next, to elect by Ballot, Three delegates for each Ward, to meet in convention, for the purpose of considering the Charter of the City and the several Laws of the State in relation thereto, and suggesting such alterations therein as they may deem proper.

§2. And be it further ordained, that the same and no other qualifications shall be required of the Voters at the said Election, than are now required in the case of Charter Officers, and that there shall be appointed by the Common Council three Inspectors for each Ward, who or a majority of whom shall [137] designate for their respective Wards, the places of holding the said election; and shall provide a box

to receive the ballots, and shall appoint two Clerks each of whom shall keep a poll list of the Electors and the said Election shall be conducted by the Inspectors thereof with the like powers, and in all respects not herein otherwise provided for, in the like manner, as near as may be as in the case of Charter Officers.

§3. And be it further Ordained that fifteen days at least before the holding of the said Election, it shall be the duty of the Inspectors to certify to the Clerk of the Common Council, the several places designated by them respectively as aforesaid for the holding thereof and it shall be the duty of the Clerk thereupon to give notice thereof, for at least ten days successively, in all the public papers employed by the Corporation.

§4. And be it further ordained that the polls of the said election shall be opened at nine OClock in the forenoon of the Twentieth day of May aforesaid and shall continue open until sunset of the same day, and for the like period on the ensuing day and no longer. And it shall be the duty of the Inspector within Twenty four hours thereafter to canvass and determine for their respective wards, according to the highest number of Votes, the persons chosen as delegates to the said Convention, and the names of the persons voted for as delegates and the number of Votes given for each and [138] the names of the persons chosen shall be immediately certified by the Inspectors respectively who shall also cause the said Certificate to be filed with the Clerk of the Common Council retaining a duplicate thereof in their own possession, and the said Clerk within Ten days after the said Election shall cause a Certificate thereof to be given to each person so found to be elected as a delegate, and shall also report the result of the said election to the Common Council.

§.5. And be it further ordained that the delegates so to be chosen shall meet in Convention on the tenth day of June next at 12 OClock at noon at the City Hall in the room now occupied by the Court of Sessions and it shall be the duty of the Clerk of the Common Council to attend the said Convention on the opening thereof and to Act as the Secratary thereof unless the convention shall other wise direct.

§.6. And be it further ordained that it shall and may be lawful for the said Convention after having agreed upon their proposed amendments to make immediate application to the Legislature for the passage of an Act to sanction and give effect to the same, in such manner as to the said Convention may seem most expedient.

§.7. And be it further ordained, that there shall be allowed to each of the Inspectors of the said Election for his services the sum of Three dollars, to each of the [139] Clerks of the Polls, the sum of Two dollars and to the Clerk of the Common Council so much as may be necessary to pay for the Stationary and other contingent expences of the Convention, and that no other compensation shall be paid, or charge allowed, as against the City Treasury under or in relation to this Ordinance.

Mr Bryson offered an amendment which consisted in striking out the enacting words in the beginning of the Law and inserting "Resolved that it be and is hereby recommended" Ald Stevens presented the following Amendment.

Resolved that this Common Council view with satisfaction the disposition lately shown by the Electors of the City of New York, to remodel the present form of the Municipal Government, And that this Board will with great pleasure receive and consider such alterations and amendments of the Charter of the City as the Association of Electors composed of the Ward Committees to be appointed on this subject may deem advisable to present—And that in case the alterations and Amendments which may be proposed meet the United approbation of said Association of Electors and of this Board, that then this Board will unite with the said Association of Electors in a direct application to the Legislature for the Enactment of a Law embracing the alterations & amendments which may be so agreed upon.

[140] Alderman B. M Brown presented as a Substitute an Ordinance which recommended to the Inhabitants to decide by Ballot the calling of a Convention and that Polls be opened for that purpose in each Ward and if there was a Majority in favor of a Convention then the proceedings to be as prescribed in the Law proposed by the Committee

Alderman Peters also presented the following Resolution.

Resolved that it is hereby recommended to the Inhabitants of this City to assemble in public meetings in their respective Wards on or before the day of next and to appoint delegates from each Ward to meet in convention on the day of next for the purpose of considering the Charter of the City and the several Laws of the State in relation thereto, and suggesting such alterations therein as they may deem proper and to take such measures as may be necessary to have such alteration legally carried into effect.

A considerable discussion then took place when Alderman Palmer moved that the whole subject be referred to a Special Committee Alderman Peters calling a Division the question was taken on Alderman Palmers motion when the Members voted as follows

[141] In the Affirmative Mr Recorder Ald Cebra Mott Stevens I. Brown Lozier B M Brown Dodge Palmer Woodruff Mr Seymour Mandeville Wells Pinckney Cooper 15

In the Negative Ald Rogers Coe Peters Meserole Mr Roosevelt Bryson Arcularius Strong Seaman Cowan Jeremiah Lovett 12

So it was carried in the Affirmative, and the President appointed on that Committee Ald Rogers Mr Recorder Seaman Cowan & Ald Dodge

On Motion the Report of the Street Committee relative to the appointment of a Clerk in the Street Commissioners Office which was laid [142] on the Table the 6th April was now called up and read as follows

The Street Committee to whom was referred the annexed Resolution to enquire and Report on the expediency of appointing a Clerk in the Street Commissioners Office, Have enquired of the Street Commissioner and Assistant Street Commissioner concerning this matter who informed your Committee that the business had encreased so much, that it will be absolutely necessary to have a competent person appointed to that Office.

Therefore Resolved that a proper person be appointed as Clerk in the Street Commissioners Office at a Salary not exceeding Five hundred dollars per Annum.

Resolved that Jacob Lozier who has been some time in the Office and is highly recommended by the Street Commissioner & Assistant be and he is hereby appointed Clerk in the Street Commissioners Office

John Lozier
William S Coe
Jeremiah Dodge

Whereupon the Report was approved and the Resolution adopted and Jacob Lozier was accordingly appointed—And it was Resolved that the Salary be fixed at $500 dollars per Annum.

[143] On Motion the Report of the Ferry Committee on the subject of the Williamsburgh Ferry which was laid on the Table on the 6th April last was called up and read in the words following

The Committee on Ferries to whom was referred the several Petitions in relation to the Williamsburgh Ferry respectfully

Report.

That the Williamsburgh Ferry Company, by the terms of their present Lease, have the exclusive privilege of the said Ferry for Thirteen years from the first of May next; at the annual rent, for the first six years thereof, Of one hundred and fifty dollars, and for the remaining Seven years, of Two hundred and fifty Dollars; and that the said Company now own two Steam Boats, which are used for the purposes of the said Ferry. That the want of a Third Boat has been much complained of by the public, for whose accommodation the said Ferry is conducted, and the Company admit such want, but represent that they cannot afford the expense of another Boat, unless the term for which they are to enjoy the privilege of the said Ferry should be extended.

The Committee having obtained all the information in their power on this subject, and having given the same full consideration, feel satisfied that public convenience requires that [144] two Boats should be kept constantly running at the said Ferry, which cannot, in their opinion be effected unless three Boats should be owned by the Company, which would enable them at all times to supply the place of any Boat rendered unfit for use by accident, or the want of repairs.

The Committee have reason also to believe that the income yielded by the said Ferry under present circumstances would not be a sufficient inducement to the Lessees to incur the cost of another Boat, without the prospect of indemnity which an extension of their privileges might hold out to them; and as public convenience is the primary object to be considered in matters of this nature, the Committee are of opinion that it would be expedient, with a view to that object, to extend the said Lease for an additional Term of Seven years at the annual Rent of Five hundred Dollars. It being a condition that the present Lessees shall procure a Third Steam Boat for the said Ferry without delay and that they shall at all times until the termination of the Lease so extended own three good and sufficient Boats, and keep two constantly running at the said Ferry.

The Committee are of opinon however that the extension of the Lease now recommended [145] by them should be confined to the landing at the foot of Grand Street only, and that the Corporation should on their part stipulate, that during such extended term, no privilege for any other Ferry between Grand street and the present Walnut street Ferry shall be granted to any other persons

The Committee therefore offer the following Resolution.

Resolved, That the Counsel to the Board prepare a Lease to the said Williamsburgh Ferry Company, for the said extended term of Seven years in conformity with the foregoing Report

John Yates Cebra
William W Mott
Jeremiah Dodge

The Question being put on agreeing to the Report and Resolution— Mr Recorder presented an Amendment to be added to the Resolution which was in the following words " Provided a Clause be inserted in the Lease authorising the Corporation to direct that one of the Boats be run to and from the foot of North Street". The Question was then taken on agreeing to the Report and the Resolution together with the amendment proposed by the Recorder, and a Division having been called by Alderman Stevens the Members voted as follows.

[146] In the Affirmative Mr Recorder Ald Cebra Mott I Brown Rogers Lozier Coe Meserole Dodge Palmer Mr Roosevelt Seymour Mandeville Arcularius Strong Seaman Cowan Cooper 18

In the Negative Ald Stevens B M Brown Peters Woodruff Mr Bryson Wells Jeremiah Pinckney Lovett 9.

So it was carried in the Affirmative Alderman Peters gave notice of reconsideration at the next Meeting of the Board.

On Motion the Report of the Ferry Committee on the subject of the Hell Gate Ferry which was laid on the Table on the 6th of April last was called up and read in the words following

[147] The Ferry Committee to whom the Petition of Henry F Blackwell relating to Hurl gate Ferry was referred Report

That the Ferry in question though not extensively used, is yet a very great convenience to the inhabitants of the Twelfth Ward wishing to cross to Long Island, and for the Long Islanders wishing to cross to the upper part of this Island, or to West Chester, and there are considerable quantities of Hay and Marketing brought across this Ferry.

The Wharf on the Long Island side has been carried away by the ice, and a floating bridge is required on this side for the accommodation of the new Horse Ferry boat which the Lessees have built—A House is also required to be built on this side in the place of the one to be torn down by the opening of 86th Street. The Lessees ask the Corporation to erect the necessary wharves on Long Island and this

side—Your Committee are unwilling to lay out much money on these premises and yet they admit that something ought to be done.

By the opening of 86th Street not only the House but most of the Corporation Land has been taken as part of the Street leaving a front on 86th Street of about 75 feet by about 12 or 15 feet deep.

As this one day or other will be an important Ferry, Your Committee recommend the [148] purchase of as much ground in the rear of these premises as will make the Corporation Lots 100 feet deep. And that the Lessees be authorised to erect a House on the same to be valued and paid for by the Corporation at the Expiration of the Lease provided however that this House shall in no case be valued over $2000, And the Lessees to be charged with the worth of the present materials of the Old House, to be removed—That the Street Commissioner cause the Hill at 86th Street to be dug down and the road made to the Third Avenue for the accommodation of this Ferry.

The rent for the last Seven years of their Lease is not fixed and your Committee recommend that the Lessees have it at $100 per year, and that they be permitted to lay out their rent (which will amount to $700,) in erecting wharves and bridges. And that the Ferry Committee be authorized to lay out an additional sum, on Account of the Corporation for permanent Wharf improvements not exceeding $1500, they the lessees paying 6 per Cent per Annum for the same—The above to be on the express condition that the improvements in the Wharves floats and bridges shall enure to the Corporation at the expiration of the Lease whatever they may cost the Lessees beyond these amounts

[149] Your Committee offer the following Resolution

Resolved that the above Report be adopted and that the Ferry Committee carry it into effect

John Yates Cebra
Jeremiah Dodge
William W Mott

Whereupon the Report was approved and the Resolution adopted.

The Board then adjourned to Monday next the regular Meeting at 5 OClock P M

[160] The Counsel of the Board presented the following Report Resolution and Ordinance

The undersigned in pursuance of a Resolution passed at the last Meeting of the Board begs leave to report the enclosed Ordinance and Resolution to carry into effect the Act of the Legislature, for the further support and extension of Common Schools in this City

R Emmet

Which was approved and the Ordinance passed under the Title of a "Law regulating the distribution of the Monies to be raised by Tax for the support and extension of Common Schools in the City of New York"

The Resolution was as follows

Resolved that there be added to the Tax to be collected from the Inhabitants of the City & County of New York for the present year, a sum of money equal to one Eightieth of one per Cent of the value of the real and personal property in the said City or liable to be assessed therein to be applied exclusively to the purposes of Common Schools in the said City pursuant to an Act of the Legislature entitled "an

Act for the further support and extension of Common Schools in the City of New York," passed April 25. 1829*

The Street Commissioner presented an Assessment for regulating 3d Street from Lewis [161] street to Goerck Street which was confirmed and Thomas Cottrell appointed Collector.

The Street Commissioner presented a Return of Delinquents on the Assessment for paving Mangin street from Broome to Delancy street—Whereupon a Warrant was ordered to issue to Jameson Cox the Collector thereof. Also on the Assessment for paving the 3d Avenue from 6th to 13th Street—Whereupon a Warrant was ordered to issue to Jameson Cox the Collector thereof.

The Street Commissioner presented a Report on subject of Resolution to place a Cross walk in Water Street between the Old and Coenties Slip which was read and laid on the Table.

The Street Commissioner presented the following Report on the Resolution for widening and repaving the Side walks of North Moore street accompanied with an Ordinance.

The Street Commissioner to whom was referred the Resolution passed in Common Council the 11th Inst by which he is directed to take the necessary measures for having the Side walks of North Moore Street widened and relaid between Hudson and Greenwich Streets Respectfully Reports

[162] That in order to carry the object of the Resolution into effect it will be necessary to proceed under an Ordinance of the Common Council—The Street Commissioner has prepared and herewith submits the draft of an Ordinance Accordingly.

Respectfully submitted

The Finance Committee to whom was referred the application of the Trustees of the City Dispensary for the Annual appropriation of Six hundred Dollars Respectfully Report

That the sum now applied for by the said Trustees is the usual annual appropriation [164] made in favor of the City Dispensary as a compensation for extending the benefit of vaccination among the poor and that it appears that Nine hundred and twenty nine individuals have during the year ending on the 20th of April last been vaccinated by the Physicians and Apothecary of that Institution.

The Committee are of opinion therefore that the same should be paid and they offer the following Resolution.

Resolved that the Comptroller Report a Warrant at the next Meeting of the Board in favor of the Trustees of the City Dispensary for the sum of Six hundred Dollars.

The Law Committee to whom was referred the Resolution with power on the subject of the Office of Public Administrator presented the following Report.

The Law Committee to whom was referred with power the annexed Resolution on the subject of the Office of Public Administrator in [165] this City Report

That the Law of the State as it existed at the time of the adoption of the Resolution in relation to the Office in question, was universally admitted to be very defective—It allowed the receipt of funds by the Public Administrator to an indefinite amount without any adequate security, and without any provision for a prompt accountability, while at the same time it made the City treasury responsible for their due appropriation. On examining the revised Statutes it appeared that these defects, had to a considerable extent been, remedied, by the Revisors, Inasmuch, however, as the Treasury of the City was still held liable for the Acts of this Officer, the Committee deemed it reasonable that the Common Council of the City should be vested with a more ample control over him than was provided for even by the revised Statutes, they accordingly prepared a Law and procured the passage thereof by the Legislature, adapted, as they believe, to carry into effect the views they have mentioned—A certified Copy of the Act is annexed to their Report—As the subject is intimately connected with the Finances of the City the Committee recommend the adoption of the following Resolution.

Resolved that the Comptroller prepare and submit to the Common Council at its next [166] meeting a set of such rules and regulations for the Government of the Public Administrator as may appear to be necessary and proper to carry into effect the provisions in the above mentioned Act referred to

The Watch Committee to whom was referred the Resolution presented by Mr Pinckney on the 20th April directing an Enquiry " whether any additional Watch Posts are necessary to be established in the City Watch "

Respectfully Report

That the increase of the City generally has extended the Posts in all the Districts, that in the 2d the Water line now extended to 13th Street leaves many of the Posts in that vicinity too much exposed, the consequence is, numerous depredations on the Persons and property of the Inhabitants—The Markets have been Robbed repeatedly, and many petty thefts have [168] been committed on Board of Vessels at the Wharves in the Lumber and Ship Yards &c &c and even the Bell Rope in one of the Markets has been adroitly transferred to some purchaser of Old Junk—In order to remedy these growing evils the Committee recommend that, two additional Posts be established in the 2d District and that such an arrangement shall be made of the Posts generally, as will best Insure the persons and property of the Inhabitants in that Neighbourhood—The Committee Accordingly offer the following Resolution.

Resolved that two additional Watchmen be placed on the 2d District Watch.

The Committee on cleaning Streets to whom was referred the Petition of N Lozier to be [169] remunerated for injury sustained by his Horse being damaged by a Corporation Dirt Cart presented the following Report.

The Committee to regulate the cleaning of Streets, to whom the annexed Petition was referred

Respectfully Report

That the statement set forth in the Petition is true, that no charge of Ill conduct, or carelessness is made against the Driver of the Corporation Cart, that the consequences of the Accident were, a slight personal injury to the Owner, and a serious injury to his Horse that John M Bloodgood Superintendant of Streets who was on the spot at the time Ordered the Horse to be put under the care of a professional man for cure, that the Horse remained with Doctor Budd for a week, when, he was pronounced by him to be sound, And that the Doctors charge was Ten Dollars.—Under all the circumstances of the case the Committee recommend the following Resolution.

Resolved that the Comptroller be directed to issue his Warrant in favour of John M Bloodgood for Twenty Dollars Ten of which shall be paid to N Lozier as a compensation for the loss of the services of his Horse and Ten to Doctor Budd being the Amount of his Bill

The Special Committee on the Circular from a Committee of Augusta in relation to the late Conflagration at that place presented the following Report

The Special Committee on the Circular [182] from a Committee of Augusta in relation to the late Conflagration of that place Respectfully

Report

The Communication from Augusta is evidently intended as an application to this City for pecuniary Aid, and your Committee are of opinion that the annals of this Country present but few instances of parallel waste and impoverishment by the devouring element, or claimed more forcibly the Commisseration and contributions of their fellow Citizens but however we may sympathize and contribute as individuals, Your Committee are of the opinion that any Donation from the Public Treasury to any person or for any object or purpose beyond the Limits of the City would transcend the ligitimate powers of the Common Council.

Your Committee feel themselves sustained in this conclusion as well by a critical examination of the Charter as by former Reports and former acts of the Common Council in similar cases, but as the applicants in this case and as our Citizens generally may not be aware of the limited powers of the Common Council in this Respect,—Your Committee recommend the publication of this Report with the Augusta Circular in all the Newspapers employed by the Common Council and propose the following Resolution as expressing their views.

The Special Committee to whom was referred the Report of the Law Committee with sundry propositions in relation to the amendment of the Charter of the City presented the following Report [184] the same having been read by Sections and the Blanks therein filled, was

adopted in the words following and was directed to be published in the Papers employed by the Board.

The Special Committee to whom was referred the Report of the Law Committee with sundry propositions in relation to amending the Charter of our City Government

Report

That they have given the subject that consideration which its importance demands and believeing as they do, that the Ordinance or recommendation proposed by the Law Committee was intended to bring about an object of great public interest to wit, a re-organization of our City Government, and the Committee being unanimously of opinion that the welfare and prosperity of the City is deeply connected with a prudent re-organization of the Common Council, have thought it their duty to submit to the Board some plan for ascertaining the wishes of the Citizens in which all the Members of the Board might unite. The point then to be determined is, in what manner shall the subject be presented to the Electors of the City?

The Committee under existing circumstances deem it most advisable to dispose of the matter by referring it to the Citizens to meet in their respective [185] Wards on an evening to be fixed by the Common Council at the places herein after designated, and there to choose by ballot Five delegates from each Ward to meet in convention for the purpose of suggesting to the Common Council such amendments to and alterations in the present Charter as may be agreed upon to be considered of by the Board, that if approved of they may unite with said Convention in an application to the Legislature for the passage of a Law adopting the same. Your Committee therefore offer the following Resolutions Viz[t]

Resolved as the sense of this Common Council, that the present Organization of our City Government, is not adapted to the extent importance and Complexity of our public business, but is deficient in not providing proper securities against improvident expenditure and hasty Legislation.

Resolved that the present form of our City Government ought to be remodelled, and that it is hereby recommended to the Electors of the City and County of New York to meet in their respective Wards at the places herein after mentioned on the evening of the 2[d] Tuesday of June next at Eight OClock and then and there to choose by Ballot Five delegates from each Ward to meet in Convention at the Sessions Room on the fourth Tuesday of June thereafter at 10 OClock of that

day for the purpose of suggesting to the [186] Board such alterations in the Organization of our City Government as they may deem advisable

Resolved that in case the amendments and alterations which may be proposed by said Convention, meet the approval of this Board, that they will then unite with the said Convention in an application to the Legislature praying the passage of a Law adopting and sanctioning the said amendments.

Resolved that the Citizens be requested to meet in their respective Wards for the purpose aforesaid as follows Viz[t]

Which were passed.

The City Inspector also presented An Ordinance to fill in a sunken Lot on Sixth street near Avenue D—Which was passed.

A Report was received from M Ulshoeffer late Counsel of the Board stating that the Supreme Court had confirmed the Report of the Commissioners of Estimate and Assessment on the opening of 14th Street—on opening 7th Avenue and also of continuing Lewis street, and continuing Exchange Place which was read and referred to the Street Committee.

[204] The Comptroller to whom was referred the subject of drafting Rules and Regulations for the Public Administrator presented a Report which was read and referred to the Law & Finance Committees.

The Street Commissioner presented a Return of Delinquents on the Assessment for regulating and paving the Bowery from Great Jones to 13th Street and a Warrant was directed to issue to John Hanmer the Collector thereof.

The Street Commissioner presented the Return of Delinquents on the Assessment for paving 7th Street from the Bowery to the 3d Avenue and for regulating 21st Street from the 3d to the 5th Avenue and Warrants [were] directed to issue to Thomas Cottrell the Collector thereof.

The Street Commissioner presented the following Assessments which were confirmed and Collectors appointed thereto Vizt

For a Well and Pump in Sixth street near the 5th Avenue and Thomas Cottrell appointed Collector.

For regulating and paving Orange [205] street from Prince Street to its Northerly termination and Thomas Cottrell appointed Collector.

For pitching and regulating Twelfth street between Broadway and Greenwich Lane and John Hanmer appointed Collector.

The Committee on Lands & Places to whom was referred the subject of the boundary Line between Mr William Wrights property and that of the Corporation at Bloomingdale presented the following Report.

The Committee on Lands and Places to whom was referred with power the annexed application of William Wright to have the true boundary Line between his and the Corporation property on Bloomingdale road ascertained and established.

Report

That the subject has been investigated and Mr Wright is now satisfied that the fence on the side of his Land as it has stood is upon the true division line—It appears however that the Corporation have enclosed in the new burying Ground a small gore which belongs to Mr Wright.

The Division line between the Corporation Lands and Mr Wrights crossess the 6th Avenue, and 43d Street as laid out by the Commissioners. of [206] Streets and Roads, in an angular direction leaving to Mr Wright when these Streets shall be opened a gore of Land on the 6th Avenue and one on 43d Street in front of the Corporation property and leaving the Corporation a Gore on the corner of 6th Avenue and 43 Street in front of Mr Wrights. It is proposed to run a line through the centre of the 6th Avenue and 43 Street as laid out and the parties to exchange, the above gores of Land, with the understanding that both are to set back to the line of the Streets whenever it shall be determined to open them.

The proposed exchange will given Mr Wright an excess of about one fifth of an Acre, for which he offers to pay 200 Dollars and the expense of investigating the Title and making the necessary conveyances.

Your Committee think the arrangement a desirable one, and a fair equivalent is offered for the overplus land, and submit the following Resolution.

Resolved That it be referred to the Committee of Lands and places with power to carry into effect the above arrangement

The Committee on Wharves Piers and Slips to whom was referred the Petition for a Pier at the foot of King street in the Hudson River presented the following Report.

The Committee on Wharves Piers and Slips to whom was referred the annexed Petition for having a Pier or Wharf built at the foot of [208] King street into the Hudson River, Respectfully

Report

That in the opinion of your Committee the growing population and increase of business in that section of the City require some better

accommodation for the many Vessels frequenting that place, that the present Pier at Charlton street is altogether insufficient, they would therefore recommend the adoption of the following Resolutions.

Resolved that a Wharf or Pier be built at the foot of King Street and upon the proprietor of the Block of ground Northerly and adjoining [thereto] being first required *thereto* unite with this Corporation in the construction and in defraying the expence thereof

Resolved that such Pier be extended Two hundred & fifty feet into the Hudson river with a T at the end thereof.

The Police Committee to whom was referred the Remonstrance against the stand of the Greenwich Stages presented the following Report

The Police Committee to whom was referred the Petition of C N Kiersted and others complaining of the location of the Greenwich Stages at the head of Broad Street.

Report

That it appears to be necessary that these Stages should be permitted to stop to take up passengers some where in the first Ward, and the Board have left their location to the Mayor and the Alderman and Assistant of the Ward.

Your Committee admit that it is an injury to any property where they are located, but as they must be accommodated somewhere—perhaps it would be most just to locate them in two or more places—But as the subject is properly under the jurisdiction of others, Your Committee offer the following Resolution

Resolved that the accompanying Petition of the Inhabitants of

Broad Street to remove the Greenwich Stages be referred to the Mayor and the Alderman and Assistant of the first Ward

The Committee on the Fire Department to whom was referred the subject of supplying Water for the extinguishing of Fires presented the following Report.

The Committee on the Fire Department to whom the subject of the Fire Water Works was referred Respectfully Report.

That some of the Lots lying on 13th Street, lately purchased by the Board of Mr Coddington are of unequal depth, the rear line running to an Angle on 13th Street.—Your [219] Committee have considered it desirable to straighten the rear line of these Lots by making them 103 feet 3 inches deep and have concluded a Bargain with Mr P. G. Stuyvesant the proprietor for the requisite ground at the price of $2000, subject to the approval of the Board.—This will furnish a location for the Reservoir fronting on 13th Street without disturbing the valuable fronts on the Bowery and also leaving some Lots on 13th Street to be hereafter disposed of, unless the works should be larger than now contemplated.

Your Committee offer the following Resolution.

Resolved that the Board approve of the above bargain made by their Committee with Mr Stuyvesant and that the Comptroller Report a Warrant for the $2000, in favor of Mr P. G. Stuyvesant and payable to him on the delivery of such Deed for the premises as may be approved of by the Counsel of the Board.

[220] The Committee on Assessments to whom was referred the Petition of Leonard Kip to have the interest on a certain Assessment remitted presented the following Report against the same

The Committee on Assessments to whom was referred the Petition of Leonard Kip praying to have the interest on a certain assessment remitted

Respectfully Report

That the following State of facts are presented by this Petition viz[t]

Mr Kip is executor of Henry Roome deceased a part of whose real Estate has been taken to open Lafayette Place—The Commissioners awarded $1630, as damage for the part so taken, and assessed the benefit to the remainder at $864. The damage was awarded to unknown owners, and was accordingly paid into the Supreme Court

and invested in Stock, and the benefit was assessed against Mr Kip as Agent or representative of the Estate. Mr Kip applied to the Supreme Court for the money so paid in and has obtained the same with a deduction of $168,60 for costs of his application and a loss incurred on the Sale of the Stock, in which the money had been invested. He then offered to pay the Assessment of $864, but the Collector refused to receive the same without the interest which had accrued thereon amounting to $42.74 And Mr Kip now applies to have such interest [221] remitted stating that there has been no unnecessary delay on his part, and that he had no funds of the Estate which he represents in this Matter, in his hands to pay the said Assessment until he received the Monies from the Supreme Court. It has also been represented to the Committee that on a former Occasion part of the same property was taken for opening another Street and that the Commissioners in that case awarded to Mr Kip, as well as assessed the benefit on him.

Upon the foregoing statement of facts the Committee are of opinion, that whatever apparent hardship there may be in the case which it presents, this Board have no power to grant any relief, and that a compliance with the prayer of the Petition would be an unauthorised interference with the due course of the Law of the State on this subject.

By the express terms of the Act of the Legislature under which these proceedings are conducted every such Assessment is payable with lawful interest thereon from and after the expiration of Thirty days from the time of the confirmation of the Report of the Commissioners by the Court; and it is made the duty of the Mayor Aldermen and Commonalty to Collect and levy the same if not paid either by distress and sale or by suit—The Committee consider the Corporation in this respect as vested with no discretion, but bound to carry the law (so far as [222] they are made the instruments for that purpose) strictly into force

They beg leave to offer the following Resolution

Resolved that this Board is not authorised by Law to grant the prayer of Mr Kips petition.

The Report of the Road Committee in relation to working the 8th Avenue which was laid on the Table on the 6th April last was now called up and read as follows.

The Road Committee respectfully Report. That the Eighth Avenue was opened about the year 1811 from Greenwich Village to McCoombs Bridge, the cost of the land taken, the Assessments fencing &c have been considerable to the proprietors along the line, and a large sum was disbursed from the Public Treasury in working the Road from Greenwich upwards and from McCoombs bridge downwards, soon after the Road was opened, but from some cause not definitely understood [227] by this Committee, the work was suspended for a number of years leaving a middle section of nearly three miles utterly impassible and thereby rendering the finished Sections but partially useful—About three years ago the Freeholders and other Inhabitants on the line of the Road Memorialized the Common Council representing the condition of the Road as a greiveance, embarrassing to the occupancy disposition and management of their Estates, and praying that the same be finished or closed up, and the Common Council very wisely in the opinion of this Committee recommenced the work by the labour of the Penitentiary Convicts making some annual appropriations for the payment of overseers, and the necessary incidental expences. In this way at a trifling expence to the public Treasury, in all three years, about two miles of passably good Road has been made through the most uneven and most rocky portion of the Island. There still remains unworked about three fourths of a mile, from Apthorps lane to the foot of Clindennings Hill. Your Committee believing the Common Council would not fail to finish this small remaining Section this Season, have consulted with the Keeper of the Penitentiary in relation to the employment of the convicts, and finding the removal to Blackwells Island will bring into [228] more profitable requisition the labour of all the Convicts, and considering moreover the Section of Road in question too distant for the daily labour of the Convicts; Your Committee beg leave to recommend the adoption of the following Resolution

Resolved that the Street Commissioner complete the working the

Eighth Avenue by Contract at an expence not exceeding Five thousand Dollars

The Ferry Committee presented the following Report relative to employing Convicts to assist in cutting down the Hill at 86th Street connected with the Hell Gate Ferry presented the following Report

The Ferry Committee, respectfully Report to the Board that in the prosecution of the work contemplated to be done, in cutting down the Hill at 86 Street connected with Hell Gate Ferry. It becomes necessary to employ Twenty or Twenty five of the Convicts from Blackwells Island

In the performance of their duty they made a requisition on the Commissioners of the Alms House for said Men, with which said Commissioners will forthwith comply provided three additional Keepers are appointed to take charge of said men while so employed.

By a Communication herewith from the Commissioners, It will be seen that the number appointed by a Law of this Board is restricted to Ten, and they cannot be spared from the works on the Island

The[y] respectfully offer the following Resolution.

[265] Resolved that the Commissioners of the Alms House be hereby authorised to appoint three additional Keepers for the Special purpose as above stated and that the Implements &c &c now used by said convicts for Quarrying &c on Blackwells Island be used for the purpose of cutting down the Hill connected with the Hell Gate Ferry at 86 Street

The Committee on Wharves Piers & Slips to whom was referred the Petitions of a number of Owners of property in the 5th Ward to have Piers or Wharves built at the foot of Harrison Provoost and North Moore street presented a Report which was read laid on the Table and directed to be printed for the use of the Members— Alderman Rogers then gave Notice that he would call for the consideration of said Report at the next Meeting of the Board.

The Committee on Wharves Piers & Slips to whom was referred the Petition of the owners of property near Delancy Slip for a Pier or Wharf at the Southerly side of said Slip presented the following Report [266] in favor of the same.

The Committee on Wharves Piers & Slips to whom was referred the Petition of the owners of property near Delancy Slip requesting that a Wharf or Pier, may be directed to be built on the Southerly side of that Slip Respectfully Report.

That your Committee have examined the premises, and are of the opinion that accommodations for Vessels at that place are much wanted —That there is not sufficient Room for them at the Bulkhead, and besides being very unsafe even there, as from the large expanse of Water without the protection of a Single Pier endangers them, particularly at times when Easterly winds prevail.

The expence of building such Pier is estimated at $4.800, one third of which to be borne by this Corporation viz^{t} $1600, being in the opinion of your Committee a small sum when compared with the advantages the public would derive by the improvement to that Section of the City

From the forgoing Considerations they recommend the adoption of the following Resolution.

Resolved that the Corporation of this City unite with the proprietors of Lots on the Southerly side of Delancy Slip in building a Wharf or Pier of One hundred and ninety feet in length from the Bulk head at the Southerly side of Tompkins [267] Street

Which was approved and the Resolution adopted.

[269] On Motion the Report of the Committee on Wharves Piers & Slips & Market Committee on Petition of Samuel Judd and others for widening South street and removing the Fish Market made on 1st June was called up and read as follows

The Committee on Wharves Piers and Slips and Markets to whom was referred the annexed Petition of Samuel Judd, and others to have South street widened & improved by sinking a Bulkhead on the south-

erly line of that Street across Catharine Slip and removing the Fish Market without the line of South Street Respectfully Report.

That in consequence of the great thoroughfare through and along South street at that place, The Fish Market and Ferry Houses and fixtures occupying about the one half of the Street, great inconvenience is experienced in approaching the Ferry and of a free passage along the Street; in order to remedy the evil complained of, Your Committee would suggest the propriety of adopting the following method Viz[t] To sink & build a Bulkhead on the Southerly line of South street and fill up the same, to remove the Fish Market from off the Street and placing over the Slip, And as that by filling up part of the Slip the remainder would be too contracted for the purposes to which it is appropriated it will be necessary to extend the Piers, on either [270] side of the Slip by adding a Block and a Bridge to each; And as the proprietors of Water Lots on the Easterly side of the Slip would be Assessed with two thirds of the Expence of extending the Easterly Pier, the whole expence to the Corporation is estimated not to exceed $12.000.

Your Committee are of the opinion that the proposed improvement of South street at Catharine Slip is necessary and proper, And accordingly recommend the adoption of the following Resolutions.

Resolved that a Bulkhead be built across Catharine Slip on the Southerly line of South Street and that the Street be filled up and regulated to the Same.

Resolved that the Piers on the East and West sides of Catharine Slip be extended by adding a Block and a Bridge to each of the usual dimensions.

[271] On Motion the Report of the Street Committee on the subject of widening & improving William street between Maiden Lane and Pine street which was laid on the Table on the 1[st] June last was called up and read in the words following.

The Street Committee, to whom was referred the Petition for and remonstrance against the widening and improving William street between Maiden Lane and Pine street Respectfully Report

That your Committee have viewed the premises and are of the opinion that the contemplated improvement of that street is very desirable and would add much to the public convenience and the interest of individuals owning property on that Street—The opening of Cedar street has removed the only building of much value that would be affected by it—The tenements are very old and some of them ready to fall from decay. Owing to the extreme narrowness of that part of William street, it is often with much difficulty that Citizens can pass without being Jostled from the side walks, and besides, the line of the present buildings being so irregular as almost wholly to obstruct the view between John and Pine Streets.

The line of improvement as contemplated by your Committee, and as asked for by the Petitioners is shown on a diagram or Map herewith presented—for the foregoing consideration the following Resolutions [272] are Submitted

Resolved that William Street be widened and improved by a Line commencing on the North Easterly side of Pine street at a point five feet Easterly from the corner of William street and running thence Northerly on a straight line to the North Easterly corner of Maiden Lane and William Street.

Resolved that the Counsel to this Board adopt the necessary measures for having the foregoing resolution carried into effect.

On Motion the Report of the Police Committee on the subject of Inspection of Pine Wood for Steam Boats &c which was laid on the Table on the 1^st^ June last was called up and read in the words following to wit

The Police Committee to whom [273] was referred the Resolution

of Assistant Alderman Mandeville in relation to Inspecting Pine wood consumed by Steam Boats

Report

That they have had before them the Inspectors and also the Captains of some of the Wood Boats; And your Committee are of opinion that when Wood is thrown immediately on Board of Steam Boats for consumption, or where it is never Carted off the Wharf. And where neither buyer or seller wish it inspected, that then the parties ought not to be subjected to the payment of Inspection fees for in reality the Inspection is, or can be but seldom made—They offer the following Resolution

Resolved that the Wood Inspectors are not required to Inspect wood put immediately from Wood Vessels on board of Steam Boats nor such wood as is not carted from the Wharf, unless they are requested to Inspect the same by either the buyer or Seller

Mr Roosevelt moved that the Report of the Ferry Committee on the Petition for a new South Ferry which was laid on the Table on the 20th April last be called up—The Question was then taken on agreeing to Mr Roosevelts motion and it passed in the Negative.

On Motion it was made the order of the day at the next Meeting of the Board.

On Motion the Report of the Committees on Streets and Roads relative to working 79th Street from 3d Avenue to East River which was laid on the Table on the 6th April last was called up and read in the words following

The Committees on Streets and Roads to whom was Jointly referred the Annexed Petition of a respectable number of the Inhabitants of the 12th Ward praying that Seventy ninth street may be made passable between the 3d Avenue and the East River respectfully Report

That in the opinion of Your Committee the working of 79th Street is much required as it would add much to the convenience of the inhabitants in that Section of the City by affording them facilities in

procuring Materials for building fuel and [275] other necessary Articles for domestic use, there being at the foot of that Street the only convenient Wharf in that vicinity it being built of Stone, and of Course permanent will require but little Repairs.

The Expence for working the Road is estimated not to exceed $800, including the repairs of the Dock, and in the opinion of your Committee the request of the Petitioners ought to be granted, and accordingly recommend the adoption of the following Resolution.

Resolved that Seventy ninth street be worked into a convenient Road between the Third Avenue and the East River.

On Motion the Report of the Committee on Public Offices relative to the Inspection of Quick Lime which was laid on the Table for consideration [276] on the 1st of June was called up and read in the words following

The Committee on Public Offices to whom was referred the several Petitions and Memorials on the subject of the Law regulating the inspection of Quick or unslacked lime

Respectfully Report.

That the views and wishes of the several parties interested in this subject are so different, that in the opinion of the Committee, no law could be framed which would be satisfactory to all. On the one hand, the existing Ordinance is represented to be useless and oppressive so far as it respects unslacked Lime imported from Rhode Island, because such Lime undergoes a sufficient inspection in that State, others again object to this Law, because it deprives them of the privilege of relying upon their own judgments as to the quality of the Article, and taxes them with the expence of an inspection, to which they attach no value.

On the other hand strong remonstrances have been offered against any change in the Law, whereby the necessity of Inspection should be dispensed with in any case. The Committee after exam[in]ing the

Law of Rhode Island relative to the Inspection of this Article (an exemplified Copy of which they procured for that purpose,) and bestowing upon the subject much reflection have considered, that those who seek to abolish all [277] Inspection of this Article, are persons, who from having dealt, largely in it as purchasers and consumers, feel themselves as competent to judge of its quality as any Inspector can be; And that the remonstrances against dispensing with an Inspection in every instance proceed from the natural Alarm which the Inspectors feel at the danger of having their business diminished

They consider also that there are other persons interested in this subject besides the Inspectors and that class of purchasers who may be skilled in the Article—Many persons have occasion to buy unslacked lime, in small quantities, of a few casks at a time, who are ignorant of its quality and have nothing to depend upon for their protection against imposition except the judgment of the Inspector. Under all these circumstances, the Committee have arrived at the conclusion that it should be left optional with the purchaser in all cases, whether there shall be an Inspection or not, While exam[in]ing this subject, the Committee have discussed the propriety of establishing an Assize for the Casks in which unslacked Lime should be sold in this City, but owing to the difference in the sizes of the Casks in which this Article is brought from different places, they have deemed it imp[r]acticable (without great and unnecessary inconvenience) to establish any fixed standard. They think it would be a useful regulation however to have the quantity [278] which a Cask is capable of containing marked on it whenever it may be Inspected—The Committee have prepared the annexed Ordinance containing the foregoing provisions and others which have been suggested to them by their investigation of this matter, and they are of opinion that by adopting the same the views of all parties interested may be in some degree reconciled and this subject placed upon a better footing than it has hitherto been—They therefore respectfully recommend the passage of the annexed Ordinance.

[305] The Finance Committee on the Petition of John and Thomas Morrell respecting Lots at Williamsburgh which *which* had been referred back to them presented a Report—The former Report was as follows

The Finance Committee to whom was referred the Petition of John Morrell and Thomas Morrell, praying an extension of the Lease held by them from the Corporation for two Lots of ground at Williamsburgh respectfully Report

That the Petitioners have represented in their Petition that there was a mistake in the location of the Lots intended to be Leased, owing to which, part of their buildings were erected on the property of other persons, and that they will be compelled to purchase such property or remove their buildings therefrom; the Committee have investigated the documents, on file, in relation to this Lease, and find. First, that on the 3d August 1805, Thomas Morrell, the father of the petitioners, conveyed in fee to the Corporation two Lots of Ground lying at what was called Morrells point in Bushwick, being now called Williamsburgh, one Lot being on the Northerly and the other on the Southerly side of a main street or road then to be made (and which has since been made and is called Grand street) each Lot extending One hundred feet along the line of the said Street and running back Twenty five feet.

[306] Secondly. That on the first of December 1818, the Corporation leased to the said Thomas Morrell two Lots at Williamsburgh, one lying on each side of Green street and each containing Twenty five feet front on the Street and running back One hundred feet deep for 16 years and 5 Months at the rate of Seventy dollars per Annum, which lease will expire on the first day of May 1835. And Thirdly, that on the 8th January 1821, the said Lease was transferred (with the consent of the Corporation) by the said Thomas Morrell to his Sons, the Petitioners who now hold the same, being the Lease mentioned and referred to in their petition. The Committee would observe that the

only difference between the location of the Lots mentioned in the deed and those mentioned in the Lease, appears to be that the first are 100 feet front on the Street and twenty five feet deep, and the Latter Twenty five [feet] front on the Street and 100 feet deep; and it is alledged that the mistake occurred in making this difference in the position of the Lots. The Committee have no reason to doubt the fact that such mistake exists and that the inconvenience and difficulty stated by the Petitioners has resulted from it; and they consider it reasonable that the said mistake should be rectified and the Lease extended for a certain period as an indemnity to the Petitioners for any injury or loss they may [307] sustain. The Committee think however that Twenty one years is too long a Period, and that the rent should be increased during such time as the extension may be given for, and they have come to the conclusion to recommend that the said Lease be extended for the term of fourteen years at the rent of $100 per Annum, for the first seven years, and of $125 per Annum for the last seven years thereof. They beg leave therefore to offer the following Resolution.

Resolved that the Counsel to the Board prepare a Lease to the said Petitioners for such extended term in conformity to this Report, and that the same be authenticated in the usual manner during the recess of the Board.

The Report presented at the present Meeting was as follows.

The Finance Committee to whom was referred the Petition of John Morrell & Thomas Morrell praying an extension of the Lease held by them from the Corporation for two Lots of Ground at Williamsburgh Respectfully Report.

That the Petitioners having represented in [308] their petition, that there was a mistake in the location of the Lots intended to be Leased, owing to which, part of their buildings, were erected on the property of other persons, and that they will be Compelled to purchase such property or remove their buildings therefrom, the Committee have investigated the Documents on file in relation to this Lease and find—First, that on the 3^{d} August 1805 Thomas Morrell the father of the Petitioners conveyed in fee to the Corporation Two Lots of ground lying at what was called Morrells point in Bushwick being now called Williamsburgh, One Lot being on the Northerly and the other on the Southerly side of a Main Street or road then to be made

The Law and Finance Committees to whom was referred the Report of the Comptroller in relation to the Office of Public Administrator presented the following Report.

The Law and Finance Committees [314] to whom was referred the Report of the Comptroller in relation to the Office of Public Administrator.

Report.

In consequence of a special Law, passed at the instance of the Law Committee, the Revised Statutes, which were not to have gone into operation until the first day of January next, were made to take effect, so far as respects the Office of Public Administrator in this City, on the first day of May last.

These Statutes contain various provisions for the better Government of that Office, to which it is not deemed necessary except in a very few particulars, to make any addition, until experience shall have demonstrated its utility.

The Law above referred to (passed at the last Session of the Legislature) also gives to the Common Council the power to make from time to time such rules and regulations, for the direction of the Public Administrator as they may think proper, Your Committees, under this power would respectfully recommend, for the present, the adoption of the following Resolution.

Resolved that the following Rules and regulations be and the same are hereby enacted for the Government of the Public Administrator in this City.

I. All monies Collected or received by the Public Administrator shall within two days after the [315] receipt thereof, be deposited in the Mechanics Bank of this City to the Joint credit of himself and the Comptroller of the City, in the manner directed by the revised Statutes, and with the sole exception therein mentioned.

II. It shall be the duty of the Public Administrator whenever required by the Comptroller, to exhibit to him the Bank book, con-

taining the entries of such deposits, and all other vouchers and documents in relation to his the said Administrators Office.

III. It shall be the duty of the Comptroller, before signing any check for any monies so deposited as aforesaid to examine the said Bank Book, and also the vouchers on which the payment is to be made and to satisfy himself fully of the Correctness thereof and in case of any doubt or difficulty to report the same to the Common Council.

IV. It shall be the duty of the Comptroller to Keep a Register in which he shall immediately enter, from time to time as the same shall occur, all cases in which administration shall be granted to the said Public Administrator; and it shall be his duty also to see that the deposits, mentioned in the first of these rules are punctually and faithfully made.

Which were approved and the Resolution adopted.

The Law Committee to whom was referred the Act of the Legislature passed on the 29th day of April last in relation to the House of Refuge presented the following Report.

The Law Committee, to whom was referred the Act of the Legislature, passed on the Twenty ninth of April last in relation to the House of Refuge. Report.

That the Act in question contains substantially the following provisions: it directs that there shall be paid to that institution in the first place, Eight thousand dollars per annum, out of the surplus funds of the Marine Hospital, and in the second place One dollar and fifty cents on each Tavren Licence, Two hundred and fifty Dollars on each Circus Licence, and Five hundred dollars on each Theatre Licence, which sums the Mayor and Commissioners of Excise respectively are required to demand and recieve for that purpose.

As to the funds of the Marine Hospital, they are derived partly from a duty on Seamen, and partly from a duty on passengers. It appears from Statements exhibited to the Committee that the [317] amount derived from the latter of these two sources considerably exceeds the sums appropriated to the House of Refuge, and that there is therefore no ground of Complaint on the part of the Seamen—Inas-

much also, as a large portion, of the inmates of that establishment are of foreign Origin, it has been suggested that there is not only no injustice but a peculiar fitness in that part of the Law. But whatever may be its merits or demerits, they were, in the opinion of your Committee, the proper subjects for the consideration of the Legislature, and do not call for any measures on the part of the Common Council.

With respect to the extra duty of $1.50 imposed by the Act on tavren licences although repugnant to long established usage, the Committee cannot say that it is unconstitutional. By the Charter the privilege of granting such licences, and the revenue to be derived therefrom is guaranteed to the Corporation; but that revenue is limited to Thirty Shillings in each case.

By an Act of the Legislature, passed in the year 1824, the sum to be demanded is fixed at $10, which provision having been adopted at the instance, and of course with the assent of the Corporation became in effect, part of the Charter.

The question then presented is whether any, and if any, what, alterations may be made in such a Charter without the assent of the Corporation. It is a question [318] not without serious difficulties, and its discussion would involve an examination of Constitutional Law altogether beyond the limits of an Ordinary Report Your Committee therefore will confine themselves to a mere statement of the result of their deliberations. which is, that it is not expedient to resist the payment *the payment* of the monies which have been received under the Act referred to them. They accordingly recommend the adoption of the following Resolution.

Resolved that the monies received or to be received by the Mayor and Commissioners of Excise respectively, under the Act passed by the Legislature on the 29th of April last be paid over to the Treasurer of the Society for the reformation of Juvenile delinquents in the City of New York pursuant to the directions in the said Act contained.

The Street Commissioner presented the following Assessments which were confirmed and Collectors appointed thereto Viz[t]

For a Well & Pump in 4[th] Street near M[c]Dougal street and John Hanmer appointed Collector.

For paving Mulberry street from Prince to Bleecker street and Jameson Cox appointed Collector.

For regulating the First Avenue from Sixth to Seventh street and Jameson Cox was appointed Collector.

The Finance Committee to whom was referred the Petition of Robert Pettigrew for an advance on his contract for [47] the regulation of Fifth street from Avenue C to the East River presented the following Report in favor of the same.

The Finance Committee to whom was referred the Petition of Robert Pettigrew praying for an advance on Account of his contract to regulate 5[th] Street from Avenue C to the East River Respectfully Report.

That they have examined the subject of M[r] Pettigrews petition and find, that he has actually performed the whole of the Contract on his part, And that the Assessment for the said work has been confirmed. That the whole amount due to him for the same is $11916 $^{8}/_{100}$ of which but a few hundred dollars has as yet been received; That M[r] Pettigrew has exhausted his means in performing the said Contract, and is put to much inconvenience for want of the amount earned by him and that the sum of $8000, will be necessary to relieve him from the same. The Committee are of opinion, that that Amount should be paid to M[r] Pettigrew on Account of the said Contract, and offer the following Resolution.

Resolved that the Comptroller Report a Warrant in favor of Robert Pettigrew for the sum of Eight thousand Dollars on Account of his contract for regulating Fifth Street from [48] Avenue C to the East River.

The Finance Committee to whom was referred a Resolution to enquire and Report what arrangement could be made relative to the Estate of the late John G Leake Deceased presented the following Report.

The Finance Committee to whom it was referred, to enquire and Report to the Board what arrangement can be made in relation to the Estate of the late John G Leake deceased

Respectfully Report.

That a controversy is now pending in the Court for the Correction of Errors relative to the said Estate involving the Question whether M^{r} Leake left a Will or died intestate. That the Chancellor of this [50] State has lately decided that M^{r} Leake left no Will and decreed that the Public Administrator of this City is entitled to Letters of Administration on his Estate, from which decree an appeal has been entered, by the parties seeking to establish

an alledged Will. The Committee have carefully considered the arrangement proposed to the Corporation by those appellants, as the terms on which such appeal would be discontinued, and they have no hesitation in saying that it is not, in their opinion Competent for this Board to accede to the said proposal or to make any arrangement whatever with the said parties or any other in relation to the said Estate, whereby any clause or part of the said alledged Will should be allowed to take effect.

The Committee therefore beg leave to submit the following Resolution.

Resolved that the Board can make no arrangement in relation to the Estate of the late John G Leake deceased or the litigation now pending relative to the same.

The Street Committee to whom [57] was referred the Petition to have Attorney street and Ridge street regulated and paved between Division street and Broome street Respectfully

Report

That those parts of Attorney and Ridge streets have not been opened by Commissioners of Estimate and Assessment or otherwise vested in this Corporation as Public streets or highways, and of course the Common Council have no Jurisdiction over them as such, and therefore cannot direct them to be regulated and paved, as requested by the Petitioners. But inasmuch as it is necessary those streets should be made public highways and regulated and paved, and as the Original proprietor of the ground required for such Street (Mr John R Livingston) refuses to cede his interest in the same. Your Committee would recommend that measures be adopted by this Board to have those parts of Streets opened and accordingly submit the following Resolutions.

Resolved that Attorney street and Ridge street be respectively opened from Division street to Broome Street.

Resolved that the Counsel to this Board adopt the necessary measures for having the foregoing Resolutions carried into effect.

Whereupon the Report was approved and the Ordinance passed under the Title of "An Ordinance to prohibit the landing or placing heavy Articles on the Sewer at the foot of Canal street.

The Committee on Wharves Piers & Slips to whom was referred the Petition to have the Pier on Westerly side of Fly Market street extended presented the following Report in favor of the same.

The Committee on Wharves Piers & Slips to whom was referred the annexed Petition of Robert J. Murray and others to have the Pier on the Westerly side of the Fly Market extended

Respectfully Report

That the Corporation of this City some years since purchased from the Petitioners or the persons whom they represent the one equal half part of the Pier on the Westerly side of the Fly Market Slip, and by

a condition in the Deed of conveyance it is expressly stipulated that this Corporation shall extend the said Pier when so required and bear and pay the one equal Moiety of the expence thereof—It appears to be the wish of the Proprietors that the Pier should be lengthened by [94] adding a Block and Bridge thereto, the present Pier being but about 190 feet in length.

Your Committee are of the opinion that the request of the Petitioners ought to be complied with and that this Board bear and pay their equal proportion of the expence of extending said Pier to correspond with the Piers above and below, and accordingly submit the following Resolution.

Resolved that the Pier on the Westerly side of the Old Fly Market Slip be extended into the River by adding a Block and a Bridge thereto.

Resolved that the Corporation of this City bear and pay the one equal half part of building the Pier directed by the foregoing Resolution

The Committee on the Fire Department presented the following Report on the subject of erecting a Brick building in Mercer street on [95] Corporation ground for Engine N° 28 and Hook & Ladder N° 6

The Committee on the Fire Department Respectfully Report to the Board

That they recommend that a Brick building 25 feet front & rear by 70 feet deep and two stories high be erected on the Lot of ground belonging to the Corporation in Mercer street where Engine N° 28 is stationed and where the Board have also directed Hook & Ladder N° 6 shall be located

The estimated expense about $3300, as per plan herewith submitted—It is proposed that if this building should be erected that one of the Ward Courts could be well accommodated on the 2^{d} floor, and would also be well calculated for the meetings of the Fire Department who have had no proper place for their Meetings since the sale of Firemans Hall—They therefore submit the following Resolution

Resolved that a Building be ordered agreeably to the above Report and plan and specifications herewith submitted

All of which is respectfully submitted

The Committee on the Fire Department to whom was referred the Communication from the Chief Engineer of the improper conduct of Robert Hinchman attached to Fire Engine C° N° 19

The Committee on the Fire Department to whom was referred the annexed communication from the Chief Engineer reporting Robert Hinchman a Member of Engine Company N° 19 with improper conduct at the Fire in Wooster street on the morning of the 11th June last

Respectfully Report.

That the accusations were viewed by your Committee to be of a very serious nature, and were accordingly duly and deliberately considered.

The charges were that Robert Hinchman member of Fire Engine Company N° 19 did when that Engine was at work in a line for the purpose of conveying Water to the above named fire take one of the nuts from off the chain which is attached to the Piston Rod, and secretly conveyed it away, and that in consequence the Engine could not be worked, and which was also the means [97] of stopping the whole line till another Engine could be obtained to supply the place, and consequently that much more damage was done by the fire.

From the evidence Your Committee are not willing to say that the charge of taking the nut off the chain is true but that he conveyed it away they have no doubt

It appears that the nut was discovered to be off and search was made for it in the Box of the Engine by the accused and other persons

Mr Machen says under oath that he saw Hinchman have the nut in his hand when he took it out of the Box of the Engine and also saw him put it in his pocket, and immediately walked around the corner of the Street and all agree that the nut has not been found—Mr Machan is a young Man but your Committee give full credit to what he says, as

his Story is Corroborated by other testimony which however is not so clear.

Your Committee have not been able to discover what reason there could have been to induce him to commit so base an Act, except that the Engine was near being overflowed by the one behind, and he was willing to make use of this plan for an excuse to prevent the Engine being again worked, notwithstanding he must have known that it would cause much more destruction of [98] the property of his fellow Citizens.

Your Committee are clearly of the opinion that the Public safety and the good of the Department require that such conduct should be met by prompt and merited punishment Accordingly submit the following Resolution

Resolved that Robert Hinchman be and he is hereby expelled from the Fire Department

The Finance Committee to whom was referred the Petition of Peter Titus for Lease of Premises at the corner of Chatham and Pearl streets presented the following Report in favor of the same.

The Finance Committee to whom was referred the annexed Petition of Peter S Titus for leave to surrender the Lease granted to Henry Titus for ground corner of Pearl and Chatham [120] Streets, and to have a new Lease issue to him in his own name with liberty to front the buildings he is about to erect on Pearl or Chatham street,—as he may elect Report

That the Corporation in 1815 granted a Lease of Three Lots of ground fronting on Pearl street and running along Chatham street to Henry Titus since deceased, that one of the covenants of said Lease compelled him to erect brick buildings of at least 19 feet 10 Inches in width and two stories high, which not having been done, the Corporation recently granted leave to the Petitioner to erect them, of such width as he might think proper, but some doubts have arisen from the phraseology of the Lease, whether he is not obliged to front at least 59 feet of such buildings on Pearl street, which interferes with his plan of improvement, he asks for a new Lease in which this shall be clearly set forth and all doubts be removed. Your Committee see no objection to granting his request limiting him to the 31st Decemr 1830 for the erection of such buildings, and offer the following Resolutions.

Resolved, that upon the surrender by the heirs of Henry Titus deceased of the Lease for the ground corner of Pearl and Chatham [121] Street, a new Lease issue to Peter S Titus for the same conditioned that he erect brick buildings fronting on Pearl or Chatham streets of at least Two stories in highth covered with Tile or Slate, on or before the 31st December 1830 and with such other covenants as are contained in the Lease to be surrendered.

Resolved that the same be authenticated in the usual manner during the recess of the Board the said Peter S Titus paying all expences

Respectfully submitted

The Special Committee to whom was referred the Second section of the Ordinance respecting the distribution of the Common School Money presented the following Report which was approved.

The Special Committee to whom was referred the Second and Third Sections of the Ordinance proposed by the Law Committee providing for the more equal distribution of the Common School Money in the City of New York Report

[185] That your Committee have examined into the organization and existing condition of the Four Schools therein enumerated and find that they are regularly Incorporated, and under the direction and control of highly respectable Trustees who have employed Teachers to instruct in the elementary branches of a Common School education—Gratuitous instruction is given to the Children of the Poor in all the said Schools, and although pay is demanded where the Parent is of sufficient ability, yet none are excluded because of their poverty—In Yorkville and its vicinity it is supposed there are between 120 and 150 Children requiring Instruction over four and under Sixteen years of age and that more than One third of these belong to Parents unable to pay for their education.

In the vicinity of the other Schools are also found large numbers of Children in like destitute condition.

The income arising from the Balance of what remains after building School Houses of the sums set apart by the Legislature for these Schools out of the proceeds of the Harlaem Common Lands is totally inadequate to their Support, and the Schools must have become extinct, but for the munificent patronage of a few of the Trustees.

On investigation it appears that the Inhabitants of the Twelfth Ward in which these Schools are located, have paid the annual quota [186] of the School Tax, since the first distribution of the School Fund, amounting in the aggregate to several thousand Dollars, and the only participation they have had of its benefits, has been the establishment of a Small School at Bloomingdale for the last Two years, excepting that which was paid for a short time to the Trustees of the Hamilton School under an express clause in its charter, but which has been discontinued for Several years.

Your Committee are satisfied that these Schools are not under the control of any particular Religious Sect or denomination, but that instruction is afforded to the children of the Poor, be they of what religious profession they may.

Whilst therefore this portion of our City pays its quota of the School Tax, and has Schools established under the control of

responsible Trustees for the gratuitous instruction of the children of the Poor. We cannot but deem it contrary to every principle of Justice to withhold from them a fair proportion of the fund as thereby we not only make them pay for the education of the Poor in the other sections of the City, but deprive them of that Interest in the Common School fund which of right belongs to them as Citizens of the State

Your Committee therefore recommend that the Second sections of the Ordinance as [187] proposed by the Law Committee and herewith Reported be passed

G Lee
Samuel Stevens
James Palmer
Wm H Cowan
David Bryson

They then presented the Second Section in the form of an Ordinance which passed under the Title of "A Law to provide for the more equal distribution of the Common School money in the City of New York"

The Street Commissioner presented the following Ordinances which were passed & Assessors appointed thereto Vizt

For paving Le Roy street from Washington to West street and James Fairlie, Peter Stagg & Abraham Lefoy were appointed Assessors.

For a Well & Pump near the intersection of Rivington and Lewis street and John Targee Abraham Quick and Reuben Munson were appointed Assessors.

The Minutes of the last Meeting were read and approved.

A Petition of the Union Emigrant Society for some pecuniary Aid was read and [196] referred to the Finance and Charity Committees.

A Communication was received from Peter L Webb Complaining of the conduct of Oliver Hebbard, Southwick Hebbard & William Boyce Fence viewers of the 12th Ward and that they may severally be removed from office of &c was read and referred to the Police Committee.

His Honor the Mayor laid before the Board the following Communications from the Honorable Cadwallader D Colden & Henry Gahn Esqr accompanied with the Letters referred to of Count Platen to Mr Colden and of Count de Wetterstedt to Mr Gahn, and also the Report by Count Platen to the King of Sweden on Canals and Water Communications; The same having been read the correspondence was directed to be filed, and the Report of Count Platen to be deposited in the Office of the Mayor.

The Letter from Mr Colden to the Mayor was in the words following.

New York 16 September 1829.

Sir

I have had the honor to receive from Count Platen, and from Mr Ghan the Consul of Sweeden, letters, Copies of which are subjoined.

The very [197] Elegant and Valuable Manuscript Book referred to in these Letters will be herewith delivered to you, that it may agreeably to the intentions of the King of Sweeden be presented to the Corporation.

I have the honor to be
Sir with great respect
Your Obedient humble Servant
Cadwallader D Colden.

The Honorable Walter Bowne Mayor

The Letter from Count Platen to Mr Colden is in the words following.

Christiania the 9th of June 1829

The Honorable Cadwallader D Colden Esqr

Sir

In obedience to the gracious commands of his Sweedish Majesty I have the pleasure to forward to your care, a description of the inland Navigation of Sweeden, to be presented to the City of New York, in return for the fine description of the Erie Canal which his Majesty received last year.

The great share the United States of North America, and in consequence the greatest trading town of these States has in the Baltic trade, will I am convinced, render very interesting the New Communication between the North Sea and Baltic through Sweeden, which we hope to see completed [198] in a few years, whereof the Port of Gotenberg is the western termination, and of course a natural entrepot not indifferent to one of the most considerable Staples of the world to whom Sweeden has, and more and more will have, so many relations.

I have the Honor to be Sir
Your most obedient
B V Platen

The Letter from Count Wetterstedt to Mr Gahn is in the words following

Stockholm May 29th 1829

Sir

Referring to the Letter which I addressed you dated May 23 last year, I herewith transmit you a Report which Count Platen has just submitted to the King, on Canals and Water communications in the interior of the Kingdom. It is the Kings intention that this work principally describing the Canal of Gothia, which is the greatest under-

taking of its Kind in the Kingdom and may perhaps, in some respects be compared to the Erie Canal, should be presented to the Corporation of the City of New York as an acknowledgment of the Compliment which the Corporation offered to his Majesty last year, and his Majesty commands you, Sir, on this occasion, to be the organ of conveying his Sentiments

Accept with Assurance &c &c

Count de Wetterstedt

Mr Gahn Consul of Sweeden & Norway, New York

[199] The Letter from Mr Gahn to Mr Colden was in the words following

Dear Sir

In the course of last year the Honorable Corporation of the City of New York through His Honor the Recorder, made me the Organ of Communication for the purpose of presenting to the King of Sweeden & Norway a Copy of your Memoir on the New York Canals. The King having referred your work to Count von Platen, at present Lord Lieutenant of Norway and a Nobleman well known as the Chief Promoter of similar improvements in his native Country, the Count in pursuance of his Majestys directions has caused a Memoir to be prepared on the Celebrated Canal of Gothia, which will unite the North Sea by inland navigation with the Baltic, which Memoir is intended to be presented to the Honorable Corporation and of the City of New York, agreeably to a Letter to me directed, by his Excellency Count Wettersdet Minister of State and Foreign Affairs, dated Stockholm May 29th last past, a copy and English translation of which is here annexed. Lieutenant Olivecrona of the Swedish Naval Corps of Engineers having arrived here on a scientific tour of observation, is also the bearer of these communications, and of a special message from Count Platen for yourself intimating his belief, that the Copy herewith transmitted of [200] his Memoir would be rendered still more acceptable to the Honorable Corporation of your consenting to its passing through your hands, as a competent Judge of its merits

I am with respectfull consideration

Dear Sir your most Obedt Servant

New York Septr 15. 1929 Henry Gahn

To the Honorable Cadweller D Colden

New York.

His Honor the Recorder then presented the following Resolutions which were adopted.

The Counsel presented the following Report of three Leases of Lots sold for the payment of the Assessment for paving Lombardy Street.

The subscriber respectfully Reports that he has prepared three Leases (herewith submitted) for [210] three Lots of ground sold according to Law on the 21st September 1827, each for a term of years to pay the sums assessed thereon respectively for paving Lombardy street, and which have not been redeemed within the two years allowed by Law for that purpose.

One of the said Lots distinguished in the said Assessment as N° 101½ was purchased at such sale by Patrick Dickie who has assigned his interest in the Certificate received by him therefor to Lavinus C. HeRoy. The other two Lots, which are distinguished in the said Assessment as Nos 20 and 21 respectively were sold to William H Cameron who has assigned his interest in the Certificates received by him therefor to Stephen Whitney. The Assignments are duly endorsed upon the Certificates and the Leases have been made to the said Lavinus C HeRoy and Stephen Whitney respectively as such Assignees

The following Resolution is respectfully submitted for the adoption of the Board.

Resolved that the said Leases be executed in the usual manner during the recess of the Board

The Finance Committee to whom was referred the " Memorial of the Trustees of the New York Dispensary for a sum to aid them in erecting a Building presented the following Report in favor of the same.

The Finance Committee to whom was referred the Memorial of the Trustees of the New York Dispensary praying for pecuniary Aid

Respectfully Report.

That having made particular enquiry into the present circumstances of this Institution, and [218] fully considering the grounds set forth by the Memorial in support of the application, they do not hesitate to recommend that the Common Council should make an appropriation of money for its use

The Committee deem it unnecessary to enter into a detail of the benevolant purposes, and extended utility of this Institution, with a view of enlisting the favorable consideration of the Board in its behalf, Every member must feel that the Charity which it dispenses is in its nature peculiarly laudable; It holds out no inducements for idleness, but its direct tendency is to promote industry, by preserving health.

The Committee think that a very little reflection must convince every unbiased mind that upon principles of public policy, it is the interest of the Corporation, as a public body, to strengthen the hands of the Humane Individuals who guide the operations of this establishment, and to afford them, to a reasonable extent the means of enlarging the sphere of its usefulness.

In every civilized Community the relief and support of paupers is a public duty and whatever may tend to diminish the burthen thus imposed upon the public should receive support and encouragement from those to whom the administration of public interests are entrusted. [219] In a large and populous City like New York, sickness among that class of Inhabitants who depend upon daily labour for their support, may be considered as one of the primary causes of pauperism and when the sustenance of a helpless family of Children, may be cut off by the protracted sickness and perhaps death of a parent, and they either driven to Mendicity or crime, or thrown upon the public Charity of the City, it must be admitted that an Institution which like the Dispensary must often prevent those consequences by the prompt and efficient relief which it affords, acts as a powerful check to the progress of those evils which give rise to a large proportion of our City expences.—It is proper to state that the present application is not for a contribution towards the ordinary current expences of the New York

Dispensary but to enable the Trustees to proceed with the building which is now erecting upon the scite lately granted to them for that purpose, and which when Completed, will afford them accommodation and facilities, which they have long required, and without which, their usefulness must be comparitively limited.

It is stated that Four thousand dollars is required for this purpose, and that difficulty has been met with in endeavouring to obtain money by private subscription on the ground that this Institution from its nature and objects had strong claims upon the Common [220] Council. The Committee are of opinion that there is much truth in this view of the subject and under a strong impression that this measure will meet with public approbation, they respectfully recommend that the sum of Two thousand five hundred Dollars should be appropriated for use of the said New York Dispensary. The Committee beg leave therefore to offer the following Resolution.

Resolved that the Comptroller be directed to Report a Warrant in favor of the President John Watts of the New York Dispensary for the sum of Two thousand five hundred Dollars.

The reading of the Minutes of the last Meeting were dispensed with.

His Honor the Mayor informed the Board that he had called them together for the purpose of submitting to them the amendments to the City Charter as proposed by the Convention lately assembled to consider what Amendments were necessary.

[238] The following Communication from a Committee of the Convention was then read in the words following.

New York 12 October 1829

Sir

In obedience to a resolution of the Convention of Delegates from the different Wards of this City, chosen and assembled under an Ordinance of the Corporation, we have the Honor to transmit to you, an authenticated Copy of certain amendments to the Charter of this City, as the same were finally adopted by the Convention, and to request you to lay the same before the Common Council.

In compliance with the instructions of the Convention, we have also the Honor to request in their name, that an Ordinance may be passed by the Common Council, for submitting to the Electors of this

City, at the next general Election, the determination of the question, whether the amendments so adopted by the convention, ought to become a Law of the State; and also, if such amendments be approved, whether the term of service of the Alderman, should be one year or two years.

In further compliance with the instructions of the Convention, we have also to request, that the ordinance of the Common Council, should the same be passed in conformity to the wishes of the Convention, may contain a provision, that the Electors severally [239] express their approbation or disapprobation of the amendments proposed, by a Ballot containing written or printed, the word "Ay" or "No"; and also a provision, that the electors express their opinion in relation to the term of service of the Aldermen, by adding in their respective ballots to the word "Ay" or "No," the words "one year" or "two years"

In obedience also to a resolution of the standing Committee of the convention, consisting of one member from each Ward of the City, we have also the honor to request you to call a Special meeting of the Common Council, in order that the amendments now transmitted, and also the Resolutions of the convention referred to in this communication may be submitted for their consideration.

We have also the Honor to enclose copies of the Resolutions of the Convention and of the standing Committee to which we have referred.

We have the honor to be, Sir, with sentiments of high respect

The Law proposed and passed was in the following words

A Law

To provide for submitting to the Electors of this [256] City certain amendments proposed to be made in the City Charter.

The Mayor Alderman and Commonalty of the City of New York in Common Council convened do Ordain as follows.

Whereas the Common Council did heretofore recommend to the good People of this City, to choose Delegates to compose a Convention for the purpose of taking into consideration the Charter of the City, and suggesting such alterations therein as to them might seem expedient; And whereas the Convention chosen and convened pursuant to

the said recommendation have agreed upon certain amendments and returned the same to the Common Council—Therefore Be it Ordained that at the next general Election in addition to the Ballot boxes now required by Law the Clerk of the Common Council shall provide and furnish to the Inspectors of each Ward, a Box to be called the " Convention Box."

§2. Any person entitled to Vote for Charter Officers, may, at the said election, also vote for or against the amendments so proposed as aforesaid by the said Convention.

§3. If any elector approve of the said proposed Amendments he shall signify his approbation thereof by a Ballot containing written or printed thereon the word " Aye "

§4. If he disapprove of the said proposed amendments [257] such disapproval shall, in like manner, be signified by the word " No."

§. 5. The sense of the electors, in respect to the term of service of the Aldermen, shall be expressed by adding to the word " Aye," or " No " as the case may be the words " one year " or " Two years."

§. 6. Separate poll lists shall be kept of the names of the Voters under this Law, and the ballots, so to be tendered as aforesaid, shall be deposited seperately in the said " Convention Box."

§. 7. The canvass being completed, certificates stating the result thereof, subscribed by the Inspectors of the respective Wards, shall be by them returned to the Common Council, to the end that the same may be compared and such further proceedings had thereon as shall appear to be necessary and proper.

§8. In all other respects the election, so to be held under this Law, shall be conducted as near as may be, in like manner as in the case of Charter Officers.

§9. Nothing in this Law contained shall be deemed or taken as an expression, on the part of the Common Council of their approbation or disapprobation of the proposed amendments or of any part thereof.

The Amendments proposed by the Convention was in *in* the words following

[258] Amendments

to the Charter of the City of New York as adopted in Convention September 1829.

Sect. I. The Legislative power of the City of New York, shall be vested in a Board of Aldermen, and a Board of Assistants, who together shall form the Common Council of the City.

Sect II. Each ward of the City shall be entitled to elect one person to be denominated the Alderman of the Ward, and the persons so chosen, together, shall form the Board of Aldermen; And each ward shall also be entitled to elect one person to be denominated Assistant Alderman, and the persons so chosen, together shall form the Board of Assistants.

Sect III. The Aldermen and Assistant Aldermen shall be chosen for one Year, and no person shall be eligible to either Office, who shall not at the time of his Election, be a resident of the Ward for which he is chosen.

Sect IV. The Annual election for Charter Officers shall commence on the second Tuesday in April, and the Officers elected shall be sworn into Office on the second Tuesday in May thereafter, And all such elections shall be notified held and conducted by Inspectors appointed in the same manner, with the like powers, and during the same number of days, as the election for members of Assembly of the State are notified held and conducted.

[259] Sect V. The first Election for Charter Officers after the passage of this Law, shall take place on the second Tuesday in April 1831; and all those persons who shall have been elected under the former Laws regulating the Election of Charter Officers, and shall be in Office at the time of the passage of this Law, shall continue in Office, or hold over until the Officers elected under this Law shall be entitled to be sworn into Office.

Sect VI. The Board of Aldermen shall have power to direct a special election to be held, to supply the place of any Alderman whose seat shall become vacant by death removal from the City, resignation or otherwise. If a special election be not directed, the vacancy shall be supplied at the next general election—And the Board of Assistants shall also have power to direct a special election, to supply any vacancy that may occur in the Board of Assistants. The person elected to supply such vacancy, shall hold his seat only for the residue of the term of Office of his immediate predecessor.

Sect VII. The Boards shall meet in seperate Chambers, and a majority of each shall be quorum to do business—Each Board shall appoint a President from its own body and shall also choose its Clerk and other Officers determine the rules of its own proceedings, and be the Judge of the qualifications of its own members. Each Board shall keep a Journal of its proceedings, and the doors of each shall be kept

open except [*360] when the public welfare shall require secresy: and all Resolutions and reports of Committees, which shall recommend any specific improvement involving the appropriation of public moneys or taxing or assessing the Citizens of said City shall be published immediately after the adjournment of the Board under the authority of the Common Council in all the News papers employed by the Corporation; and whenever a Vote is taken in relation thereto, the Ayes and Noes shall be called and published in the same manner.

Sect VIII. Each Board shall have authority to compel the attendance of absent Members, to punish its Members for disorderly behaviour, and to expel a member, with the concurrence of two thirds of the members elected to the Board, and the members so expelled, shall by such expulsion forfeit all his rights and powers, as an Alderman, or Assistant Alderman.

Sect IX. The stated and occasional meetings of the Common Council shall be regulated by their own Ordinances, and both Boards may meet on the same or on different days, as they may judge expedient.

Sect X. Any Law Ordinance or Resolution of the Common Council may originate in either Board, and when it shall have passed one Board, may be rejected or amended by the other.

Sect XI. No member of either Board shall, during the period for which he was elected, be appointed, or be competent [361] to hold any Office, of which the emoluments are paid from the City Treasury, or by fees directed to be paid by any Ordinance or Act of the Common Council, or be directly or indirectly interested in any contract the expences or consideration whereof are to be paid under any Ordinance of the Common Council, but this Section shall not be construed to deprive any Alderman or Assistant of any emoluments or fees which he is entitled to by virtue of his Office

Sect XII. Every act, ordinance or Resolution which shall have passed the two Boards of the Common Council before it shall take effect, shall be presented duly certified, to the Mayor of the City for his approbation. If he approve he shall sign it, if not he shall return it, with his objections, to the Board in which it originated, within Ten days thereafter, or if the Common Council be not then in Session, at their next stated meeting The Board to which it shall be returned, shall enter the objections at large on their Journal, and cause the same to be published in one or more of the Public Newspapers of the City.

* Erroneously numbered 360 instead of 260.—ED.

Sect XIII. The Board to which such Act ordinance, or resolution shall have been so returned, shall, after the expiration of not less than ten days thereafter proceed to reconsider the same. If after such reconsideration a majority of the members elected to the Board shall agree to pass the same, it shall be sent, together with the objections [362] to the other Board, by which it shall be likewise reconsidered; and if approved by a Majority of all the Members elected to such Board, it shall take effect, as an act or Law of the Corporation. In all such cases the Votes of both Boards shall be determined by Yeas and Nays, and the names of the persons voting for, and against the passage of the measure reconsidered, shall be entered on the Journal of each Board respectively.

Sect XIV. If the Mayor shall not return any Act ordinance or resolution, so presented to him, within the time above limited for that purpose, it shall take effect in the same manner as if he had signed it.

The Resolution adopted by the Committee of Fourteen of the City Convention was in the words following.

At a meeting of the Committee of Fourteen appointed by the Convention.

Resolved, that John Duer, Saul Alley and Abraham Bloodgood be a Committee to call upon the Mayor of the City requesting him to call a Special Meeting of the Common Council of this City with a view of takeing under their consideration the amendments proposed by said Convention to the charter of this City for the purpose of laying the same before the people for their approbation in pursuance of the Resolutions passed by the [368] Convention for that purpose

Dudley Selden
Secretary.

City Hall Oct 10th 1829

The Report of the Special Committee of the Convention was in the words following.

The Committee appointed to Report to the Convention a Suitable plan for obtaining Sense of the People of this City in Relation to the Amendments of the Charter proposed by the Convention and also to report on certain Resolutions on that Subject heretofore submitted to the Convention

Respectfully Report,

That having fully considered the matters so refered to them they [are] of opinion that the following Resolution ought to be adopted, by the Convention as embracing the most expedient and effectual means for obtain[ing] the sense of the Electors.

1st Resolved. That a copy of the amendments adopted by this Convention duly authenticated by the signatures of the President and Secretaries be transmitted to the Common Council of this City with a request in the name of the Convention that an ordinance may be passed by the Common Council for submitting to the Electors of the City at the next general Election the determination of the question whether the amendments so proposed [369] ought to become a Law of this State and also if such amendments be approved whether the term of Service of the Alderman should be one year or two years.

2d Resolved—That the ordinance so requested ought to contain a provision that the Electors express their approbation or disapprobation of the amendments proposed by a ballot containing written or printed the word "Aye," or "No" and also that such Electors express their opinion in relation to the term of service of the Alderman by adding in their ballots, to the word "Aye" or "No" the words "one year" or "two years" and that every ballot Containing the word "aye" whether the words "one year" or "two years" be annexed thereto, shall be deemed a vote in favour of the Amendments proposed.

3d Resolved—That a Committee of one from each ward be appointed who shall be authorised to call a meeting of the convention at any time hereafter if they shall deem it expedient.

4th Resolved—That it be the further duty of such Committee in case the amendments proposed be approved by a Majority of the Electors to transmit a duly authenticated Copy thereof Conformed to the decision of the Electors to the Legislature of this State at their next annual Session, [370] with a request in the name of the people of this City that the same may be passed into a Law. That it also be

the duty of said Committee to transmit the amendments so approved to the Common Council, and ask their aid in procuring such Law.

Jno Duer
G. C. Verplanck

The Report of the Committe on Blackwells Island presented on 5th inst. & Laid for consideration was called up and was in the words following.

The Committee on Blackwells Island heretofore authorised by the Common Council to direct the erection of a Prison on said Island.

Report. under the authority given a Building 200 feet in Length by 50 feet wide and four stories in height, containing 240 seperate cells of 3½ feet by 7 and 7 feet high has been completed and is now occupied, The whole amount disbursed by Mr Burtis is $29,120.15, and vouchers have been procured to your [391] Committee for the same of this sum $5878.46 has been for the erection of out buildings purchase of Boats and pay of guards and Keepers &c leaving the sum of $23,241.69 as the actual cost of the building.

The whole number of male prisoners at present in the Penitentiary is 303 and according to the experience of past years will probably increase by the setting in of the winter to 400 imposing the necessity of confining a part of the males in some other building and the expense of additional guards and Keepers to what would be required if the whole were under one roof and as it is understood to be the intention of the Board to remove all our prison establishments to Blackwells Island and introduce into them the advantages of seperate

confinement. your Committee beg leave to submitt to the Board a plan for the erection of a main building on the east end of the present prison to be divided into suitable apartments for the accommodation of the guard Keepers &c and a hospital and chapel and to extend [to] the east of that a wing coresponding in size and appearance with the present prison and to contain 300 seperate cells The proposed building will enable the Commissioners of the Alms [392] House to seperate the vagrant prisoners in one wing from the Court prisoners in the other and furnish the necessary accommodations for many vicious poor who are fit subjects for the prison but from want of room they are of necessity detained in the Alms House with those who though indigent are respectable.

Such a building with the experience now among the Keepers and prisoners it is supposed by taking two seasons for its erection may be completed principally with their labour, and at an expense of about 12.000 Dollars and will be sufficient to accommodate all the male prisoners of the City for many years

Your Committee therefore offer the following Resolution

Resolved that the Committee on Blackwells Island be authorised to proceed in extending the present prison on that Island according to the above report:

Respectfully submitted.

[15] The Law Committee to whom was referred the Petition of James McBride and others Owners and occupants of property in the Vicinity of Liberty Street praying that a certain encroachment on the North West corner of said Street and Broadway may be removed. presented the following Report

The Law Committee to whom were referred the Petition of James McBride and others proprietors and occupants of Lots of ground situated in Liberty Street and its vicinity praying that a certain encroachment on the said Street at the North West corner of Broadway may be abated and removed as a public nuisance.

Report

That they have examined the premises and have heard the allegations of the parties.

It appears that by an act of the Legislature passed the 4th May 1784 the Corporation were authorised to appoint Commissioners for the purpose of laying out the Streets in such parts of the City as had principally suffered by fire during the Revolutionary War The Commissioners were accordingly appointed and having agreed upon a plan, the same was submitted to and approved by the Corporation and ordered to be carried into execution. By this [16] plan Liberty Street then called Crown Street was widened five feet on each side from Broadway to the North River.

As damages might be sustained by the proposed alterations the act provided a mode of appraising the same and paying the amount out of the City Treasury.

No provision was made for the removal of any building there standing but it was enacted that any and every building which should thereafter be erected so as to intrude or encroach upon the Streets to be laid out in pursuance of this act, should be deemed a public nuisance and upon a view thereof by the mayor recorder or any two or more of the aldermen the owner or builder should be obliged to enter into recognizance in such sum as the Mayor recorder or aldermen should think fit to remove the same in convenient time and in case of refusal

to enter into such recognizance or neglect to perform the condition of the same within the time limited the Common Council may thereupon make an order for abating and demolishing the said nuisance Provided that if the owner builder or lessee thereof should controvert the fact of such [17] intrusion or encroachment and should demand that the same be determined by a Jury of inquist it should be the duty of the Common Council before they proceed to make such order as aforesaid for abating and demolishing the said nuisance to issue there warrant to the sheriff of the City requiring him by the oaths of twelve good and Lawful men to inquire whether such building had intruded or encroached upon the Streets or either of them so to be laid out as aforesaid and the said sheriff should within the time limited in and by such warrant empannel a jury upon the premises and should duly return the inquisitions by him thereof made to the Common Council who in case the said jury should find the intrusion then and not otherwise should proceed to make the order for abatement as aforesaid

To enable the Common Council to judge of the propriety of applying this remedy to the grievance complained of the following statement of facts is submitted.

The proprietors of all the lots fronting on Liberty Street have *received* [receded] according to the plan of the Commissioners except two. One the two excepted lots substantial brick buildings had been erected previous to the [18] passage of the act in question one of which still continues standing the other having been destroyed by fire about four years since. In rebuilding on the lot thus made vacant the proprietor so far as respects the main wall of his house has conformed to the line prescribed by the Commissioners but in constructing his area has occupied not only the usual space allowed by the ordinances of the Common Council but also the interdicted five feet, by erecting a stone wall around the same surmounted by a railing and united to the main wall. That this area greatly disfigured the Street and is a serious annoyance to the neighbourhood there can be no dou[b]t and the only question is in what way can the evil be remedied, After much examination your Committee have come to the conclusion that the proper course to be pursued is the one pointed out by the act referred to—If any doubt should exist whether a stone wall around an area be a building within the meaning of the act it would seem hardly to admit of a controversy that such a wall connected with a house and erected the same time must be [19] considered as part of the same edifice and the whole together therefore as forming a building

But how it may be asked is the proprietor to be compensated for

the five feet thus taken for the said Street The act required that the application for indemnity should be made within three years after its passage but as the original building was not destroyed till long after that period had elapsed and as the act did not require that it should be torn down it is difficult to percieve how the exact letter of the act could have been Complyed with in that particular, Without prejudging this question, however the committee recommend the adoption of the following resolution. Resolved as the sense of this Common Council that the area lately erected along the side of the building on the North Westerly corner of Liberty Street and Broadway is a public nuisance within the meaning of the act referred to in the foregoing Report. Resolved therefore that his Honor the Mayor be requested to cause the said nuisance to be removed within convenient time in the manner prescribed in the said act

Which was approved and the resolution adopted.

On Motion of Mr Seaman the Report of the Police Committee in relation to the Inspection of Lime was called up and referred back to the same Committee

Alderman Lee gave notice that he would at the next meeting move to take into consideration the subject of the Law relative to the prevention of Fires.

Mr Seaman presented the following Resolution which was adopted.

Resolved that the Comptroller be authorised to borrow under the direction of the Finance Committee when ever it may be necessary any sum not exceeding Fifty Thousand Dollars at an Interest not exceeding six per cent per annum.

[21] Alderman Woodruff presented the following Resolution which was read and referred to the Street Committee.

Resolved that it be referred to the Street Committee to enquire and Report at the next meeting of this Board the propriety of paving the side walks of Crosby Street between Prince and Houston in the 14th Ward.

Alderman Lee presented the following Resolution which was read and referred to the Committee on Application to the Legislature.

Resolved that so much of the proceedings of the Board of super-

visors as were referred to the Common Council be now referred to the Committee on Applications to the Legislature whose duty it shall be to report thereon previous to the next meeting of the Legislature. The Resolutions proposed by the Board of supervisors were as follows. Resolved that the Common Council be requested to apply to the Legislature to amend the Laws in relation to the Assessment and Collection of Taxes so far as the same relate to the County of New York embracing in such amendments the following principles and such other as the Common Council shall deem expedient

[22] 1st. that the assessors previous to entering on the duties be formed into a regular Board for the transaction of business, choosing a presiding Officer and secretary and keep a regular Book of minutes of their proceedings

2d that at the first meeting and before they proceed to make any assessments they adopt such Rules or by-Laws as shall be calculated to insure uniformity in all the wards.

3d That each assessor shall endeavour to ascertain the actual income and the capacity under Judicious Management to produce more or less income the probable increasing decreasing or stationary value of each parcel of property he may assess.

5th That when all the assessment Rolls are finished a Meeting of the Board shall examine and compare them ascertain whether the valuations in each roll bear a just relation to all, and report the result of such examination to the Board of Supervisors.

Alderman Lee presented the following Resolution which was read and referred to the Law Committee.

Resolved that the Law [23] Committee inquire and report as so[o]n as convenient into the expediency [of] revising the State Laws which have a particular relation to this City adopting the necessary amendments conforming the order and style of the same to the general revised laws of the State.

A[l]derman I. Brown presented the following Resolution which was read and adopted

Resolved that the Comptroller be directed to Issue his warrant in favour of R Graves Esqr Street Commissioner for one Thousand dollars for disbursments at Public Reservoir

Mr Roosevelt gave notice that he would at the next meeting call for a report from the Committee to whom was referred the subject of furnishing accommodations to the Courts.

The Finance & Charity Committee to whom was referred the Petition of the Union Emigrant Society for some pecuniary aid presented the following Report against the same.

The Committees on Finance and Charity to whom were referred the several Petitions of the Union Emigrant Society of the City of New York praying for pecuniary Aid.

Respectfully Report

That they have had the subject of the said Petition under consideration, and have received much information relative to the objects and proceedings of the said Society from the respectable and intelligent Gentlemen by whom it has been [48] instituted.

The Committee are well convinced of the benevolent and laudable motives of the members of this Society and that they are entitled to the highest praise for their humane efforts to better the condition of numerous Emigrants and others who for want of employment are

exposed to suffering in this City. They have no doubt that much good to persons in that situation have resulted from the exertions of this Society, and it cannot be denied that considerable expence must be necessarily incurred by them, in carrying their praiseworthy object into effect, but, the Committee have not become satisfied that the operations of this Society will tend to diminish the number of paupers in this City or to relieve the Public from any portion of the expence incurred for the support of that class of persons believing as they do, that although employment out of this City, may thro' the means of this Society be promptly obtained for numerous individuals who otherwise might remain here in idleness, the families of those very persons will in many instances be left here and become a charge upon the City and that the very existence of this Society and its avowed objects when generally known, will hold out inducements to persons out of employment to come and bring their families to this City in preference to other [49] places, and thus in some measure increase the source from whence arise pauperism and the public burthen resulting from it— Under their present impressions therefore the Committee do not feel authorized to recommend an application of Public money in aid of the said Society and they beg leave to submit the following Resolution

Resolved that it is inexpedient to grant the prayer of the Petition

George Cuming City Inspector

Which were passed.

[87] The City Inspector presented an Ordinance to fill in certain Lots on 13th Street belonging to the heirs of Mrs Spingler at the public charge, other means being found to be ineffectual, which was read and passed.

The Counsel presented a Report stating that the Supreme Court at the last Term thereof reversed the proceedings on the Assessment for Building a Bulk head on the Westerly side of West street across the Basin at the foot of Spring street which proceedings were brought before the said Court on Certiorari which was read and referred to the Street Committee.

The Street Commissioner presented a Return of Delinquents on the Assessments for paving Hammond Street from Washington to West street also for paving Mangin Street from Delancy to Rivington Street. Also for a Well & Pump in Lombardy street near Montgomery street which was read and a Warrant directed to be issued to Thomas Cottrell the Collector thereof.

The Street Commissioner presented the following Assessments which were confirmed and Collectors appointed thereto—Vizt

[88] For regulating 3d Street from Avenue A to Lewis Street and Gideon Ostrander appointed Collector.

For regulating Avenue C from 2d to 5th Street and John Hanmer appointed Collector.

For regulating 6th Avenue from 13th to 21st Street and Jameson Cox appointed Collector.

For repaving Chapel Street from Murray street to Chamber Street & Gideon Ostrander appointed Collector.

The Street Commissioner also presented an Assessment for Sixteen Public Cisterns. He also presented a Communication from J Targee Shivers Parker & Abraham Baudoine the Assessors appointed in the Ordinance for Assessing the expences of said Cisterns. The Assessors in their communication stated that they had found considerable difficulty in allowing to the Collectors a fair Compensation for their services under the Ordinance of the Corporation which directed that the Compensation should in no case exceed Ten per Cent—this they thought in some cases was insufficient and they had in the present instance [89] allowed from 13 to 15 per Cent—A considerable discussion hereupon arose, as the allowance was contrary to the Ordinance. A motion was made to refer back which was lost—The question was then taken on confirming the Assessment a Division having been called by Alderman Peters the Members voted as follows.

In the Affirmative Mr Recorder Ald Mott I Brown Lozier Coe B M Brown Lee Mr Seymour Bryson Arcularius Seaman Pinckney 12

In the Negative Ald Cebra Stevens Peters Meserole Palmer Woodruff Mr Mandeville Strong Cowan Wells Jeremiah Cooper Lovett Engs 14.

The Committee on Assessments to whom was referred the Petition of John Taylor to have an error corrected in his Assessment on prop-

erty in Pearl Street presented the following Report in favor of the same.

The Committee on Assessments to whom was referred the Petition of John Taylor for relief from Tax on the premises N^os 183. 185. 187 Pearl street Respectfully Report.

That on examining this subject they find that John Taylor the Petitioner owned the property in Question, that this property was taken for opening Cedar street to Pearl street—That said Assessment for opening said Street was confirmed by the Supreme Court on the 14 March 1829, possession taken of the property by the Corporation on the 1st May 1829—consequently the Title was not in M^r Taylor but in the Corporation previous to the Assessment for the present year and M^r Taylor ought not to pay Tax therefor.

Your Committee respectfully present the following Resolution.

[105] Resolved that the Tax of John Taylor for the premises N^os 183. 185. 187 Pearl street be remitted and that the Collector of the 1st Ward be directed to return the same among the Errors of Taxes for said Ward.

The Minutes of the last Meeting were read and approved.

The Committee on Assessments to whom was referred the Assessment for a Well & [111] Pump in 13th Street presented the following Report in favor of the same

The Committee on Assessments to whom was referred the Assessment for a Well & Pump in 13th Street between the 7th & 8th Avenues and the objections against the Confirmation of said Assessment

Respectfully Report

That they have had the Assessors who made the aforesaid Assessment before them, that they have also examined the Map or plan by

which their Assessment was made and have after due consideration come to the conclusion that the Assessment ought to be confirmed and recommend the following Resolution

Resolved that the Assessment for a Well & Pump in 13th Street between the 7th & 8th Avenues be confirmed.

The Committee on Assessments to whom was referred the Petition of Docr G Smith for relief from payment of personal Tax in the [112] 3d Ward presented the following Report in favor

The Committee on Assessments to whom was referred the Petition of Docr Gilbert Smith for relief from personal Tax in the 3d Ward

Respectfully Report.

That by the Affidavit of Docr Smith and the Certificate of one of the Assessors hereto annexed it appears that he ought not to pay any Tax on personal property—He also states that he was out of Town most of the summer but is not certain whether he was out at the time he should have called on the Assessors.

The Committee believe the Affidavit of Docr Smith to be true and also the Statement of the Assessor but still as Docr Smith is not positive he was out of Town when he should have called on the, Assessors, Your Committee believing however that Justice demands that Docr Smith should not pay the Tax and he being doubtful whether he was in Town or not, they have come to the conclusion that it is proper to relieve him and accordingly offer the following Resolution for the consideration of the Board.

Resolved that the personal Tax of Docr Gilbert Smith be and the same is hereby remitted

The Committee on Assessments to whom was referred the subject of relieving Cornelius Hyer from Tax in the 9th Ward presented the following Report in favor of the same.

The Committee on Assessment to whom was referred the application of Cornelius Hyer to be relieved from personal Tax in the 9th Ward Respectfully Report.

That the Petitioner appeared before your Committee. He stated that he is a resident of the 1st Ward and spends a few months in Summer at Greenwich—By the Certificate of the Assessors of the 1st & 9th Wards hereto annexed it appears that he has been taxed for personal property in both wards.

Your Committee think he ought to be taxed on personal property only in the 1st [115] Ward and accordingly present the following Resolution

Resolved that the Tax of Cornelius Hyer for personal property in

the 9th Ward be remitted and the Collector of said Ward be directed to return the same among the Errors in Taxes for said Ward

The Police Committee to whom was referred the Petition of John R Livingston to be relieved from a penalty for not filling in sunken Lots in Ridge street presented the following Report in favor of the same.

The Police Committee to whom was referred the Petition of John R Livingston in relation to two Suits commenced against him for not filling up sunken Lots—Report

That it appears that one of the Lots is in Ridge Street or in premises which will form that Street when that Street is regularly taken—Under the Circumstances your Committee are of opinion that if M[r] Livingston relinquishes all claim to [116] the street or does not contest the proceedings in the Supreme Court, that he ought not to be fined, otherwise that he is properly subject to the Fine.

In case of the other Suit, if Petitioner has complied with the Ordinance he should be relieved on payment of Costs.

Your Committee offer the following Resolution.

Resolved that the Attorney of the Board settle these Suits on the principles above mentioned

The Street Commissioner proposes as Collectors of the above Assessments. For 2 Cisterns in Bleecker street near Broadway—2 at the corner of Bleecker & Amos Street, 2 at the Corner of Delancy & Chrystie Street—2 at the Public School in Duane Street and one at Essex Market Thomas Cottrell. And for 2 at the corner of Hester and Elizabeth street, 2 at the Corner of Broome and Ridge street, 2 in King near M^{c}Dougal street and 1 at the Corner of Bedford and Arden Street John Hanmer.

[130] The Communication from the Assessors presented at the last Meeting was as follows.

The undersigned Assessors appointed by an Ordinance of your Honb^{l} body to Assess Sixteen Cisterns in various parts of the City beg leave most respectfully to Represent.

That on entering on the duties of their appointment a considerable difficulty arose on allowing a fair Compensation to the Collectors as by an Ordinance of the Common Council they were not to receive more than Ten per Cent.

In the case of Public Cisterns where from One thousand to Fourteen hundred Lots are Assessed from Two dollars to Twenty five cents each per Lot, and extending as they do over a great portion of the upper part of the City, the Assessors did presume that the Ordinance above referred to was not intended to apply to any but ordinary Assessments.

The Assessors taking into *to* view the extraordinary nature of Assessments for Public Cisterns and the great difficulty that would occur in the Collection, deemed it but just to allow from 13 to 15 per Cent believing that the Common Council would not under all circumstances consider that an unreasonable allowance.

That with a view to lessen the expence [131] as much as possible the Assessors had the Sixteen Cisterns embraced in Nine Assessment Maps, and used the greatest possible econemy in having them prepared

being aware that Assessments of this Kind are considered odious and vexatious—If they have erred it was with the best intentions, that of doing Justice.

All of which is respectfully submitted

Upon Motion the Assessments were confirmed and Collectors appointed agreeably to the Report of the Street Commissioner.

The Street Commissioner presented a Return of Delinquents on the Assessment for opening 12th Street between Broadway & the Bowery Whereupon a Warrant was directed to be issued to John Hanmer the Collector thereof.

The Law Committee to whom was referred the Petition of Alexis Eustaphieve Russian Consul General praying to be relieved from personal Tax presented the following Report in favor of the same.

The Law Committee to whom was referred the Petition of Alexis Eustaphieve [132] Russian Consul General praying to be relieved from a personal Tax respectfully

Report

That the Petitioner places his claim for exemption upon two grounds.

First Alienism, and Secondly his Official character.

Your Committee have examined the Act in relation to the Assessment and Collection of Taxes, and find no exception in favor of the cases specified by the Petition, on the contrary the Act expressly declares that the property of all persons residing in the State shall be assessed.

Your Committee have not discovered nor has the Petitioner pointed out any provision, either in the Law of nations, or in the Constitution or Laws of the United States, or in any Treaty made with the Russian Government, giving to the Consuls of that Power the privilege contended for

The Petitioner however has satisfied your Committee that his personal property which has been Assessed at $5,000 does not exceed $500. and that his non-attendance before the Assessors, to correct the error arose from non-apprehension.

Your Committee therefore recommend the adoption of the following Resolution.

Resolved that Alexis Eustaphieve is not entitled to exemption from Taxation upon [133] the ground of his alienism or of his Official character.

Resolved that the Assessed valuation of the personal estate of Alexis Eustaphieve be reduced from $5000, to $500,

The Market Committee to whom was referred back their former Report on the Petition of several Butchers who had purchased Stalls in the Clinton Market presented a Report—The former Report and Schedule which was as follows was read

[136] The Market Committee to whom was referred the several Petitions of the Butchers of Clinton Market praying a reduction in the price of their Stalls in said Market and setting forth their reasons for the same

Respectfully Report to the Board

That they have duly considered the same and are of opinion that in consequence of the present depressed state of business generally and the extravagant prices the Stalls were bid up to in the competition incidental to a more favorable state of business a reasonable deduction should be made, And accordingly offer for adoption the following Resolutions.

Resolved that the following deductions agreeable to Schedule hereunto annexed (amounting to about Twenty five per Cent from whole amount of premium Notes) be made on the premium Notes given for Stands in the Clinton Market, whenever the balance after allowing such deductions, shall be tendered in Cash to the Collector of the City Revenue, but that this Resolution shall in no wise authorise any claim for deduction, unless the balance be forthwith punctually paid according to the original engagements.

complied with) take the necessary [137] measures for the due enforcement of the original Contract

The Report presented at this meeting was read as follows.

The Market Committee to whom was referred back their former Report on the Petitions of several Butchers who purchased Stalls in Clinton Market

Respectfully Report

That they have reconsidered the subject of the said Petitions and their former Report thereon, and that they find no reason to alter the opinion expressed in their said former Report.

In Addition to the reasons expressed in their former Report, they would merely remark that it should be borne in mind, that Twelve of the Butchers who became purchasers at the Sale of the Stalls of the Clinton Market had occupied Stalls in the old Spring Street Market [139] and were deprived of such Stalls, and thrown out of employment by taking away such Market.

The Committee being therefore confirmed in the view which they took of this subject beg leave to recommend the adoption of the Resolution presented by them to the Board by their said former Report Decm^r^ 7 1829

The Street Commissioner presented an Ordinance for a Well & Pump in 19^th^ Street near the Westerly side of the 8^th^ Avenue which was passed and Thomas R Smith Jedediah B Leister & John Slidell were appointed Assessors.

The Report of the Street Committee on the subject of continuing 8^th^ Avenue from 13^th^ Street to Hudson street was called up and read in the words following.

The Street Committee to whom was referred the Petitions for and the remonstrances against the opening a Street in the Village of Greenwich in continuation of the Eighth Avenue, so as to unite with Hudson Street at Bank street,

Respectfully Report

That they have viewed the premises and heard the petitioners and remonstrants on the subject, and carefully deliberated thereon and under all the circumstances, are induced to offer [141] it as their opinion, that the opening of that Street would greatly facilitate the Communication, and add much to the convenience of all persons having intercourse with that section of the City, as well as to the public

generally, inasmuch as that the Eighth Avenue is destined to be the thoroughfare between the City and County on the Westerly side of this Island, as the Third Avenue is to that on the Easterly side; and as a further inducement to the opening of that Street at the present time, Your Committee represent that the grounds to be taken are vacant and unimproved, and will consequently be attended with far less expense than when they shall be improved by valuable buildings. Your Committee would further Report, that in their opinion, in order to render the intercourse with the Eighth Avenue more convenient Bleecker (late Herring) street, which now terminates abruptly at Bank street ought to be opened into and form a junction with Hudson street, and the contemplated extension of the Eighth Avenue; and also to extend Greenwich Lane into the Eighth Avenue at Thirteenth street. For the reasons stated in the foregoing Report, Your Committee are induced to submit the following Resolutions

Resolved that a street be opened of the width of seventy feet in continuation of the Eighth [142] Avenue from Thirteenth street to the intersection of Hudson street with Bank street

Resolved that Bleecker street be continued to Hudson street

Resolved that Greenwich Lane be continued to the Eighth Avenue.

Resolved that the Counsel to this Board adopt the necessary measures for having the foregoing resolutions carried into effect.

It was agreed to consider the Resolutions separately. Mr Bryson gave notice of reconsideration of first Resolution at the next Meeting of the Board.

Alderman Lozier presented the following Resolution which was read and referred to the Street Committee. Resolved that it be referred to the Street Committee to examine & Report on the expediency of re-paving Mott street from Walker to Bayard Street and also Mulberry street from Bayard street to the bend near Cross street.

His Honor the Mayor & Counsel of the Board to whom was referred the subject of the alledged nuisance at the North westerly corner of Broadway & Liberty street presented a Report which was referred to the Law Committee.

The Street Commissioner presented a Return of Delinquents on the Assessments for re-paving Spring street from Greenwich to Washington street and for a Well & Pump in 17th Street near the 7th Avenue. Whereupon a Warrant was directed to be issued to Jameson Cox the Collector thereof.

[154] The Street Commissioner presented an Assessment for re-paving Greenwich street from Clarkson to Hammersly street which was confirmed and John Hanmer appointed Collector.

The Street Commissioner presented an Assessment for a Well & Pump in 10th Street which was confirmed & Jameson Cox appointed Collector.

Upon recommendation of the Street Commissioner Jameson Cox was appointed Collector on the Assessment for a Well & Pump in 13th Street confirmed at the last Meeting of the Board.

The Finance Committee to whom was referred the Petition of Robert Chesebrough to be relieved from the payment of an Assessment for regulating 12th Street presented the following Report against the same

The Finance Committee to whom was referred the Petition of Robert Chesebrough praying that he may be discharged from they payment of a sum of money assessed upon a piece of ground in the 9th Ward formerly belonging to him for regulating 12th Street

Respectfully Report.

[155] That on examining into the facts of the case they find, that on the 1st January 1827 a Contract was entered into for regulating 12th Street which by the terms of the Contract was to have been completed the 1st October 1827, but was not in fact completed until about the beginning of the year 1829; that the Surveyors return and Assessment list was delivered to the Assessors about the month of March last, and was returned by them, and advertised on the 20th of May last, that no objections were made, And the Assessment was confirmed by the Common Council on the 1st of June last. In this Assessment Mr Chesebrough is charged with the sum of $84.38 as one of the owners of property benefitted by the operation. They find also that on the 10th March 1828—The Resolution of the Board was passed directing the necessary steps to be taken for opening the 7th Avenue, and that the

Report of the Commissioners appointed for that purpose was confirmed by the Supreme Court on the first of June last. By this Report the sum of $851, was awarded to Mr Chesebrough for property taken by the Commissioners being the same property against which the Assessment for regulating 12th Street was made as above stated.

Mr Chesebrough contends that inasmuch as the Report of the Commissioners for opening the 7th Avenue was confirmed by the Supreme Court [156] a few hours before the Assessment for regulating 12th Street was confirmed by the Corporation he ought not to be affected by the Latter. The Committee however do not think that this accidental circumstance furnishes any ground for exempting him from the payment of the sum Assessed against him. The operation of regulating 12th Street was actually completed while he was the owner of the property assessed, and there can be no doubt that the Commissioners on opening 7th Avenue in estimating the amount to be awarded to him, took into consideration, all the circumstances then affecting the value of that property.

The Committee therefore submit the following Resolution.

Resolved that it is inexpedient to grant the prayer of the said Petition.

The Finance Committee presented the following Report relative to the annual allowance to the New York Institution for the Instruction of the Deaf & Dumb recommending the Repeal of the [157] Resolution of 13th July 1818

The Finance Committee respectfully Report to the Board, that on the 13th day of July 1818, the Common Council resolved, that the Directors of the New York Institution for the instruction of the Deaf and Dumb, be authorised to receive in their School Ten Deaf and Dumb persons at the expense of the Corporation, provided such persons are in needy circumstances and unable to pay the expense, of their instruction, and are inhabitants of this City, And that the expense of each scholar shall not exceed Forty Dollars a year. It was also Resolved that a donation of $500 be made to said Institution, to aid them in carrying into effect this laudable undertaking.

The above named Institution has accordingly received the Annual sum of Four hundred Dollars till the 13th of April last.

On the 8th of September 1829, the Board of Supervisors agreed to raise by Tax (according to a Law of the State) the sum of $1650. for the instruction and support of Eleven Mutes in the above mentioned Institution, which amount has been added to the Tax of the year 1829.

It appears to the Committee proper, to pay the Institution for the instruction of the Deaf and Dumb, the Semi Annual allowance of $200. to the 13th day of October 1829 and that the Resolution. [158] aforementioned of the 13th of July 1818 should be rescinded.

They accordingly recommend to the Board the adoption of the following Resolution.

Resolved that the Resolution of the Common Council authorising the payment to the Directors of the New York Institution for the instruction of the Deaf & Dumb of a sum not exceeding Forty dollars a year for Ten Deaf and Dumb persons be repealed from and after the 13th of October 1829

Respectfully submitted

The Finance Committee to whom was referred the Petition of John Devlin to purchase a Gore of Land adjoining his property at the North East corner of 7th Avenue & 12th Street presented the following Report in favor of the same.

The Finance Committee to whom was referred the Petition of John Devlin praying that a Gore of Land on the North Easterly corner of the Seventh Avenue and 12th Street may be sold [159] to him

Respectfully Report

That the said Gore became the property of the Corporation by the proceedings for opening the Seventh Avenue from Greenwich Lane to Twenty first street at the price or value of Two hundred and twenty eight Dollars & 50/100 and that the Petitioner is the owner of the Land adjoining the said Gore.

The Committee are therefore of opinion that the said Gore should be sold to the Petitioner for the said sum, and they offer the following Resolution.

Resolved that the Counsel to the Board prepare a Deed to the said

Petitioner for the said Gore according to this Report and that the same be executed in the usual manner during the recess of the Board.

The Law Committee to whom was referred the Petition of Nicholas Schureman & others praying an Investigation of the conduct of the Inspectors of the late Charter Election in the 10^th^ Ward presented the following Report.

[160] The Law Committee to whom was referred the Petition of Nicholas Schureman Solomon Wheeler and others complaining of the conduct of the Inspectors of the late Election in the 10^th^ Ward and praying an Investigation thereof.

Respectfully Report

That they have notified and heard the parties and their Witnesses and have given to the subject that consideration which its importance demanded—One of the charges brought against the Inspectors, is, that on each of the days of the Election they adjourned the Poll for one hour for the purpose of dining.

This proceeding it fully appears, was adopted by the Inspectors in perfect good faith, under a very natural, though as your Committee conceive erroneous construction of the Election Law.

By the Act respecting Charter Officers of this City April 16^th^ 1822; it was provided that the Election for Charter Officers, should be conducted in the same manner as that for Members of Assembly, in respect to which by a previous Law it was enacted that the Polls should be opened at or before 10 OClock in the morning and should be kept open till the setting of the sun.

The question then arises does this error in judgment committed by the Inspectors vitiate the election.

[161] It does not appear that there was any press at the poll during the period of these adjournments or that a single vote was lost. If then this mere irregularity, proceeding from the purest motives, and attended in the particular instance with no injurious consequences, is to subvert the late election in the 10^th^ Ward, there is hardly a Ward in the City, it is believed which would not be liable to a similar fate.

With respect to the various other charges contained in the Petition your Committee do not deem it proper that they should be spread upon the Records of the Common Council, inasmuch as they have been disclaimed or entirely disproved—It is due however, to the Inspectors, to add, that their conduct at the late election, was, in the opinion of your Committee, in all respects just and impartial.

Your Committee therefore recommend the adoption of the following Resolutions.

Resolved as the sense of this Common Council that there is no sufficient ground for impeaching the conduct of the Inspectors of the late Election in the 10th Ward.

Resolved that the temporary adjournments of the Poll before sunset although irregular, do not render the Election void

The Committee on Arts & Sciences to whom was referred a Communication from Ab^m^ Van Cleef Agent for David H Burr proprietor of a Map and Atlas of the State of New York praying the patronage of the Corporation presented the following Report.

The Committee on Arts & Sciences to whom was referred A communication from Abraham Van Cleef agent for David H Burr in relation to A Map and Atlas of the State of New York beg leave to Report

[202] That they have carefully examined the Map and Atlas presented and feel it their duty to state that in their opinion the work is executed in a masterly manner giving evidence of a degree of skill and perseverence in that particular branch of Science not surpassed by any thing of the kind in our Country. And as this work has been prepared under the immediate Superintendence of the Surveyor General and the Comptroller, we have no hesitation in recommending it to the Public, as containing a greater fund of information in relation to the State of New York than is to be found in any other work of the kind—Your Committee would therefore offer the following Resolution.

Resolved that by way of encouraging an Art so intimately connected with the interest and Honor of our Country, that the Comptroller be authorised to purchase One Copy for the Mayors Office,

One copy for the Street Commissioners Office, One Copy for the Comptrollers Office and one Copy for the Establishment at Bellevue

The Committee on Assessments to whom was referred the Petition of Jane Mary Auchincloss for correction of an Error in her Tax on House & Lot N° 19 Allen street Respectfully Report

That from the Certificate of one of the Assessors hereunto annexed it appears that the mistake was made by the person Copying the Assessment Book and that the same ought to be valued at Eighteen hundred instead of Twenty eight hundred Dollars.

The Committee offer the following Resolution.

Resolved that the Tax of Jane Mary Auchincloss for premises N° 19 Allen street 10th Ward be reduced from the amount on Twenty eight hundred Dollars to an Amount on Eighteen hundred Dollars & the Collector directed to return the deficiency among the Errors of Taxes in said Ward

The Street Committee to whom was referred the Petition of Robert Ray and others to have the name of that part of Marketfield street lying between Broadway and West street [217] changed to that of Battery Place,

Respectfully Report

That in their opinion the altering the names of Streets is attended with much inconvenience particularly in tracing the Title to property bounded thereon and ought not to be done unless good reasons are urged therefor—In the present case the request of the Petitioners appears to your Committee reasonable and proper inasmuch as that part of Marketfield street is intirely detached from the Old part of the Street lying between Broad and Whitehall streets and is thereby attended with much inconvenience to the Petitioners—Your Committee would therefore suggest the propriety of granting the request of the Petitioners and accordingly recommend the adoption of the following Resolutions.

Resolved that the name of that part of Marketfield street lying between Broadway and the Hudson river be changed to that of Battery Place and by that name be hereafter known and distinguished.

The Committee to regulate the cleaning of Streets presented the following Report.

The Committee to regulate the cleaning of Streets Respectfully Report

[220] That in pursuance of the duties incident to their appointment, they have had under their examination, the accounts of that Department up to the first day of February last, as rendered by Mr Rapleye the late Assistant Superintendent of Streets.

His accounts as then rendered not being satisfactory, as well as the circumstance of his leaving the Office to the care and conduct of his successor, Mr Dobbs induced the Committee to make a thorough investigation of the affairs of the Department.

It appears that from the commencement of the system, the "out door" business of the Office only was attended to by the Superintendent, while the multifarious details of the monied transactions were made exclusively the duty of the Assistant, who reported once in three months to the Committee "to regulate the cleaning of Streets."

Here an almost total irresponsibility on the part of the Agent is self evident, and in the opinion of your Committee constitutes a radical defect in the system.

Your Committee acknowledge and appreciate the services of Messr Bloodgood and Rapelye who, under their direction have devoted much time and labour to the [221] adjustment of the accounts, but after waiting upwards of three months for the result of their joint efforts, and nothing satisfactory being attained, it was determined to employ an experienced and competent Accountant to aid them in accomplishing their object.

Mr Waters was selected for this purpose, and the books, vouchers &c &c, put into his hands accordingly. In performing the duties assigned him Mr Waters had many delays to encounter, and numerous difficulties to surmount, all which he has met with his accustomed perseverance, and the result is, your Committee believe, a correct statement of the accounts of the late Assistant Superintendent of Streets, from the commencement of the Office up to the first day of February 1829

A statement thereof by Mr Waters, with the securities received covering all deficiencies which have been ascertained, and providing for any contingencies which may occur is annexed, with which your Committee are satisfied.

While Mr Waters was progressing in his investigation of the accounts, your Committee directed their attention, to an improvement of the system, and with this view the following Resolution was presented to the Common Council on the 19th October last vizt: "Resolved, that [222] the Committee to regulate the cleaning of streets be directed

to digest and report a plan for the improvement of that department." This resolution was adopted, and the subject thus brought under the immediate consideration of the Committee.

The safety of the public purse is in the opinion of your Committee, the great desideratum in all fiscal concerns, and any system of expenditure, which does not secure that all important object, should either be corrected or abandoned. Officers handling large sums of public money should promptly account for it, not to themselves, as has been the case in this department, but to the Official auditor of all the other public accounts of the City. The interest of the public as well as the character and reputation of the Officer demand this safe and obivious course.

To attain an object so desirable for the department committed to their supervision—Your Committee respectfully recommend that—From and after the first day of January next the moneys received by the Superintendent of streets, his Assistant or Agents for Manure sold, for any Public Property disposed of, or for any other public purposes whatsoever, [223] shall be paid by him, or by his Assistant, to the City Treasurer, at least once in every month; and that an Account of all such money so paid, with the Treasurers receipt for the same, shall be deposited in the Office of the Comptroller immediately thereafter, in order that a regular account may be kept on the books in the Office of the Comptroller, of all the receipts and payments appertaining to the cleaning of streets, and sweeping the public grounds; and that these two accounts shall, as heretofore be kept separate and distinct.

That all moneys to be disbursed by the Superintendent or Assistant Superintendent of Streets shall be obtained by Warrant on the City Treasurer, being first ordered by the Common Council; and that all orders so presented for the sanction of the Board, shall state the specific object of the appropriation required, thus enabling the Comptroller so to charge the same in his annual account; that a full, clear, and correct statement of the receipts and disbursements of that Department, shall regularly be laid before the public.

There shall also be laid before the Comptroller for his inspection, monthly a detailed account of all the sales for the preceding month, including the certificates [224] their respective numbers, the number of Loads of Manure the price &c &c. together with the particulars of all certificates remaining unpaid, and not returned to the Office, and also the certificates on hand.

When a boat is loaded a receipt shall be taken from the Captain or

from some other person on board, hold the Captain the owner & vessel accountable until the certificate for the manure shall be returned to the Office.

Blank forms shall be prepared and printed under the direction of the Comptroller and Superintendent of Streets to give facility and system to the operations of the department. Your Committee have only to add, that a final settlement of the accounts before them was effected only a few days since, and therefore, to have reported sooner, could neither have been satisfactory to themselves nor acceptable to the Board.

The Committee submit the following Resolution.

Resolved that the foregoing be adopted, and that the Superintendent of Streets, together with the Comptroller be directed to make the necessary arrangements [225] for carrying it into effect on the first day of January next.

David Bryson Esq[r] Chairman of the Committee to regulate the Cleaning of Streets

Sir

In conformity with your instructions in relation to the accounts of M[r] Jacob Rapleye late Assistant Superintendent of Streets, I have examined very carefully the Books and papers furnished me by the Department and the following summary is presented as the result of the investigation.

The amount received by him from Mathew Reed Esq[r] Chairman of the Special Committee is	$3.834.00
From the Corporation by Warrants drawn in favor of John B Bloodgood Superintendent	8.754.98
From sales of Manure as per Certificates credited	56.027.61
Making a total of	$68.616.59
[226] The payments made by him for public account as per Cash & receipt books amount to	$65.617.70

The following cash vouchers being what he received on Certificates credited have been handed over to J. M. Bloodgood Superintendent viz:

In Notes of Broken Banks	$63.	
Counterfeit Notes	66.	
Notes of hand Jn L Lefferts	82.72	
Thomas Burroughs	52.	
Joseph T. Weyman's	391.90	
Do Do	238.90	
Holems [Holmes] Van Maters	297.56	
George J Rapelye's	259.61	
Due bill of Gilbert Van Mater	123.40	
		1.575.09
An[d] he has paid to Mr Bloodgood Superintendent, cash		1.423.80
Making a total of		$68.616.59

An[d] closes the cash Accounts of the Office, by accounting for all the moneys received, so far as known and in order to provide for any omissions of credit for money received either by Mr Bloodgood, Mr Rapelye or Mr Ludlum for or on account of Certificates which have been returned to the Office of Superintendent of Streets and are mislaid and missing, Mr Rapelye proposes to give a Bond with satisfactory security for the whole amount [227] say Six hundred and sixty five dollars and twenty seven Cents

There are also a number of Certificates yet outstanding, amounting to eighteen hundred and seventeen dollars and ninety eight cents, which do not appear to have been returned to the Office, but on which Mr Rapelye may nevertheless have received something, to provide for which he expresses a willingness to give another Bond for the whole amount of these Certificates, conditioned to pay the amount of his endorsements on any such Certificates or of his receipts as they shall be produced.* A part of these last have been heard from say to the amount of about Six hundred dollars, and the rest are expected in due course by the Superintendent.

The Certificates on hand and those in suit will of course be accounted for in the subsequent returns of the department

In the Negative—Mr Recorder Ald Cebra Stevens I Brown Lozier Dodge Lee Mr Roosevelt *Roosevelt* Seymour Mandeville Strong Cowan Jeremiah Cooper 15.

Alderman Stevens moved that the Report of the Joint Committees of Police and Jail & Bridewell on subject of locating a Jail & Bridewell in Houston street be now called up and considered—The Question

being taken thereon and a Division being called it was carried in the Affirmative as follows

In the Affirmative Mr Recorder Ald Cebra Mott Stevens I Brown Lozier Meserole Palmer Mr Roosevelt Seymour Mandeville Arcularius Strong Cowan Jeremiah 15

In the Negative Ald Coe B M Brown Peters Dodge Lee Woodruff Mr Bryson Wells Pinckney Cooper Lovett Engs 12

[231] The same was read as follows

The Jail and Bridewell and Police Committees to whom the annexed Resolutions presented to the Board by Mr Roosevelt were referred, and to whom the subject of the location of a Bridewell had also been referred—Report

That the Board by a Resolution passed the last summer authorised your Committees to treat for the purchase of some suitable location for both a Jail and Bridewell, and to Report the same to the Board: under this direction, Your Committees have at last been able to negociate with the various proprietors of the grounds fronting on Houston street and extending from Crosby to Mulberry streets for their Lots. The front on Houston street is 233 feet 3 inches, and the depth on Crosby street 104 feet 7 inches, and on Mulberry street 115 feet 11 inches—The ground is principally vacant, or slightly improved, and this part is offered at $2,100 per Lot of 25 by 100 feet, and allowing for the improvements on the other parts of the block described, the whole can be procured at about $23.500; Your Committees recommend the purchase of this property, and the erecting thereon both a Jail and Bridewell; the situation is the most central that can be procured, is high and commanding ground, and convenient to both the great thorough fares of the City, Broadway & Bowery

[232] The Resolution of Mr Roosevelt referred to your Committee, proposes that part of the Old Alms House be converted into a prison to be called a House of Detention, and to be used for persons charged with crimes awaiting their trial. Names do not alter things, The Bridewell is now almost exclusively used for the detention of persons awaiting their trial, and it is believed that the persons confined there under sentence, do not exceed, on an average during the year, two or three, so that the resolution virtually recommends the converting the Old Alms House into a City Prison and for the uses the Bridewell is now almost exclusively put to that is to say, this building to be made a Prison for the confinement of the 150 persons usually standing charged and committed for trial.

As the cell and classification establishments are the order of the

day, it will be perceived the room required would be very extensive. But your Committees object to the plan proposed by the Resolution because the Old Alms House building is required for other purposes, and to which it can be appropriated with but trifling Expence. The Commissioners of the Alms House are here accommodated and not unfrequently 400 or 500 poor persons are here waiting to be examined and relieved by them. They here store wood and many other necessary [233] articles for the poor. They here have a Hearse Establishment, and Vehicles to transport the sick poor to the Alms House. The plan proposed routs the Commissioners much in the opinion of your Committees to the expense and inconvenience of the Public.

Other parts of this building are required for Offices now in the City Hall, so as to leave further accommodation in the Hall for other purposes.

The City Inspectors Office, Comptrollers Office, Collectors Office, and Grand Jury Rooms might be removed to the old Alms House, and the basement story of that building would well accomodate the Watch now badly accommodated in this Hall—And if we bring to mind that the Police Magistrates and Marine Court Justices, have long been in the mists of a cellar accommodation, there will be but one opinion that they too should be accommodated above ground, where they will be exposed to and enjoy the sun and light of heaven—These uses are enumerated to show the Board that the Rooms in the building referred to are wanted and can be appropriated usefully without the destruction of the present interior construction of the edifice

The expence of converting this edifice into a Prison would your Committee think be nearly [234] as great as to erect a new Prison; and they cannot but think that laying out money for constructing a Prison in so central and exposed a situation and in the midst of what is justly considered the most beautiful part of our City, and in the vicinity of our most expensive public building would be ill advised in the extreme. If the Board are not prepared to build a new Prison away from the Public grounds, adjacent to the Hall your Committees would prefer that the present Bridewell building remain rathar than to adopt the plan of spending money in patching up and vamping over the Old Alms House into a City Bridewell

If our City should continue for some years to come to increase in wealth and population, in the like proportion that it has increased in the years which have gone by, it is probable that before a lapse of a long period of time, that the ground on which the edifice in question

stands will be occupied with a Building corresponding in magnificence with the present City Hall; and if this should be the case, (and a Committee of this Board reported a plan for such an improvement during the last year) it will be seen that much public money would be uselessly [235] thrown away, in the construction of this Building into a Prison—In conclusion your Committees offer the following Resolution.

Resolved that the Jail and Bridewell and Police Committees be authorised to purchase the ground described in this Report fronting on Houstoun street at a price not to exceed $23,500.

The Committee on Applications to the Legislature presented a Report relative to the Collection of Taxes and Assessments accompanied with the draft of a Law which were read [254] Laid on the Table and directed to be printed for the use of the Members—It was afterward called up and read in the words following.

The Committee on Applications to the Legislature in pursuance of a Resolution of the Board passed November 16, 1829 authorising them to Report to the Board from time to time, such alteration or Amendments in any of the Laws of this State relative to this City, as they might think expedient Respectfully

Report

That the existing Laws relative to the Collection of Taxes and Assessments in this City do not give to the Corporation any power to postpone sales of Lands and tenements for taxes or Assessments after such sales have been advertised, and as Circumstances may often render it expedient to grant further time to proprietors of Lands so

taxed or assessed without adding the charges consequent upon a sale to the existing encumbrance of such Tax or Assessment, the Committee are of opinion, that the Common Council should be invested with legal authority for that purpose.

They would also recommend that this subject should receive the immediate attention of the Board, inasmuch as a very extensive Sale of Real property for Assessments, is now [255] advertized for the 18th of January next and if sufficient reasons should exist for suspending such sale until a future period, application should be made to the next Legislature at the opening of the Session for the passage of such an Act as may render it legal for the Common Council to exercise their discretion on the subject.

In Connection with the above proposed amendment, the Committee would also suggest the propriety of reducing the expences incidental to such sales, in every possible shape. As the law now stands, it is necessary to employ an Auctioneer to conduct the sale, thus adding a charge upon every Lot or parcel of property, which might be avoided, if some proper Officer of the Corporation were empowered to sell. They beg leave therefore to recommend, that the necessary provision to effect this object may be inserted in any Law to be applied for on this subject.

The Committee would also point out an alteration to the present Law relative to the Collection of Taxes and Assessments, which although of Minor importance to those above mentioned, might properly be embraced in the proposed amendatory Act. The law now directs that by the advertizements, of sales, the owners should be required to pay their [256] respective Taxes or Assessments with interest charges to the Treasurer or Chamberlain of the City. The Committee believe that practically it never has been part of the duty of the City Treasurer to receive such payments or to keep the necessary documents or Books to enable him to do so correctly, nor do they consider that he is the proper Officer to perform that duty—The notices to be published prior to such sales, should in their opinion require such payments to be made to such person or persons (to be designated in the Advertisement) as the Common Council should appoint to Collect or receive the same.

The Committee submit herewith the draught of an Act prepared in Conformity with this their Report, and they offer the following Resolution.

Resolved that the Counsel to the Board prepare a Memorial to be presented to the next Legislature for the purpose of such Act and

that the same be authenticated in the usual manner during the recess of the Board

The Road Committee presented a Report relative to McAdamising the 3d Avenue which was laid on the Table and directed to be printed for the use of the Members

The Street Commissioner presented an Ordinance for a Well & Pump in 20th Street between the 8th & 9th Avenues which was passed and David Lyon William Lockwood and Charles Dusenberry were appointed Assessors

The Special Committee on the City Convention presented the following Report

The Special Committee to whom was referred the returns made by the Inspectors of the late Election in relation to the amendments proposed by the Convention to the Charter of the City respectfully submit the following Report

[259] It appears by these returns that, of the votes given on the subject of the Charter 10,899 were in favor of, and 5588 against, the proposed Amendments. The number first mentioned embraces, as well those who Voted " Aye two years," as those who voted " Aye one year."

The proposed amendments having been thus passed upon by the people and approved by a Majority, your Committee do not feel themselves at liberty to enter into their merits. They therefore offer for the consideration of the Common Council the following Resolution.

Resolved that in complience with the wishes of the people, expressed at the late Election, a Memorial be presented to the Legislature, submitting to that Body the amendments so proposed to the City Charter.

Resolved that the Counsel cause the said Memorial to be prepared and Reported to the next Meeting of the Board.

So it was carried in the Affirmative, the Report was approved and the Resolution adopted

The Law Committee to whom was referred the subject of the Election of the Collector of the 12th Ward presented the following Report

By the return referred to the Committee [261] it appears that of the votes given for the Office of Collector of the 12th Ward 259 were for Abel Wheaton 17 for Abel Wheaten and 276 for Henry T Boyle

The first question presented is whether the two first setts of votes are to be considered as for one and the same person. It is obvious that the slight variance in the spelling does not alter the sound of the name in the pronunciation; and the votes must, therefore, according to established principles, be counted for the same individual, unless it be shewn that there was some other candidate, to whom they might apply. In the present instance there were but two candidates for the Office in question.

Abel Wheaton and Henry T Boyle, and there was no person of the name of Wheaten residing in the ward. There can be no doubt, therefore, that the 17 votes as well as the 259 were intended to be given for Abel Wheaton.

As the intention of the Electors, thus clearly expressed must and ought notwithstanding the slight mispelling, to be carried into effect, the result is a tie between the two Candidates. Does Mr Wheaton then, the present incumbent, hold over, or is there a vacancy, and if so, can the Common Council order a new Election? In the Charter of the City it is expressly provided that the Aldermen Assistants &c shall continue in their respective offices until [262] other fit persons are elected and sworn in their places. The office of Collector, in the enumeration of those who are so declared to hold over, is althogether omitted. In the Act respecting the Election of Charter Officers, passed by the Legislature of the 16th of April 1822 it was declared that the Charter officers to be chosen after their next election ("excepting the Collectors") should be sworn into and commence the duties of their Offices on the last Monday of December in each year, and should continue in their offices from their being so sworn until other fit persons should be elected and sworn in their places.

The silent omission in the Charter and the express exception in the Statute taken in connection, prove conclusively, as your Committee conceive, that the Office of Collector is not one of those to which the principle of holding over applies.

Should any further arguments however, in support of this opinion be deemed necessary, it may be found in the 5th Section of the Statute already referred to "And be it further enacted that the Collectors of the Respective Wards of the said City shall be elected to serve in their respective Offices for one year from the second Monday of May

next after such election." The Office therefore of Collector of the 12th Ward will be vacant after [263] the second monday of May next, and the next question is in what manner shall the vacancy be supplied. The Committee have carefully examined the Charter and Laws on this subject, and can find no provision in them applicable to the case under consideration. Should any Charter Officer die or remove, out of the City, or refuse or be disqualified to serve, the Legislature have declared that the Common Council may order an Election to fill the vacancy thus produced; but should the people from division of opinion, as in the present instance, fail to make a choice, it is manifest that the case would not come under either of the heads so provided for.

It has been suggested that no express Legislative provision is necessary to authorize the Common Council to order a new Election, and that such power is necessarily implied in the ordinary grant of Corporate jurisdiction—As this position however, is by no means free from doubt and as the Legislature will soon be in Session, the Committee conceive it would be the more safe and expedient course to apply for a special Act on the subject. They therefore recommend the adoption of the following Resolution.

Resolved that the Counsel of the Board be instructed to prepare and submit to the Board *to* [a] draft of an Act to be passed by the [264] Legislature providing for the case of a tie in the election of Charter Officers,

That they have reviewed the subject and although the case may be hard yet there is nothing in the Law which justifies the Common Council in granting relief

Upon Motion the Rules and Orders of the Common Council for the regulating and conducting business at the Meetings thereof at present in force were Adopted, and it was referred to the Committee on Laws, to report whether any, and what other Rules are necessary or what amendments was required thereto

Alderman Seaman moved that the [278] Board now proceed to the Election of a Mayor for the ensuing year.

Alderman Strong presented the following Preamble and Resolutions.

Whereas Walter Bowne Esquire the present Mayor is a Candidate for the Office of Mayor at the present Election and thereby interested in the Question. And Whereas the 13th rule of this Board declares "that no member shall vote on any question in which he is interested."

And Whereas it is necessary for the free discussion of the qualifications of the Candidates that they should not be present; Therefore Resolved that his Honor the Mayor be requested to vacate his seat at the Board and that the Recorder preside during the Election.

A Motion was made to lay the same upon the Table, but no question was taken thereon.

After some discussion the Mayor decided that the Motion of Alderman Seaman to go into the Election of Mayor was first in Order to be considered.

Alderman Strong objected to the decision of the Mayor and appealed therefrom to the Board; The question being taken on the Appeal, the decision of the Mayor was sustained, and a Division having been called the Members voted as follows

[279] In the Affirmative Mr Recorder Ald Nevius Seaman B M Brown Wells Meserole Lee Woodruff Mr Roosevelt Bryson Scott Beadel Rogers Cooper Lovett 15

In the Negative Ald Mott Stevens I Brown Strong Marsh Palmer Mr Seymour Mandeville Arcularius Townsend Jeremiah Dibblee Engs 13

The Question was then taken on Alderman Seamans Motion to proceed to Ballot for a person to fill the Office of Mayor and a Division having been called the Members voted as follows.

In the Affirmative Mr Recorder Ald Seaman B M Brown Wells Meserole Lee [280] Woodruff Mr Roosevelt Bryson Scott Beadel Rogers Cooper Lovett 14.

In the Negative Ald Nevius Mott Stevens I Brown Strong Marsh

Palmer Mr Seymour Mandeville Arcularius Townsend Jeremiah Dibblee Engs 14

The Board being equally divided the Mayor gave his vote in the Affirmative.

Mr Engs gave notice of reconsideration at the next Meeting of the Board.

A Motion was then made to adjourn the question being taken thereon and a Division having been called the Members voted as follows

In the Affirmative Ald Nevius Mott Stevens I Brown Strong Marsh Palmer 7.

In the Negative Mr Recorder Ald Seaman B M Brown Wells Meserole Lee Woodruff Mr Roosevelt Bryson [281] Scott Beadel Rogers Cooper Lovett 14

It being suggested that there was not a Quorum present a Call of the Board was made on Motion of Alderman Stevens when it appeared that there were Thirteen Aldermen and but Seven Assistants present which was not a Quorum of the Board.

The Mayor then directed Mr Williamson the Messenger of the Board and Mr Hays High Constable to wait upon the absent Members and request their attendance at the Common Council Chamber forthwith—After some time the Messengers returned, Mr Williamson reported that he had seen Mr Seymour at his own House, who said he was engaged and could not attend, that he had seen Mr Arcularius, Mandeville, Townsend & Mr Jeremiah who returned their Compliments to the Mayor and said they were engaged and could not come—Mr Hays reported that he had been at the dwelling Houses of Mr Arcularius Mr Engs and Mr Dibblee, but did not find them at home. The Mayor then stated that there would be a recess of the Board until 5 OClock P M this day when the Board [282] would again Reassemble for the dispatch of business.

The High Constable Mr Hays was then furnished with a list of the absent Members and was directed by the Mayor to call upon them, inform them of the Recess and request their attendance in the Common Council Chamber at 5 OClock. The Mayor then left the Chair and the Members separated

At 5 OClock P M the Members reassembled and the Board having been called by request of Alderman Seaman the following Members appeared and took their Seats Viz^{t}

The Board having been called to order by the Mayor—Mr Roosevelt moved that the reading of the Minutes of the past Meetings be dispensed with and that the Board proceed upon the unfinished [287] business. The Question was on Motion of Alderman Stevens divided and was taken on Mr Roosevelts motion for dispensing with the read-

ing the Minutes. Upon taking the Question Mr Engs called for the Ayes & Noes when the Members voted as follows Viz[t]

In the Affirmative Mr Recorder Ald Seaman B M Brown Meserole Lee Woodruff Mr Roosevelt Bryson Scott Beadel Rogers Cooper Lovett Ald Wells 14

In the Negative Ald Nevius Mott Stevens I Brown Strong Marsh Palmer Mr Seymour Mandeville Arcularius Townsend Jeremiah Dibblee Engs 14

The Board being equally divided the Mayor gave his vote in the Affirmative, so the reading of the Minutes was dispensed with

It was then agreed to proceed to the Election of Mayor—Alderman Stevens then presented a Resolution "That a Mayor being a Candidate for the Office of Mayor is interested in the question of his [288] Election and Appointment." The Mayor declared the same out of order, an appeal was made to the Board from the Decision of the Mayor, the Question being taken thereon and a Division called by Mr Engs the Members voted as follows.

In the Affirmative Mr Recorder Ald Seaman B M Brown Wells Meserole Lee Woodruff Mr Roosevelt Bryson Scott Beadel Rogers Jeremiah Cooper Lovett 15

In the Negative Ald Nevius Mott Stevens I Brown Strong Marsh Palmer Mr Seymour Mandeville Arcularius Townsend Dibblee Engs 13

So the Decision of the Mayor was sustained. Mr Engs presented a Resolution as follows.

Resolved that no Ballot shall be received for *for* any person for the Office of Mayor who is not openly nominated in this Board—A Motion was made to lay the same on the Table, the Question [289] being taken thereon and a Division being called by Mr Engs the Members voted as follows.

In the Affirmative Mr Recorder Ald Nevius Mott Seaman B M Brown Wells Meserole Lee Woodruff Mr Roosevelt Bryson Scott Beadell Rogers Jeremiah Cooper Lovett 17

In the Negative Ald Stevens I Brown Strong Marsh Palmer Mr Seymour Mandeville Arcularius Townsend Dibblee Engs 11

So it was carried in the Affirmative.

Alderman Stevens offered a Resolution prefaced by observing that by the New Constitution the term of service of the Mayor expired with the last year. "Resolved that his Honor the Mayor is not entitled to his seat" which the Mayor declared out of order. The Mayor then appointed [290] Alderman Mott and Meserole Tellers of the Election and the Board proceeded to Ballot for a person to fill the Office of

Mayor of the City of New York for the ensuing year, when on opening and Counting the Ballots it appeared the[re] were

for Walter Bowne, Fifteen Ballots
for Thomas R Smith Thirteen Ballots
for William S Coe One Ballot

There being a Majority of votes for Walter Bowne the President declared Walter Bowne duly elected Mayor of the City of New York for the ensuing year.

Board adjourned.

The Board being called to order, the Mayor rose and addressed the Board as follows.

Gentlemen of the Common Council.

I am at a loss to express to you in language sufficiently strong the feelings of my heart on your renewed expression of confidence in me, [292] and your approbation of the motives which has influenced my conduct as the Chief Magistrate of our City. I pray you to accept my profound acknowledgements.

In the discharge of my official duties, throughout the preceding year I have used my best endeavours to promote the interests of our City—to cultivate a spirit of harmony with all the Members of the Board and to extend to each that candour, and courtesy, which are essential to a valuable discharge of public duties, and which will always be exacted from men in Office, by a magnanimous free, and enlightened Community.

Allow me to assure you, that I will continue my unabated zeal to promote by every effort on my part, all those measures which your wisdom may suggest for the general good, and the extension of this great and growing Commercial emporium.

To two subjects of deep importance to our City I feel it my duty in a most especial and emphatic manner, to call the attention of the Common Council.

The First is the increasing necessity of procuring a full and abundant supply of pure and wholesome water. We have the opinion of two of the most eminent Civil Engineers that the Byram, Rye and Wompia Ponds will afford such supply [293] there are also the Bronx, Saw Mill and Croton rivers all within our reach, the expence it is believed cannot exceed Two millions of Dollars. It will probably be less. But suppose it will cost $2.000.000 to give to the City an ample supply of water, so as to provide for all the wants of our fellow citizens, to furnish our shipping, our manufactories, to clean our streets, to extinguish fires, will not the City cheerfully encounter the expense?

The City can Borrow money at 5 per Cent, and it is very obvious that by the introduction of an abundant supply of pure water, the Citizens would be saved the expense of Cisterns and other heavy charges in procuring water, and a discreet and equal Water Tax, would meet all expenditures and greatly benefit the citizens.

I recommend an immediate application to the Legislature for the necessary Laws.

The second subject to which I think it my duty to call the attention of the Common Council is also in my judgment of immense magnitude to the interests of the City. I wish to put it upon record though the time has not yet arrived to carry the great work to which I am about to allude into effect. It however has engaged the attention of some of our wisest and most considerate Citizens and amongst others one pre-eminently valued by us all. His thoughts have been turned to it for years. He wrote me, when I was a member of the Legislature, a very able letter, and [294] expressed great anxiety lest our harbour, which has scarcely an equal in the world should be injured by extending the wharves into the river and filling it up with wood and dirt of which the piers are now principally made. This excellent man, this philanthropist who has always devoted himself to the great interests of his native City, and of his country, and shown conspicuously in the path of piety, and in all the charities of society is Col. Henry Rutgers.

His countrys good was his great object and he was a patriot in

whom the people steadily reposed their confidence and delighted to Honor.

This good man proposed that the piers should all be made of Stone; and so anxious was he for the future prosperity of our City, which he justly considered as intimately connected with the preservation of our Harbour; and viewing the East River as an arm of the sea, he was of opinion that the subject now presented to your reflection, merited the fostering aid both of the national and state Governments.

May we not Gentlemen indulge the hope that at no distant day the wishes of this much beloved Citizen, now, indeed nearly lost to us may be realized.

I cannot doubt that after the Canal debt is paid off, our State acting under the influence of that liberal and enlightened policy which has always distinguished her Public councils, will [295] make an appropriation of the auction duties or some other ample fund to effect a work so Honorable to the State and so useful to the City.

May our labours Gentlemen be directed with a sole view to promote and extend the best interests of our Constituents, and may you each receive their approbation.

Peter J Nevius

The Report was approved and the Law passed under the title of " An Ordinance to increase the Compensation allowed to Weighmasters of Anthracite or Hard Coal."

The Police Committee to whom was referred the Petition of James R Manly for permission to remove the remains of a Brother & Two Children and deposit them within the limits prohibited by Law presented the following Report in favor of the same.

The Police Committee to whom was referred the Petition of James R Manley for permission to remove the Remains of a Brother & two Children, now lying without, and to deposit them within the Limits prescribed for the burial of the Dead—Report

That they have duly considered the Petition, And while your Committee admit that this will be setting a precedent on this subject for future applications of a similar kind, Yet they are aware of no good reasons which offer for the denial of such an application—The remains here asked to be [343] removed have been interred (the most recent of them) three years, and it is believed that the living cannot by possibility be injured by this removal and Contemplated deposit of these Remains; If this is admitted, then the Board should comply with the prayer of the Petition.

Your Committee offer the following Resolution.

Resolved that James R Manley be permitted to remove the Remains of his relatives agreeably to his Petition, provided they are removed within One month from the granting this permission

Samuel Stevens
Jon[a] Seymour

Which was approved and the Resolution adopted.

The Committee on Assessments to whom was referred the Petition of Eugene Bogert for relief from personal Tax presented the following Report in favor of the same.

The Committee on Assessments to whom was referred the Petition of Eugene Bogart for relief from an erroneous Tax on personal property in the 7th Ward Respectfully Report.

That Mr Bogart appeared before them and testified that he was out of Town during the [344] period that the Assessors Books were open for Examination, that he is Assessed for personal Property in the 7th Ward on $2000, and that he is not worth any personal property which is legally Taxable.

He also produced the Certificate of the Assessors hereunto annexed, which corroborates his Statement. Your Committee being perfectly convinced that this is a proper case to be relieved offer for the consideration of the Board the following Resolution.

Resolved that the personal Tax of Eugene Bogart on $2000, be remitted & that the Collector place the same among the Errors in Personal Taxes for the 7th Ward.

The Committee on Assessments to whom was referred the Assessments for a Well & Pump in Henry Street near Scammel Street & also for a Well & Pump in Montgomery street near Harman street presented the following Report.

The Committee on Assessments to [345] whom was referred the Assessment for a Well & Pump in Henry Street near Scammel Street, And also for a Well & Pump in Montgomery street near Harman Street with the objections of sundry persons interested in the same respectfully Report.

That they have examined the above Assessments, and the objections which were made, to their confirmation, and are of the opinion that the objections are well founded. The Assessors also appeared before the Committee and after an examination of the Assessments were convinced that unintenti[on]al errors had occurred—Your Committee therefore offer for the consideration of the Board the following Resolution.

Resolved, that the Assessment for a Well and Pump in Henry street near Scammel street, and also for a Well & Pump in Mont-

gomery street near Harman Street be referred back to the Assessors for re-examination.

George D Strong
Henry Arcularius

Which was approved, the Resolution adopted, And the Assessments were accordingly referred back to the Assessors for re-examination.

[346] The Street Committee to whom had been referred the Petition of the Vestry of S[t] Marks Church &c to open that part of Stuyvesant street between the Bowery and Second Avenue as a public Street presented the following Report in favor of the same.

The Street Committee to whom was referred the annexed Petition of the Vestry of S[t] Marks Church together with all the owners of Lots and buildings on Stuyvesant street between the Bowery and the Second Avenue requesting that that part of said Street may remain open as a Public Street or way, inasmuch as that Street was not recognised by the Commissioners for laying out the City into Streets and Avenues.

On all which your Committee respectfully Report. That your Committee have given the subject that deliberation its importance demands, And are of the opinion that Stuyvesant Street ought to be opened and continue[d] one of the Public streets of this City, both for Public convenience and for the accommodation of a large and respectable Congregation attending S[t] Marks Church as well as the owners and occupants of several large and commodious dwelling houses, and other valuable improvements all of which would be destroyed, or rendered of [347] but little value if that Street were closed—But in order that the request of the Petitioners may be carried into effect it will be necessary for this Board to make application to the Legislature of this State for the passage of a Law making such alteration in the Map or plan of this Island laid out by the Commissioners for that purpose into Streets and Avenues. In order to [do] which your Committee recommend the adoption of the following Resolutions.

Resolved that application be made to the Legislature of this State at their present Session for the passage of a Law recognizing that part of Stuyvesant street lying between the Bowery and the Second Avenue, as one of the Public Streets in that part of the City laid out into Streets and Avenues.

Resolved that the Counsel to this Board prepare the necessary draft of a Memorial and a Law in order that the foregoing Resolution may be carried into effect.

The Committee on Arts & Sciences to whom was referred the Resolution relative to furnishing the Members with Burrs Map of the City presented a Report which was read and laid on the Table.

The Special Committee to whom had been referred the Resolution to enquire into the late Election of Mayor presented the following Report.

The Special Committee to whom it was referred to inquire into the facts in relation to the late Election of Mayor Respectfully Report

That they have examined under oath, the tellers, the Clerk, the assistant Clerk, and the Messenger being all the persons concerned in receiving or counting the Ballots, and from their depositions have extracted the following Result

It appears that at the Meeting of the Common Council when the Election took place Twenty nine Members including the Mayor were present, Alderman Mott and Alderman Meserole were appointed Tellers. They occupied as will be recollected by the Board, an elevated situation, open to the view of the Spectators as well as of each other, After they [353] had taken the seat assigned them Mr Williamson the Messenger was directed to Collect the Ballots.

Mr Williamson deposes that before presenting the Box to any of the Members, he took out the drawer and carefully examined it, as also the inside of the Box; both were entirely empty. He then replaced the drawer and presented the Box to each of the Twenty six Members successively. They all voted. He carefuly observed each ballot as it was placed in the aperture of the box; and in every instance in which from

imperfect folding, a Ballot adhered to the sides, it was pressed in, at his request, not by him, but by the member who presented it. He, in no case, himself touched one of the Ballots. After receiving the votes of the Twenty six Members, who occupied the floor of the Hall, not being able to reach the place where the President and Tellers were seated, he handed the Box over to Mr Ahern the Assistant Clerk who presented it to those three members. He saw nothing and knows of nothing to induce him to believe there was any mistake or inaccuracy. He saw and is positive that each of the Twenty six Members, and no others while the Box was in his hands deposited his Ballot therein, and that when he handed the Box to Mr Ahern it contained those Ballots and no others.

Mr Ahern testifies that he received the Box as stated by Mr Williamson and presented it successively [354] to the President and Alderman Mott and Alderman Meserole and saw them deposit their Ballots therein. He then handed it to Alderman Mott, who sat between the President and Alderman Meserole, for the purpose of being canvassed. The Ballots being all received he took his Seat at the desk in front of the Tellers, and kept a Tally of the Votes as they were announced by Alderman Mott, as a check upon the Tally kept by the Clerk, that is the uniform practice; By his Tally there were 15 Votes for Walter Bowne 13 for Thomas R Smith and 1 for William S Coe. The tally kept by the Clerk exhibited the same result. They were kept independently of each other. He has no doubt of the accuracy of the count, and has no reason to suspect any error or mistake in any part of the Transaction.

General Morton, the Clerk, deposes that he kept the main Tally. He sat at a Desk immediately in front of the Tellers with his back towards them, Alderman Mott announced the contents of the Ballots. It was done slowly and deliberately. As each Ballot successively was proclaimed witness carefully noted the result, and then, from time to time, as a guide to the Tellers, called out " down "—The Tellers having finished, he added up the Votes for the respective candidates and found that 15 had been given for Walter Bowne 13 for Thomas R Smith and 1 for William S Coe. He so announced the result and [355] has no doubt of its accuracy.

Alderman Mott states that himself and Alderman Meserole were the Tellers. At the request of the Mayor they took their Seats on his left, he (Alderman Mott) being in the Centre. The Mayor removed all his papers to the extreme right end of the Table, so that the place where the Ballots were to be counted was perfectly free. After all the

Ballots had been collected the box was handed by the Assistant Clerk to witness. Witness drew out the drawer and turned its contents upon the table. He then first counted the Ballots unopened and found that they were 29 corresponding with the number of the Members present. Alderman Meserole saw this done and witness is under the impression that he also counted the Ballots or some part of them, as they were spread out on the Table, to see that the count of witness was correct. Witness then commenced opening the Ballots and he thinks as he held them in his hand he shewed them to the Mayor and then to Alderman Meserole. The Mayor after the sixth or seventh Ballot turned aside, and appeared to be engaged in writing. As each Ballot was opened witness announced its contents and did not proceed further until the Clerk had pronounced the word "down" Witness laid the Ballots, as they were called out, on three separate piles, and after the result of the whole had been announced, for greater satisfaction he re-counted the pile for Walter Bowne and found that it corresponded [356] with the previous count. There were 15 Votes for Walter Bowne 13 for Thomas R Smith and 1 for William S Coe. No ballot was so written that there could be any mistake as to the person for whom it was intended. The ballot for William S Coe was in Mr Bownes handwriting. He further states that the whole proceeding was conducted carefully and deliberately and that he knows of no circumstance to induce him to suspect any error or mistake

Alderman Meserole in his account of the canvass coincides in every essential particular with Alderman Mott. He states however that he has no recollection of having touched any of the Ballots, although he saw them all as they were successively opened and exhibited to him and declared by Alderman Mott.

The Committee not deeming it necessary to express any opinion of the facts above stated would conclude by simply recommending the adoption of the following Resolution.

Resolved that the foregoing Report be accepted and entered on the Minutes and that the Committee be discharged from the further consideration of the subject.

[358] The Memorial to the Legislature respecting the Amendments to the Charter of the City reported by the Counsel on the 11th of January instant agreeably to a Resolution of the Board and which was laid on the Table, was on Motion now called up and read in the following words

The undersigned in pursuance of a Resolution adopted by the Board on the 28th day of December last respectfully Reports the annexed draft of a Memorial to the Legislature on the subject of the Amendments to the Charter of this City.

R Emmet

To the Honorable the Legislature of the State of New York in Senate and Assembly convened.

The Memorial of the Mayor Aldermen and Commonalty of the City of New York,

Respectfully Represents:

That certain amendments to the Charter of the City of New York were proposed and adopted in the month of September last, at a Convention of Delegates from the different Wards of the said City chosen and assembled for that purpose; and that at the last general Election held in the said City the question whether the said Amendments ought to become a Law of the State, having been submitted to the Electors of the said City it [359] appeared by the returns made by the Inspectors of the said election, in relation to the said amendments, that the same were approved of by a majority of the said Electors there being Ten thousand eight hundred and ninety nine votes in favor of, and five thousand five hundred and eighty eight votes against the said amendments.

Your Memorialists therefore in compliance with the wishes of the majority of the said Electors thus expressed, respectfully submit herewith to your Honorable Body the Amendments so proposed to the Charter of the City of New York.

The Amendments are in the following words

Amendments

To the Charter of the City of New York as adopted in Convention September 1829.

Sect. I. The Legislative power of the City of New York, shall be vested in a Board of Aldermen, and a Board of Assistants, who together shall form the Common Council of the City.

Sect II. Each ward of the City shall be entitled to elect one person to be denominated the Alderman of the Ward, and the person so chosen, together, shall form the Board of Aldermen; and each Ward shall also be entitled to elect one person to be denominated Assistant Alderman; and the persons so chosen, together, shall form the Board of Assistants.

[360] Sect III. The Aldermen and Assistant Aldermen shall be chosen for one year and no person shall be eligible to either Office who shall not at the time of his Election be a resident of the Ward for which he is chosen

Sect IV. The Annual Election for Charter Officers shall commence on the second Tuesday in April and the Officers elected shall be sworn into Office on the second Tuesday in May thereafter—And all such elections shall be notified held and conducted by Inspectors appointed in the same manner, with like powers and during the same number of days as the election for members of Assembly of the State are notified held and conducted

Sect. V The first election for charter Officers after the passage of this Law shall take place on the second Tuesday in April 1831, and all those persons who shall have been elected under the former Laws regulating the election of Charter Officers and shall be in Office at the time of the passage of this Law shall continue in Office or hold over until the officers elected under this Law shall be entitled to be sworn into office

Sect. VI. The Board of Aldermen shall have power to direct a special election to be held to supply the place of any Aldermen whose seat shall become [361] vacant by death removal from the City resignation or otherwise If a special election be not directed the vacancy shall be supplied at the next general election. And the Board of Assistants shall also have power to direct a special election to supply any vacancy that may occur in the Board of Assistants. The person elected to supply such vacancy shall hold his seat only for the residue of the term of Office of his immediate predecessor.

Sect. VII. The Boards shall meet in seperate chambers and a majority of each shall be quorum to do business Each Board shall appoint a President from its own body and shall also choose its Clerk and other Officers determine the rules of its own proceedings and be the judge of the qualifications of its own members Each Board shall keep a Journal of its proceedings and the doors of each shall be kept open except when the public welfare shall require secresy and all resolutions and Reports of Committees which shall recommend any specific improvement involving the appropriation of public moneys. or taxing or assessing the Citizens of said City shall be published immediately after the adjournment of the Board under the authority of the Common Council in all the newspapers employed by the Corporation and whenever a vote is taken in relation thereto the Ayes and Noes shall be called and published in the same manner.

[362] Sect. VIII. Each Board shall have authority to compel the attendance of absent members to punish its members for disorderly behaviour and to expel a member with the concurrence of two thirds of the members elected to the Board and the member so expelled shall by such expulsion forfeit all his rights and powers as an Alderman or Assistant Alderman.

Sect. IX. The stated and occasional meetings of the Common Council shall be regulated by their own Ordinances and both Boards may meet on the same or on different days as they may judge expedient.

Sect. X Any Law Ordinance or Resolution of the Common Council may originate in either Board and when it shall have passed one Board may be rejected or amended by the other.

Sect. XI. No member of either Board shall during the period for which he was elected be appointed to or be competent to hold any office of which the emoluments are paid from the City Treasury or by Fees directed to be paid by any ordinance or Act of the Common Council or be directly or indirectly interested in any contract the expences or consideration whereof are to be paid under any Ordinance of the Common Council but this section shall not be construed to deprive any Alderman or Assistant of any emoluments or fees which he is [363] entitled to by virtue of his office.

The Finance Committee to whom was referred the Petition of the Trustees of the La Fayette Insurance Company praying to have the Rent on a Water Lot at Brooklyn commuted for, presented the following Report against the same.

The Finance Committee respectfully Report on the Petition of the Trustees of the New York La Fayette Insurance Company praying to

have the Rent on a Water Lot at Brooklyn apportioned, in order that they may Commute their part thereof—It has been the uniform practice of the Corporation not to Commute part of a Grant inasmuch as in the opinion of the Law Officer of this [31] Board, such a procedure would destroy the security they have for the payment of Rent, and other Conditions contained in a Grant—No case has occurred where less than the whole Rent has been commuted and for the reasons above mentioned—The Committee think that no innovation should be made, and also therefore recommend to the Board the adoption of the following Resolution.

The Police Committee to whom was referred the subject of passing an Ordinance for the measurement and Inspection of Vegetables presented the following Report.

The Police Committee to whom was referred the annexed Resolution presented by M[r] Jeremiah Report

[34] That they have had the Laws relating to the measurement of Vegetables under consideration—The Revised Statutes requires that Articles sold by heaped Measure "shall be duly heaped, in the form of a Cone, to be as high as the Articles to be measured will admit of" If the strict letter of Law is to be taken for the rule a greater quantity of most Articles can be put outside than within the measure, and in practice it is a very uncertain Rule Potatoes being the most important of all the Articles sold by heaped measure, And in which the Mechanic and labouring class of our Citizens are much interested Your Committee have considered it highly important to have a fixed and certain quantity of weight for the Bushel measure according to the principles of the State Laws now applied to the sale of Grain.

Your Committee therefore recommend the following Resolution.

Resolved that the Counsel of the Board prepare a Law, and Memorial to be forwarded to the Legislature in the Recess, requiring that Fifty eight pounds Avoirdupois weight, be given for the Bushel of all Kinds of Potatoes sold in the City of New York, and that the Corporation of the City of New York may pass Laws to regulate the Sale by Measure or weight of all other Vegetables and Fruits sold in the said City.

[36] The Police Committee to whom was referred the Resolution relative to the Northern Dispensary presented the following Report in favor of the same.

The Police Committee to whom the annexed Resolution of Alderman Wells relating to the Northern Dispensary was referred

Report.

That the City Dispensary receive annually $600 on Account of the Vaccinating Department connected with that Institution, And $500, as a general annual Donation.

The Northern Dispensary received in December 1828 $200, as the general Annual donation, And if the Board now give $200 for their Vaccine Department it will about put the two Institutions on a footing—This is supposing that the City Dispensary has about two thirds, And the Northern Dispensary one third of the City Patients.

The furnishing of Medicines & Medical attendance to the Poor gratis, is a Charity not liable to imposition, And therefore particularly merits the patronage of the Public, The great utility of the diffusion of Vaccination throughout our City is too generally admitted to require Comment.

Your Committee offer the following Resolution

[37] Resolved that the Comptroller Report a Warrant for Two hundred Dollars in favor of the Treasurer of the Northern Dispensary as a donation for the Vaccine Department of that Institution.

The Police Committee to whom was referred the Petition of Weighmasters for the appointment of a Weighmaster General presented the following Report against the same

The Police Committee to whom the Petition of a number of the Weighmasters, asking for the appointment of a Weighmaster General and an alteration of the System was referred Report

That they have heard the Petitioning and the Remonstrating Weighmasters, And your Committee are of opinion that there is no serious evil growing out of the present System.

The only possible objection of a Public Nature that is to be urged against the present System is that the Weighmasters being selected and employed solely [38] by the Seller of Merchandize are induced to favor their employers. But if there is any disposition on the part of the Weighmasters to act from such favoritism, their conduct must soon be exposed, for the usual purchasers of the Articles Weighed, by the Weighmasters, being Store Keepers have great facilities to re-weigh the Merchandize, after it is received, And detection must of course be inevitable.

And your Committee have received Certificates of the Store

Keepers, complaining that the weight given by the Weighers is "frequently short"

The Committee have annexed a Copy of this Certificate, that the Board may be enabled to Judge for themselves whether there is such fraud as to require an alteration in the System.

The disadvantage of the new System as alleged is that there is a want of confidence in some of the Weighers and therefore an unwillingness to employ them in rotation and also that the Weighmasters will loose the inducements to an Active personal attendance to their duty, the excuse for Articles sometimes falling short of their proper weight is, that it in part arises from losses in transporting the Articles. It may also be added that for any fraudulent performance of duty, the Board would remedy the evil by removing any of the Weighmasters.

The real difficulty in relation to the subject [39] is that the Corporation have appointed too many Weighmasters.

On the whole your Committee are of opinion that there are no evils of so general a Nature as to require an alteration of the System, and the appointment of a Weighmaster General, and they respectfully submit the following Resolution.

Resolved that it is inexpedient to alter the present System of Weighing Merchandize in the City of New York.

The Police Committee to whom was referred the subject of Hawking & Pedling presented the following Report.

The Police Committee to whom the Petition on the subject of Hawking & Pedling in the City of New York was referred Report.

That the subject was before this Committee the last Winter, And the Common Council then sent up to Albany the draft of a Law, which though it passed each House, yet owing to some amendment it never became a Law.

There has been some question with the Committee whether articles of food should be excluded from being hawked about the Streets, but upon reflection, they have considered it best to exclude such articles from the operation of the State Law—The reasons against Hawking & Peddling [41] in all Articles of Merchandize whether of Foreign or Domestic growth or Manufacture are *in* included

First, In the evil tendency thereof upon the Public Morals inasmuch as many persons, including Children & Minors, are engaged in vending different goods in a wandering vagrant manner.

Second, The facility of disposing of Stolen goods, and the opportunities furnished to commit Acts of Robbery, upon our Citizens especially as all responsibility is avoided by reason of the vender having no settled habitation or known name

Third, The importunate calls at the doors of Citizens and the impudent perseverance of some pedlers who will intrude upon our Citizens and will scarcely receive a refusal to purchase tho often repeated

Fourth, The gross impositions practised on our Citizens, who are, every day, deceived by the Pedlers, in the purchase of inferior goods & Merchandize with no possibility of obtaining redress or remedy.

Your Committee offer the following Resolution.

Resolved that the Counsel of the Board prepare a Law for the Legislature, bottomed on the principles contained in this Report, and further authorising the Corporation to pass such Laws as they may deem expedient for the prevention or regulation of the sale by Pedlers or Vagrant persons of Articles of food and [42] all other articles not included in the proposed State Law.

The Finance Committee to whom was referred the Petition of Susan Thompson and others setting forth that they are willing to relinquish their privilege of becoming the purchasers of a certain Gore of Land on the Southerly side of Ann street between Broadway & Nassau street to Lieutenant John H Graham, and praying that the Corporation may sell and convey the same to him Respectfully

Report.

That the said Gore was awarded to the Corporation by the Commissioners on widening Ann Street at the price or value of $196, That it appears from the Petition that Lieutenant John [43] H Graham has contracted with the owners of five undivided seventh parts of the adjoining Lot for the purchase of their respective interests but as yet he has obtained no right to the remaining two sevenths of the said Lot

That according to the rule heretofore acted upon by the Corporation, the owners of the said Lot would be entitled to a preference as purchasers of the said Gore, and the Committee are of opinion that whenever Lieutenant Graham shall have procured a Title from all parties interested in the said Lot or their relinquishment in his favor, the said Gore shall be sold to him at the above mentioned price. They offer the following Resolution therefore

Resolved that the Counsel to this Board be authorised to prepare a Deed for the said Gore to the said Lieutenant John H Graham for the above sum of $196, (together with the expences of such Deed) whenever he shall be satisfied that the Widow and all the Heirs of James Thompson deceased have either conveyed the adjoining Lot to him, or relinquished their right to purchase the said Gore in his favor, or that he acquired the rights of all parties interested in the said adjoining Lot in other Mode, And that such Deed may be authenticated in the usual manner during the recess of the Board.

The Committee on Assessments to whom was referred the Petition of Marcus Wilbur [51] to be relieved from an erroneous Tax presented the following Report in favor of the same

The Committee on Assessments to whom was referred the Petition of Marcus Wilbur to be relieved from an erroneous Tax on personal property

Respectfully Report

That Mr Wilbur testified to the fact of his being Taxed for personal property on $10,000 in the 9th Ward and that he was not worth any personal property which was liable to Taxation. The Certificate of the Assessors hereto annexed confirms Mr Wilburs statement and from his testifying to his absence from Town during the period that the Assessors Books were open, the Committee believe him entitled

to relief. They therefore offer for the consideration of the Board the following Resolution.

Resolved that the personal Tax of Marcus Wilbur on $10.000 in the 9th Ward be remitted and that the Collector place the same among the Errors in personal Taxes for the year 1829.

The Committee on the Fire Department to whom was referred the subject of regulating the Election of Members to the Supply Engine presented the following Report.

The Committee on the Fire Department to whom was referred the subject of regulating the Election of Members to the Supply Engine Company

Respectfully Report

That they have duly considered the subject committed to their charge, and have had several members of the said Company before your Committee and are convinced that the Resolution restricting them to those who have served Five years in the Fire Department ought to be repealed inasmuch as the time now required by Law for Firemen to serve has been reduced from Ten to Seven years [53] and although the duty of the Supply Fire Company is not as great as many others yet they feel agrieved, and your Committee would state that during the existence of the restriction, the Company have not had the application of a single person to become a member of said Company. They offer the following Resolution for the consideration of the Common Council

Resolved that the Resolution passed 26th January 1829 requiring that no person shall be permitted to become a Member of Supply Fire

Engine Company N° 1 who has not served Five years in the Fire Department of the City be and is hereby repealed

The Law Committee on the subject referred to them respecting the Defects of the Law relating to proceedings in Criminal cases presented the following Report together with the Draft of a Bill to be enacted into a Law.

The Law Committee to whom was referred the subjects of the defects of the Law in proceedings in Criminal Cases Report

That they have considered the subject referred to them, and have been attended in their deliberations thereon by the Recorder, District Attorney, Clerk of the Sessions and the Law Officers of this Board, all of whom concur in the opinion as to the necessity of the [56] proposed Amendments. The defect represented as most important is the want of the necessary provisions for drawing a Grand Jury at the General Sessions for the City, and requires immediate Legislation to prevent obstructions of the public business. The other amendments are also deemed highly important to the proper Administration of Justice in Criminal proceedings—The draft of a Law prepared and approved by the above mentioned Officers, together with the following Resolution are submitted for the Consideration of the Board.

Resolved that application be made to the Legislature for the passage of the Law herewith submitted and that the necessary Memorial for that purpose be authenticated and forwarded during the recess of the Board.

Whereupon the Report was adopted the draught of the Law approved and it was upon motion Resolved that Lemuel Smith Esquire Attorney of the Board be requested to proceed to Albany with the same for the purpose of making the necessary explanations [57] and procuring the enactment of the said Law by the Legislature now in Session at that place.

Alderman Nevius presented the following Resolution which was read and referred to the Police Committee.

Resolved that the Commissioners of Excise for the respective Wards be requested to take such measures as may be just and necessary before the first day of May next for reducing the number of Licences for the retailing of Spiritous Liquors.

Mr Engs presented the following Resolution which was read and referred to the Law Committee.

Resolved that the Law Committee be required to Report at the next Meeting of this Board on Resolutions submitted to them some time since relative to Registering the names of Electors at a given period preceding any election.

Alderman Lee presented the following Resolution which was read and referred to the Law Committee.

Resolved that an Additional Standing Committee be appointed to be denominated the Common School Committee.

[58] Alderman Strong presented the following Resolution which was read and referred to the Law Committee.

Resolved that the Counsel of the Board be directed to prepare a Memorial to the Honorable Legislature requesting them to repeal that part of the Revised Statutes which restricts the Goal Liberties for the City and County of New York to One thousand Acres; and praying them to restore the same to the extent they were previous to the passage of the said Revised Statutes, and that the said Memorial be duly authenticated during the recess of the Board and forwarded to the Honorable the Legislature at Albany.

Alderman Strong presented the following Resolution which was read and adopted

Resolved that the Committee on Applications to the Legislature, to whom was referred the Resolution directing them to inquire and Report on the propriety of applying to the Honorable the Legislature for a reduction of the sum charged for Tavren Licences in the City of New York, be directed to Report on the same at the next Meeting of the Board.

Mr Roosevelt moved that the Committee on the Jail & Bridewell report at the next regular [59] Meeting of the Board, which was agreed to.

Mr Bryson presented the following Resolution which was referred to the Committee on Applications to the Legislature.

Resolved that an application be made to the Honorable the Legislature to enact a Law which shall totally prohibit all Masquerades in the City of New York.

The Report of the Committee on Arts & Sciences which was laid

on the Table on 25 Jany 1830 was now called up and read in the words following

The Committee on Arts and Sciences to whom was referred a Resolution that the Clerk of the Common Council procure and furnish to each member a Copy of Burrs Map of the City of New York beg leave to Report that they have taken some pains to examine and Compare Mr Burrs Map with the Old Map now in possession of the former Members of this Board and find it to contain much more correct information relative to this City than the Old Map now in use—We therefore offer the following Resolution.

Resolved that the Clerk of the Common Council procure and furnish to each new Member a Copy of Burrs Map of the City of New York

The Minutes of the last Meeting were read and approved.

On Motion of Alderman Lee the Report of the Committee on Applications to the Legislature with the draft of the Law for the more effectual [67] prevention of Fires presented by *the* them on the 7th December last and laid on the Table was called up & agreeably to the Resolution of the Board at the last Meeting was taken into consideration. The Report being read was as follows.

The Committeee on Applications to the Legislature on the subject of the Fire Laws of the City.

Report

That your Committee have carefully examined the Report and project of a Law for the more effectual prevention of Fires in the City of New York, heretofore submitted by them to the Common Council and referred back to your Committee.

The extensive enlargement of the buildings and population of the City, and the alarming increase of Fires, together with the inadequate condition of the Fire Department admonished your Committee of the necessity as well as the difficulties of making suitable provision for the more effectual prevention of Fires."

In framing the Law formerly submitted and again proposed (with some slight alterations) they have been aided by intelligent members of the Fire Department, as well as by several of our most extensive and respectable builders; and your Committee having bestowed their own deliberate judgment on the subject, are led to believe that the Law now proposed will, if adopted, be attended with very beneficial results.

[68] On the subject of printing the existing Fire Laws, with the Law now offered, your Committee deem it almost impracticable, so far as the meaning of the Resolution is concerned, and altogether unnecessary the Laws now in force are contained in several volumes, and of themselves would form a considerable work, and as the Law proposed contains many provisions entirely new, they cannot see the utility of the proposed publication, as leading to a correct understanding of the project of a Law submitted by the Committee

To the proposed Law they have added, as an independent section, the Resolution of Mr Roosevelt on the subject of Steam Engines as directed by the Board, but are of opinion that it is altogether unnecessary to make any provision therefor.

In conclusion your Committee deeming it important to the well being and safety of the City that the Fire Laws be amended in such manner as shall more effectually guard the dwellings, Store houses and work shops of our Citizens from the ravages of Fire, but also protect the lives of our Firemen in their voluntary labours for its extinguishment, by requiring the buildings to be erected, to be of more solid structure, and for which the existing Laws make no provision, offer the following Resolution

Resolved that the preceding Report and the project of a Law therewith submitted [69] be adopted and that application be made to the Legislature that the same be passed into a Law

Gideon Lee
William W Cowan
James Palmer
William W Mott

It was agreed that the Law proposed be considered by Paragraphs—Accordingly the 1st—2d—3d—4th—5th—6th—7th & 8th Sections were considered amended and as amended approved. The 9th Section was after some discussion laid on the Table. The 10th Section was approved and the 11th Section was laid on the Table—It was then moved that the further consideration of the Law be postponed which

was agreed to—A motion was made to adjourn which was carried in the Affirmative, And the Board adjourned to Monday next the 22d Inst at 5 OClock P M.

His Honor the Mayor stated that having received Intelligence of the death of our Fellow Citizen Colonel Henry Rutgers and presuming the Common Council would be desirous of evincing their respect for one whose early life had been devoted to the cause of his Country, and whose succeeding days had been marked by Deeds of Benevolence and of Piety, he had called this Meeting to afford them an opportunity of taking such measures to express their feelings of respect and esteem as they should [71] deem advisable.

The Recorder therefore presented the following Resolution which was unanimously adopted.

Resolved that the Common Council of the City of New York as a tribute of Respect to the Memory of Colonel Henry Rutgers, and as a testimonial of the high estimation which they entertain for his public and private Virtues, will attend his funeral on Saturday next at 4 OClock P. M.

The Report was approved and the Law passed under the title of "A Law relative to the Washington Parade in the City of New York."

The Law Committee presented the following Report on subject of the Office of Public Administrator.

The Law Committee Report that by a provision in the Revised Statutes the Public Administrator, before he enters upon the duties of his Office, is required to give sureties to be approved of by the Mayor or Recorder, for the due administration of all estates which may come to his hands. Prior to the year 1815 the Chamberlain was ex-officio public administrator; and, as he gave security in his former character, the Law provided that when administration, in any particular case, was granted to him, it should be without Sureties. In 1815 a distinct Office was created called the Office of Public Administrator; but the Legislature not adverting, as it is presumed to the circumstance that the Chamberlain, in his character as such, gave sureties, the benefit

of which was applicable to all his Acts, in creating the new Office inadvertantly repeated the terms "without sureties." So that, unless resort be had to the Revised Statutes, the City, altho responsible [88] for all the estates of which the Public Administrator may take charge, has no security, other than the mere Bond of the Officer himself, for their due administration. Under this Law the present public Administrator was appointed during the pleasure of the Common Council. He entered upon the duties of his Office before the revised Statutes took effect, and in order therefore to obtain the benefit of the sureties prescribed by those Statutes, a new appointment must be made. Such, at least, is the opinion, of some of the members of the legal profession; and in case of doubt, particularly where the question relates to the liability of Sureties, the Committee deem it most prudent to adopt that course which all concede to be the safe one. They accordingly submit the following Resolution.

Resolved that the Common Council will at their next meeting proceed to the appointment of a Public Administrator pursuant to the Revised Statutes.

The Law Committee to whom was referred the subject of enquiring into the expediency of establishing an Additional Standing Committee to be called the Committee on Common Schools presented the following Report in favor of the same.

The Law Committee to whom it was referred to inquire into the expediency of establishing an additional standing Committee to be denominated the Committee on Common Schools

Report.

That by the present Law, fourteen Commissioners of School money are required to be appointed by the Common Council once in every three years, whose duty it is, first, to require certain returns from the Officers of the several schools; secondly, to apportion and pay the school moneys to the several institutions designated by the Common

Council; thirdly, to visit and examine the Schools twice at least in every year, and to investigate their affairs; and lastly, on or before the first day of December in each year to make a full and complete Report of their doings to the Common Council. From this enumeration of their duties, it will readily be seen [90] that there may be many questions connected with the important subjects of popular education, which could not with propriety be referred to the Commissioners. Nor is there that freedom and frequency of intercourse between them and the Common Council which exists in the case of Committees, and is so essential to the harmony and efficiency of public bodies. The amount annually appropriated to the support of Common Schools in this City exceeds Forty thousand dollars. And altho this expenditure is itself of great magnitude, the magnitude of the object to which it is applied is still greater.

There is no subject in which our City has a deeper interest than in the elementary education of the people, and none, therefore, it would seem in regard to which the action and supervision of the City Government should be more perfect.

The following resolution is accordingly submitted for the Consideration of the Common Council. Resolved that in addition to the present standing Committees there shall be appointed this year and annually hereafter a Committee to be denominated the Committee on Common Schools.

The Police Committee to whom was referred the complaints against Peter F Cisco Inspector of Weights & Measures presented the following Report

The Police Committee on the complaints against Peter F Cisco, Inspector of Weights Report

That they have heard the Parties complaining and the Officer complained against.

Mr Cisco is charged with want of accuracy and careful attention to his duties by which means it is alleged he has improperly Inspected and passed Weights which were not correct—He is also charged with receiving greater fees than the Law allows.

[94] In relation to the first charge of inspecting & passing Weights not correct, the instances of so doing are not so proven against Mr Cisco as to shew great negligence. There does not appear to be any thing to impugn the motives of the Inspector in relation to this charge.

The Law allows Mr Cisco to make his return to either of the City Sealers (there being two) according to his own option, A discretion which should not be vested in the Inspector, and which has given rise to some feeling between one of the Sealers and the Inspector. To remedy this the Committee recommend that the City be divided into two Districts, and the entire returns of each District to be made to its respective sealer. And if the Sealers & Inspectors cannot agree on these Districts, that the Police Committee designate the bounds of them.

In relation to the Inspectors overcharging it was satisfactorily proven that he received from Henry B Parks, Palmer Clark & Mr Terry Fishermen in the Fulton Market, for examining their Weights, Twenty cents each which is about five Cents more from each of them, than he was entitled to receive; And though the Amount collected beyond the legal rates, are small, yet the principle is wrong, and

should be censured whenever it comes under the consideration of the Board

Your Committee offer the following [95] Resolutions.

Resolved, that Peter F Cisco, the City Inspector of Weights refund to Henry B Parks, Palmer Clark & Mr Terry Fishermen in Fulton Market, Five cents each, being the amount paid by them respectively beyond what the Law requires.

Resolved, that the Sealers and Inspector divide the City into two Districts for the purposes mentioned agreeably to this Report

[96] The Law enacted by the Legislature last year imposing heavy penalties on the Proprietors and Managers of Theatres and other Public places in which Masquerades or Masqued Balls should be held has failed to prevent those kinds of exhibitions. And your Committee perceiving no good reason for disguising the Persons of our Citizens and believing that all the honest useful purposes of life can be better performed in their well known persons. And that any healthful amusements or recreations may be as freely enjoyed in our usual Costume as disguised and unknown, and further, believing that it is possible that our good Citizens might say or do things in the irrisponsible character of disguise, which in their known and responsible character, they would deem improper. The Committee on Applications to the Legislature to whom was referred the subject of Petitioning the Legislature to repeal the Law imposing an additional Tax of $1.5\%_{00}$ upon Tavren and Excise Licences presented a Report recommending a Memorial to the Legislature to repeal the same.

The Committee on Applications to the Legislature to whom was referred a Resolution of the Board adopted December 23. 1829, directing them to Report on the propriety of petitioning the Legislature to repeal the Law passed at their last Session imposing an additional Tax $1.50 upon Licences to be granted to Grocers and Tavren Keepers in this City respectfully

Report.

That the Law referred to by the said Resolution, is one of the provisions of an Act entitled "An Act to create a fund in Aid of the Society for the reformation of Juvenile Delinquents in the City of New York and for other purposes," which was passed during the last session of the Legislature, but at so late a period thereof, that no opportunity was afforded, either to the parties to be affected thereby, or to the Common Council of this City, to present any Memorial on [98] the subject thereof. Your Committee would also remark that no application for the passage of such a Law was made by or with the knowledge of this Board, and that no intimation so far as they have ascertained was received by any of the Members thereof that any such Law was in contemplation until it was too late to interpose any objection thereto.

The Act passed April 10th 1824 on the subject of Excise and Tavren Licences in the City of New York by which the sum to be charged for every such Licence by the Mayor Aldermen and Assistants of the said City, was fixed at Ten dollars, was (like other Laws strictly local in their operation) passed on the Petition of this Board under its Corporate Seal; and your Committee deem it but reasonable and proper, that in all such cases, the Common Council of the City as the Municipal Governors thereof, should at least have an opportunity of expressing

an opinion and more particularly in respect to such Laws, which are to be carried into effect by the said Common Council or the Members thereof.

As the Law in question professes to have been passed for the benefit of the House of Refuge, Your Committee in acting upon the Resolution referred to them have considered it proper to apprise [99] the Officers of that Institution and to request their attendance, and they have accordingly received statements on behalf of that Institution in relation to this subject, which statements accompany this Report.

The Committee cheerfully admit the utility of the House of Refuge, and that it deserves the utmost encouragement and support: nor do they mean to question the Correctnes of the principle, upon which that part of the Law under consideration to which the Resolution referred to them relates, would appear to have been passed namely, that the use of Strong or spirituous Liquors is perhaps the most fruitful source of crime and poverty; but they do not hesitate to express their opinion that upon a higher principle in Legislation, this Law is objectionable.

The House of Refuge is located in the City of New York, and the legal name of the Institution is the Society for the Reformation of Juvenile Delinquents, in the City of New York, from which it might perhaps be inferred that the benefits flowing from this Charity were confined to this City. But such was not the intention of that establishment nor is it true in fact—The words "in the City of New York" are intended merely to designate its Location, not to confine its advantages to juvenile delinquents from this City. In this respect it is a State Institution; and the Committee would simply state the fact that no less than Twenty nine [100] Children were during the last year sent from other Counties in the State and found refuge within its walls. The Legislature however by the 3d 4th & 5th Sections of the Act in question would seem to have viewed it in a different light, for by those sections, they have imposed heavy pecuniary duties for its support, exclusively upon certain classes of the Inhabitants of this City—They have taxed dealers in Spiritous Liquors and Managers of Theatres and Circuses in the City of New York alone, alth'o the same avocations are pursued in other parts of the State producing the same effects whether for good or evil, upon the condition of Society—If it was supposed therefore by the framers of this Law, that the fund to be created by it, would enure exclusively to the benefit of the Inhabitants of this City, or be applied towards mitigating an evil originating alone within its boundaries, the supposed propriety of the Law rests upon a falacy; And whatever may have been their impression in that respect,

the operation of the Law is partial and therefore unjust. The evil intended to be remidied is Co-extensive with the State, The burthen of providing the Remedy intended by this Law, is thrown exclusively on this City, and that not in the shape of a general Tax, but as a duty upon [101] a certain class of its Inhabitants

For these reasons, and most especially the dangerous tendency of passing State Laws vitally affecting the City Revenue, without the approbation or knowledge of the City Government, the Committee are of opinion that Measures should be taken to procure a repeal or modification of the Law in question, And they beg leave therefore to offer the following Resolution for the adoption of the Board

Resolved that the Counsel to the Board prepare a Memorial to the Legislature in conformity with this Report so far as relates to Excise and Tavren Licences, and that the same be authenticated in the usual manner during the recess of the Board and forwarded for presentation during the present Session.

The Committee on Applications to the Legislature to whom was referred the subject of applying for a Law authorising the Corporation to designate such Wharves &c for the exclusive use of Steam Boats [102] presented a Report recommending a Memorial to the Legislature.

The Committee on Applications to the Legislature to whom was referred the annexed Resolution relative to applying for a Law authorising the Corporation to designate such Wharves and Slips, as they should think fit for the exclusive use of Steam Boats, Respectfully Report

That they consider it important that the Common Council should have the power mentioned in the said Resolution, not only in respect to Steam Boats, but to Vessels of every other description, and as it is now doubtful how far the existing Laws vest this power in the Corporation the Committee beg leave to submit a Draft of a Law for this purpose with the following Resolution

Resolved that the Counsel to the Board prepare and forward a Memorial to the Legislature for the passage of a Law of which a draft

[103] The Street Committee to whom was referred the Report of the Comptroller relative to an Account from the Manhattan Company for filling Cisterns near the City Hall with Water presented the following Report.

The Street Committee to whom was referred a Report made to the Board by the Comptroller on the 25th of January last relative to an account rendered by the Manhattan Company for filling Cisterns near the City Hall with Water, on the 24th of December last; Also a Report made to the Board by the Street Commissioner on the 22d of December 1828 on the subject of injury done to the Streets by the Manhattan Company

Respectfully Report.

That the question presented by the Documents referred to them, appears to be whether the Account from the Manhattan Company mentioned in the Comptrollers Report, should be resisted on the ground that the Corporation on their part have a Claim against said Company for damages, for injuries done to the public streets by laying and repairing their Water pipes. The present demand of the Manhattan Company is $22.81 and if the charge be correct in point of amount, the Committee have no doubt of the legal right of the Company to make it against the Corporation as against any individual. Nor do they think that any claim which the Corporation [104] may have against the Manhattan Company for injuries to the Streets should be put forward as an objection against settling such charge.

By the Comptrollers Report it appears that in 1804 the sum of $4700 was awarded to the Corporation and paid by the Manhattan Company as Damages for such injuries previous to that period; And the Street Commissioner has reported that in his opinion the probable amount of such damages for the last Twenty years would be not less than $10,000. The immense disparity in the amounts of these claims is of itself a sufficient reason in the opinion of the Committee for not attempting to place that of the Corporation on the footing of an offset against that of the Manhattan Company even if no legal difficulty

(arising out of the different Characters of the demands) could exist to such a course. Whatever claim the Corporation may have against the Manhattan Company cannot be impaired or affected by the settlement of the account in question, And the Committee think that the two subjects should not be connected together.

They offer the following Resolution therefore,

Resolved that it is inexpedient to resist payment of the account rendered by the Manhattan Company for filling Cisterns near the City Hall on the 24th December last amounting to $22.81 [105] on the ground that the public ought to be supplied by the said Company with water for the extinguishment of Fires, as a compensation in part for the injury done to the Streets of the City by laying and repairing Pipes by the said Company.

The Street Committee to whom was referred the annexed Petitions of Silas Manville and others requesting that the name of Hammersly street may be changed to that of Houstoun street Respectfully

Report

That in their opinion the Original names of Streets ought not to be changed, unless Public convenience imperiously requires it. In this instance your Committee are not convinced, that it would add much to the interest or convenience either of the individuals who ask for it or to the public—One other consideration Your Committee would state and which in their opinion is a sufficient objection to altering the name of Hammersly street is, that when the streets running through the grounds of the Corporation of Trinity Church were Ceded to this Corporation they were so ceded by name [108] with an express understanding that the names so given by them should not be changed, without their consent. The good faith of the Corporation of this City being in the opinion of your Committee somewhat pledged, they think it inexpedient to comply with the request of the Petitioners, and accordingly submit for consideration the following Resolution

The Finance Committee to whom was referred to Report to the Board which of the Lots advertised to be sold on 18th January last and afterward postponed to 22d March next should be sold presented the following Report together with the Draft of a Law.

The Finance Committee to whom it was referred to Report to the Board which of the Lots advertised to be sold on the 18th of January last for Assessments (which sale was postponed until the 22d of March next by virtue of an Act of the Legislature passed on the 13th January last) should be sold, and at what time it would be most expedient to sell the same.

Respectfully Report

That the Law lately applied for in this subject [111] as drawn by the Counsel to the Board and forwarded to the Legislature contained an express provision authorising the Common Council to postpone such sales from time to time, and as often as they might deem expedient, but that the said provision was struck out, and the period of Fifteen months inserted, as the limit beyond which the power of postponing such sales should not be exercised. As the Law now stands, it is at least a Matter of doubt whether the Common Council are authorised to order more than one postponement, And as the liens on the property advertised might be hazarded by a second postponement of the sale which is now advertized for the 22d of next Month, the Committee are of opinion that under the existing Law, the only safe course would be to Let the sale of all the Lots take place or be commenced on that day. It is evident however both from the short period of the postponement already ordered, and from the terms of the Resolution by which this subject was referred to this Committee, that the Board have acted under the impression that they had the power to order a second postponement within the 15 Months if they should see fit, and such the Committee believe to be expectation of several of the proprietors of the Lots advertized. Under these circumstances the Committee are of opinion that it would be proper to apply to the Legislature for the passage of a Law applicable to this particular case and which [112] should empower the Common Council to order such further postponement within the Fifteen months of such of the Lots now advertized for the 22d day of March next as they may think fit, And that the application for such Law should be made without delay, in order that the same may be passed and acted upon by the Board previous to that day. The Committee beg leave therefore to submit a draft of such a Law together with the following Resolution.

The Committee on Assessments to whom was referred the Petition of Joseph Molyneux to be relieved from an erroneous Tax on personal property

Respectfully Report.

That M[r] Molyneux appeared before the Committee and testified that he was Assessed on his personal property on the amount of $5000, and that he is not worth more than $500. He also stated that he was not aware of the Assessors Books being open for examination, and consequently did not avail himself of the opportunity to apply to the Assessors for relief; and that from the fact of his being previously assessed for $500 he did not feel any anxiety on the subject.

The Certificate of the Assessors corroborates his Statement and the Committee offer the following Resolution.

Resolved that the personal Tax of Joseph Molyneux be reduced from the amount on $5000, to that on $500, and that the Collector of the 14[th] Ward be directed to place the same among the errors of personal Tax for the year 1829.

A Petition of Abraham Horton for Stall N° 37 Catharine Market and also of John Phillips for Stall N° 18 Centre Market was read and referred to the Market Committee.

Upon Motion of Alderman Lee the draft of the Law for the better

Prevention of Fires was called up, was considered by Sections and finally approved—The Counsel was directed to prepare a suitable Memorial to the Legislature and his Honor the Mayor was requested to have the same authenticated during the recess of the Board and transmitted together with the draft of a Law to the Legislature now in Session at Albany.

[130] The Committee on Applications to the Legislature to whom had been referred the Copy of a Bill now before the Legislature in relation to the support of Foreign Poor presented the following Report.

The Committee on Applications to the Legislature to whom was referred the Copy of a Bill now in the Legislature in relation to the support of Foreign Poor respectfully

Report

That the said Bill was reported by a Committee in Assembly on a Memorial from the Supervisors of Kings County its provisions are substantially the following.

That any Pauper in any County (other than New York) becoming a Public charge, and if the Superintendents of the Poor for such County shall suspect such Pauper to be a Foreigner and to have been landed in New York within the last two years, such Superintendent may require the Commissioners of the Alms House, to provide for the support of such Pauper, and the Common Council must provide such support, as well for the Pauper, as for his Children which may have been born within the two years—proviso, that the Common Council shall have been indemnified for the support of such Pauper by Bond or commutation [131] and the fact that such Pauper has been Reported to the Mayor or Recorder on landing shall be conclusive evidence that the Common Council has been so indemnified. Should this Bill pass into a Law, it will be found most burdensome to this City.

During the last three years, Fifty three thousand Alien Passengers have been landed in this City from Foreign Ports. The industrious and useful portion have for the most part migrated to the Country leaving in the City that portion most likely to become a public charge. The great Commercial reputation of this City, and the facilities of procuring a livelihood without labour, has also drawn to this City the less industrious, and less useful portion of Aliens, who have landed in our Sister States, and in Canada, for whose support we have neither Bonds or commutation Money.

The facilities above named have moreover invited to this City, an

undue proportion of freed Slaves, and lazy vagrant Whites, from the interior of this State, and the adjacent States, Add to this, the decline of our Trade and Commerce and the consequent loss of employment for the labouring poor.

It is the opinion of your Committee no County in the State is equally oppressed with poor Taxes, and more particularly for the support of Foreign Poor

[132] 124,900 Dolls was expended during 1829 for the Alms House Bridewell and Penitentiary Department more than one half of this enormous sum was expe[n]ded on Foreigners, and more than one fou[r]th of it was expended on Persons from the interior of this and the adjacent States. Formerly too this County received a large sum for the support of Foreign Poor from Auction fees, that sum is now reduced to $10,000 annually—The annual sum of Commutation money has fallen off likewise, being only $8.700 for 1829 and the Bonds taken are in many instances not collectable.

These circumstances however onerous to the City Treasury, are in a great measure incidental [to] the Commercial Capital or Emporium of other Nations, and are probably irremidable but the Bill in question, is in the opinion of Your Committee without parallel and its operation will be found oppressive and unjust. Your Committee are informed that peculiar facilities are offered to the poor by the British Government to emigrate to Canada, that many of these Emigrants avail themselves of those facilities of passage with the intention to pass directly, and do pass directly into the Northern and Western parts of this State.

That many of those Persons do and will become chargeable to the Counties in which [133] they locate. That they will be suspected of having landed in this City. That from the similarity and sameness of names of persons from the same Country, a large portion of the names of such Paupers coming through the Canadas, will correspond with the names of persons, landed in this City, and Reported to the Mayor, and Recorded on the Alien Passengers Book, which Report and Records are by the Bill in question, made the conclusive evidence, that the City is indemnified for the support of such Pauper.

Personal identification in our distant Counties would be impracticable and your Committee apprehend, great loss and injury to the City from the passage of the Bill.

It is believed that the Supervisors of Kings County, on whose Memorial this Bill was Reported to the Legislature, could not have been aware, that the proportional Burdens for the support of Foreign poor, are far less in that County than in this, nor could those Memo-

rialists have contemplated a Bill to follow their Memorial of a character so injurious to this Country—Your Committee close by offering the annexed Resolution which they hope will be adopted.

Resolved that the Counsel prepare a proper Remonstrance, against the passage of the Law in question, and that the same be authenticated in the recess of the Board and forwarded to the Legislature as soon as may be

The Counsel presented the following Report respecting the suit against Howard A Simmons.

The Counsel of the Board respectfully Reports that by order of the Finance Committee he brought a suit in the Superior Court against Howard A Simons and his Sureties to recover the rent of the Wharf District N° 4 for the quarter ending May 1st 1829 amounting to $1625, That on the commencement of such suit the defendant paid to the Collector of the City Revenue $825 leaving the balance (amounting to $800) to be determined by such suit—That the Defendants gave notice of an offset for a much larger amount than the said $800, and claimed a balance in their favor—That the said suit was referred by order of the Court to three persons appointed by the Court. That on the trial the defendants claimed and called several witnesses to prove that over and above the said sum of $800, there was a large [147] sum due to him for damages occasioned by building the bulkhead between the foot of Fulton and Vesey streets, by removing an L in the said Slip by the occupation of Stone boats in the employment of the persons building the Bulkhead, by the occupation of the Wharf or Pier at the foot of Cedar street with Pine wood for the use of Steam Boats, and by the loss of Wharfage of several Vessels which left the said District in consequence of the building such bulkhead and the occupation of such Wharf or pier. That the Referees by their Report found that the Defendants over and above the said $800, were entitled to six Cents and costs. That their Costs have been taxed at $104,$^{75}/_{100}$ and that the Corporation are liable to pay the same

R Emmet.

Which was accepted, and Alderman Seaman presented the following Resolution which was adopted.

Resolved that the Comptroller Report a Warrant in favor of R Emmet for $104.75 to pay the Defendants costs in the case of the Mayor Aldermen and Commonalty against Howard A Simons and others.

The Counsel presented the following Communication.

The Counsel to the Board respectfully Reports that at the last term of the Supreme Court an application was made on behalf of John R Livingston [148] for the allowance of a Certiorari on the proceedings of the Commissioners of Estimate and Assessment in the matter of opening Ridge and Attorney streets, that such application was resisted on behalf of the Corporation, but that the said Court have allowed such Certiorari, the effect of which is to subject the said proceedings to a future review by the said Court.

A Motion was made to lay the same on the Table by Alderman Strong which he afterward withdrew—The Question was then taken on adopting the Report and was carried in the Affirmative.

The Committee on Applications to the Legislature to whom was referred the Communication from the Commissioners of Health suggesting certain Amendments to the Health Law presented the [152] following Report in favor of the same

The Committee on Applications to the Legislature, to whom was referred a Communication from the Commissioners of Health suggesting certain Amendments to the Quarantine Laws beg leave to Report.

One of the Amendments so suggested relates to the Quarantine of Passengers arriving from Sea—By the Revised Statutes Vol 1 page 430 Section 28, none of the Officers Passengers or crew of any vessel subject to a Quarantine of thirty days are allowed to enter the City until fifteen days after sailing from her Foreign port, nor until fifteen

days after the last case of pestilential sickness which may have occurred on Board, nor until ten days after landing at Quarantine.

This repetition of restriction on restriction proves in practice unnecessarily oppressive on Officers Passengers and Crews arriving in our Harbour, as well as on Commerce generally, and is evidently an oversight in those who framed the Law.

It seems to be conceded by men of Science that the infection of most diseases imbibed by the Human System will always be exhibited, within twelve or fifteen days at farthest, in the form of positive Disease, but by the legal provisions above quoted, many persons from a long Voyage, in a healthy [153] Vessel, are detained at Quarantine ten days, who have not been exposed to any such Infection for fifteen twenty and even thirty days previous to their arrival.

Your Committee can hardly believe, such unnecessary delay, to have been the intention of the Legislature a healthy Passenger, in a healthy Vessel, from a Voyage of twenty or thirty days could hardly endanger the health of the City, and so far as our own Citizens on return Voyages are held in Quarantine; Your Committee as well as the Health Officer apprehend more danger, from the unrestrained and daily intercourse, with Staten Island, by the families and friends visiting the detained Person, than from his admission without baggage, into the City.

Another portion of such Passengers, are F[o]reigners who visit this Country for purposes of Commerce, Science or Amusement, and no less anxious to reach their destination, than our own returning Citizens. But by our Laws applicable alike to Strangers and Citizens, whatever the length of Voyage, however health[y] the Vessel and Passengers, they must be Quarantined ten days after arrival, in all cases where the Vessel is liable to thirty days, and under Penalties should they enter the City (see page 438 § 72) of Fine, not exceeding Two thousand dollars or imprisonment not exceeding Twelve Months, and incur the odium moreover of a Misdemeanor.

These extraordinary Laws being now generally understood abroad, and it being also well [154] known abroad, that for several years past the Quarantine Codes applicable to Boston Philadelphia and Baltimore, have been so ameliorated, that little restraint remains against the free entrance of Tropical productions or Vessels or Passengers, the result is that the severity of our Quarantine, and the leniency of theirs, has drawn from us, and bestowed on them, a very large proportion of our once profitable Foreign Commerce—The Communication from the Health Commissioners, suggests other Amendments, and Your Com-

mittee could point out numerous provisions of our Health Laws, which they deem useless, in guarding the Health of the City, and yet most oppressive to our suffering Commerce

But the failure of the Amendments proposed to the Legislature in the fall of 1827 and the more recent fate of those discussed in Common Council during 1829 have led the Committee to the opinion that the public mind is not at present prepared for any considerable alteration in the Quarantine Laws, and they think it more prudent to propose the single Amendment embraced in the annexed Resolution.

Resolved that the Counsel prepare a Memorial praying the Legislature to amend Section 28 of Article 3 of Title 2. of the Revised [155] Statutes, giving the Health Officer a discretionary power to permit any Healthy Person arriving from Sea, in a Healthy Vessel, and not having been exposed, to any contagious disease during the last fifteen days, to come to the City without Baggage, and that the same be authenticated during the recess of the Board and forwarded to the Legislature.

The Jail & Bridewell & Police Committees to whom was referred back on the 22d of February last presented the following Report—The Report of the 22d of February was in the words following

The Committee on the Jail & Bridewell and the Police Committee to whom was referred the Resolutions of Alderman Lee for erecting a Jail & Bridewell on one of the Corporation Lots on the Collect Ground

Report

That they have examined the Plot of Ground belonging to the Corporation on the Collect, which is now occupied by the Superintendent of Repairs with Blacksmiths & Carpenters Shops, and by the Corporation Stables. Your Committee are of opinion that there is

not in the Corporation Block, as much ground to spare from its present uses, as would be required for erecting a Bridewell, And in relation to the State Arsenal ground, Your Committee caused a Letter to be sent to General Muir, the Commissary General, asking his opinion as to the wants of the State in [166] relation to the Arsenal Ground, by his answer to which it would appear, that if we get the grounds from the State, (which is by no means probable,) we should yet have to purchase of the State other Lands and erect thereon buildings which would be more expensive to the City than to purchase unoccupied grounds in some suitable location, And your Committee are further of opinion that the ground in question is not a suitable location, being too low, having thereby a tendency to create prison fevers, and to make a prison establishment unhealthy.

To bring this interminable subject before the Board so as to take the sense of the Common Council on the questions connected with it, your Committee offer the following Resolutions.

Resolved that it is inexpedient to erect a Jail or Bridewell on the Corporation Ground on the Collect occupied by the Superintendent of Repairs.

Resolved that it is inexpedient to apply to the State for a surrender of the Arsenal Grounds to erect thereon a Jail & Bridewell

Resolved that it is expedient to erect a Bridewell on some part of the City included in the Plot bounded by the Bowery fifth street Broadway and Pearl street

Resolved that the Jail & Bridewell [167] and Police Committee be authorised if they deem it expedient, to purchase a plot of ground for the erection of a Bridewell, within the above limits, at a sum not exceeding $23,000.

The Report presented at this Meeting was in the words following.

The Jail & Bridewell & Police Committees to whom the annexed Report was referred back, with the Resolution of Alderman Lee, relating to the Building a Bridewell on the Collect ground, occupied by the Superintendent of Repairs Report

That the above Committees having considered this subject have agreed to recommend to the Board the Building of a Bridewell on the Corporation Lot (in case it should be deemed expedient to remove the present Building) on the Collect now in the occupation of the Superintendent of Repairs.

Your Committees have come to this conclusion from the difficulty of selecting any other location which the Board would probably accept of.

The Minutes of the last Meeting were read and approved.

The Street Committee to whom was referred the subject of the Assessment for Spring street Bulkhead presented a Report which was read, Laid on the Table and directed to be printed.

[174] The Committee on the Fire Department to whom was referred the Petition to have a Fire Engine located in the Bowery near Houston street also of Frederick R Lee & others to be formed into a Fire Company presented the following Report in favor of the same.

The Committee on the Fire Department to whom was referred the Petition of the Inhabitants in the upper part of the 14th Ward, to wit, in the vicinity of the Bowery and Houston street to have a Fire Engine located in the neighborhood, and also the Petition of Frederick R Lee and Twenty one others to be formed into a Fire Company,

beg leave Respectfully to Report.

That in their opinion that part of the City requires further protection and is a proper scite for a Fire Engine inasmuch as there is not one in the vicinity and a large amount of valuable property left unprotected, and there is only one in the 14th Ward, the situation is high and commanding, combining great advantages for the facility of removing the Engine on alarm of Fire, and located in a neighborhood w[h]ere a good company could always be well filled with members, a proper House for the present is gratuitously offered by the Inhabitants in Elizabeth street near Prince street. Your Committee would further Report, that Fire [175] Engine No 3 now located in Beaver street, the Company have become extinct not one Member or Fireman being now attached to it, and there is no prospect of the same being made useful in its present location, as there is two other Fire Companies in the

same House viz[t] (N° 9 and Hook & Ladder N° 1) your Committee therefore advise the removal of the said Engine and offer the following Resolution for the consideration of the Common Council.

Resolved that Fire Engine N° Three be located by the Committee on the Fire Department agreeable to the above Report, and that the Chief Engineer make a Return of Members for the same agreeable to the prayer of the Petition signed by Frederick R Lee and others.

The Certificate of the Assessors of the 9th Ward, states that they have inadvertantly assessed the above House & Lot twice, one in Varick and once in Clarkson street. Mr Hall stated that the property was always Assessed in Clarkson street and the Committee being perfectly satisfied that the Tax on the property on Varick street is [181] incorrect offer the following Resolution.

The Committee on Assessments to whom had been referred the Petition of Thomas Kane to be relieved from an excessive Tax on his property presented the following Report in favor of the same

The Committee on Assessments to whom was referred the Petition of Thomas Kane to be relieved from an excessive Tax on his property in the 9th Ward Respectfully Report;

That Mr Kane appeared before the Committee and under oath stated, that he was taxed on his property on the corner of Hudson street and Fitzroy Road $15.4/100 that the same is much more than it ought to be and that he was *now* [not] in Town while the Assessors Books were open.

The Assessors of the 9th Ward Certify that in making out the Asssessment on the property of [182] Mr Kain, they were under the impression that additional improvements had been made thereon since the Assessment of 1828 which not being the case, they in justice to Mr Kane say that his Assessment ought to be 33⅓ per cent lower than the previous year—Mr Kane under oath stated that the Assessment the previous year was $11, and taking the statement of the Assessors as correct his personal Tax ought to be $7 34/100 which is more than the Tax on the same property in 1827.

Although the Statement of the Assessors exhibits a degree of inattention on their part, which is highly improper; yet the Committee are impressed with the belief that Mr Kain should not suffer for their neglect. They therefore offer for the consideration of the Board the following Resolution.

Resolved that the Tax on the property of Thomas Kane at the corner of Hudson Street and Fitzroy Road be reduced from the present amount of $15 4/100 to that of $7 34/100 and that the Collector of the 9th Ward place the surplus among the Errors of Taxes for 1829.

The Committee on Assessments to whom was referred the Petition of Archibald C Brady to be relieved from a personal Tax presented the following Report in favor of the same.

The Committee on Assessments to whom was referred the Petition of Archibald C Brady to be relieved from a personal Tax respectfully

Report.

That M[r] Brady swore to the fact of his being an Artillerist, and that he was not worth more personal property than $500, which amount he was taxed upon in the 9th Ward. He further stated that while the Assessors were performing their duties he called upon them and stated to them the above named facts, and that they promised to correct the Assessment, but from some reason unknown to him, they have failed to do so.

From there being no negligence on the part of M[r] Brady and from the Certificate of the Assessors which states that they have not taken the fact of his being an Artillerist into consideration, the Committee believe him entitled to relief

They therefore offer the following Resolution.

Resolved that the Tax on personal property of [184] Archibald C Brady in the 9th Ward be and the same is hereby remitted.

[185] The Certificate of the Assessors of the 14th Ward, corroborates his Statement and the Committee offer for the consideration of the Board the following Resolution.

The Committee on Assessments to whom was referred the Petition of Benjamin H Colt to be relieved from an erroneous Tax presented the following Report in favor of the same

The Committee on Assessments to whom was referred the Petition of Benjamin H Colt to be relieved from an erroneous Tax

Respectfully Report

That Mr Colt testified to the fact of his being Taxed in the amount of $4,5\%_{00}$ dollars for his personal property, and that when the Collector called on him for the Tax, it was put down in his Book as assessed to Daniel Colt who is a Brother of the Petitioner, [186] and with whom he then lived in the Capacity of a Clerk. He also testified that he was not worth any personal property. Mr Colt further stated, that he boarded at a house in Cherry street, and had never been in business, and the Tax being originally placed in the name of his Brother who kept a Store in Water street, he has no doubt the mistake arose from, supposing him to be the proprietor of the establishment—

The certificate of the Assessors, attached states that the Tax, is erroneous; and the Committee believing that although Mr Colt was in town at the time the Assessors Books were open, Yet from the fact of his being a young man, who was a Clerk living in a Boarding house and the Tax being originally put down in the name of his brother, they think him fairly entitled to relief

The Minutes of the last Meeting were read and approved.

Mr Roosevelt agreeably to notice given moved that the Board now reconsider the vote given at the last Meeting on the Resolution proposed by Alderman Palmer as follows.

Resolved that it is expedient on the part [197] of this Board to delegate a person to repair forthwith to Albany for the purpose of expediting the passage of Law by the Legislature of this State giving to the Inhabitants of this City the New Charter for said City asked for by a large Majority of the Voters at the late November election.

The question being taken on reconsidering it was carried in the Affirmative.

After considerable discussion the Question was taken on adopting the Resolution, and a Division having been called by Mr Engs, the members voted as follows.

The Report of the Committee on Applications to the Legislature on reference to them of the Resolution of the Board of Supervisors relative to the Assessment and Collection of Taxes presented on the

28th December last and laid on the Table was called up and read in the following words.

The Committee on Applications to the Legislature to whom was referred the annexed Resolution of the Board of Supervisors requesting the Common Council to apply to the Legislature to amend the Laws in relation to the Assessment and Collection of Taxes, so far as relate to the City and County of New York.

Respectfully Report.

That deeming the subject of the said Resolution to be one of great importance, they have given it a careful examination, and have particularly considered the amendments suggested by the Resolution itself. It cannot be denied, that [199] a great inequality exists in the valuation of real estate, as made by the Assessors of the different wards, and it is very advisable that some legal provisions should be devised and adopted, which may at least have a tendency to diminish such inequality, and to produce more uniformity in future Assessments.

The Committee are of opinion, that this may in some measure be effected, by such an amendment as shall embrace the principles firstly and secondly suggested by the annexed Resolution.

The effect of such formal meetings of the several Assessors, sanctioned and required by Law, and having for their avowed object, the adoption of a Just and uniform rate of Assessment for all the wards, would be at all events, an interchange of opinion among the Assessors, and the Committee conceive that that alone would conduce to greater equality in the different Assessments. The Committee recommend therefore that those principles be embraced in the Amendments to be applied for.

The Committee are of opinion that it would not be advisable to adopt the *the* third suggestion contained in the Resolution of the Supervisors. The rule which the Law now prescribes for Assessors is, that they shall estimate the value of real property, at the sum at which they would appraise the same in payment of a just debt due from a solvent debtor.

[200] The Committee are well convinced that no safer principle can be laid down for the guidance of Assessors than is afforded by this rule, and that any attempt to explain, modify or add to it, would produce difficulty and doubt, where there would now appear to be room for neither.

The annexed Resolution recommends lastly that when all the Assessment Rolls are finished the Board of Assessors should meet and

examine and compare them, to ascertain whether the valuations in each roll bear a just relation to all, and that they should report the result of such examination to the Board of Supervisors.

The Committee are in favor of having the Board of Assessors meet at the time, and for the purposes thus suggested, but they are of opinion that such Meeting should take place before copies of the Assessment Rolls are made for the examination of the inhabitants, as required by the present Law; and they would recommend in addition to the objects of such meeting as specified by the Resolution of the Supervisors, that the Board of Assessors should have the power to alter and correct the assessment of any particular piece of property in any ward, by increasing or diminishing the valuation—They conceive that this power will operate as a salutary check upon the Assessors [201] of particular wards, and be conducive of uniformity in the several valuations.

If the foregoing suggestions should be adopted, and the necessary amendments passed to carry them into effect, it is evident that the duties of Assessors will be somewhat varied from and increased beyond what they now are: the Committee therefore think that it would be proper that the subject of their compensation should be attended to in any proposed amendments to the existing Laws, and they are satisfied that it would be right to leave not only that subject but also the compensation of Collectors under the control of the Board of Supervisors. They recommend therefore that a provision be made in such amendments empowering the Supervisors to fix the compensation of the Assessors and Collectors in this City, at such time or times as they may think proper.

By the Act respecting the Collection of Taxes in the City of New York passed April 6. 1825 and which remains in force, the Supervisors are authorized and directed to examine the several Assessment Rolls, and to equalize and correct the valuations. The 31 Sect. Title 2, of Chapter 13 of the first part of the Revised Statutes, authorizes the Board of Supervisors of each County, to increase or diminish the aggregate valuations of real estates in any town or ward by adding or deducting such sum upon the hundred [202] as may in their opinion be necessary to produce a just relation between all the valuations of real estates in the county and expressly prohibits them from reducing in any instance the aggregate valuations of all the towns and wards, below the aggregate valuation thereof as made by the Assessors. The terms of the Revised Statutes being much more explicit in relation to the powers and duties of Supervisors in this respect, than those used

by the above mentioned Act of April 6. 1825, the Committee would recommend that the above mentioned 31st Section be made applicable to the Supervisors of the City and County of New York, by an express provision for that purpose. The Committee conclude therefore, by offering the following Resolution.

Resolved that the Counsel to this Board be directed to prepare Amendments to the Laws in relation to the Assessment and Collection of Taxes in the City and County of New York in conformity to this Report, and that such measures be taken as may be necessary to have the same passed during the next Session of the Legislature of this State

The Draft of the Law reported by the Committee was then read by Sections, amended and on the Question of adopting the Resolution and approving the Law the same was carried in the Affirmative. The Title of the proposed Law was "An Act to amend the Act passed April 6. "1825 entitled an Act respecting the Collection of Taxes in the City "of New York."

Which were passed

The Street Commissioner presented an Assessment for regulating 21st Street from 5th Avenue to the Hudson River, which was confirmed and John Hanmer appointed Collector.

The Finance Committee presented the following Resolution which was adopted

[218] Resolved that his Honor the Mayor be requested to appoint a member of the Board on the Finance Committee in the room of Alderman Rogers who is necessarily absent.

Whereupon the Mayor appointed Alderman Benjamin M Brown of the 8th Ward to fill the vacancy.

The Finance Committee to whom was referred the Petitions of O & W Halsted Junr King & Mead, Jane Dartnell & Leonard Gates

praying for alterations in their respective Leases from the Corporation, presented the following Report against said Petitions.

The Finance Committee to whom was referred the annexed Petitions from Oliver and William Halsted Junior, King and Mead, Jane Dartnell and Leonard Gates respectively praying for alterations in their respective Leases of property from the Corporation so as to extend or provide for the renewal of the terms thereof respectively

Report

That in their opinion it is unwise to grant any applications of this nature. They are not founded upon any alledged mistake in the original Leases, but rest entirely upon the favor of the Common Council to do [219] what their predecessors did not intend, and what their successors might not think fit to do at the expiration of the Leases respectively. There may be particular cases, in which from special circumstances, the Board should in its discretion, comply with such requests, but the Committee do not conceive that the present applications are of that Character, and as a general rule, they are of opinion, that the practice of thus anticipating what might or might not be expedient at a future day in regard to public property should be discountenanced.

They beg leave therefore to offer the following Resolution.

Resolved that it is inexpedient to grant the prayer of either of the said Petitions.

The Committee on Wharves Piers & Slips to whom was referred the Petition for, and Remonstrance against the building a Bulkhead across James Slip at South street and for filling in the Slip presented the following Report in favor of the same.

The Committee on Wharves Piers & Slips [220] to whom was referred the Petition for and Remonstrance against, the building of a Bulk head across James Slip at South street and for filling in the Slip Respectfully Report.

That they have had the subject under their deliberate consideration and are of the opinion, that the time has arrived, when it has become necessary that some improvement should be made at that Slip that part of it above South street affords but small accommodations for Vessels being only fifty eight feet at its head, and but Seventy

five feet at the Southerly side of South street. The Bulk heads along the Slip are in a state of decay and must of necessity be soon repaired or rebuilt at considerable expence, and which in the opinion of your Committee would be a useless expenditure as it is believed that individual interest as well as public accommodation would be subserved by having the Slip filled up at the present time there being no doubts on the mind of any intelligent person acquainted with the premises that it ought not to be delayed, as it must from necessity be done at no distant period

Your Committee have estimate the expences for building the Bulkhead and filling the Slip at a sum not exceeding Three thousand dollars and probably not more than [221] $2500, The one third part of which to be paid by this Corporation, and two thirds by property in that vicinity deemed to be benefitted, a sum so inconsiderable when compared with the benefits to be derived from its expenditure ought in the opinion of your Committee form no objection to its being carried into Effect. They accordingly recommend the adoption of the following Resolution.

Resolved that a Bulkhead be sunk and built across James Slip on a line with the Southerly side of South street and that the Slip be filled up between Water street and the Bulkhead so to be built.

The Market Committee to whom was referred the Petition of M Willet and others to have a Hay Scales erected in Grand street near Williamsburgh Ferry presented the following Report against the same.

The Market Committee to whom was referred the Petition of Marinus Willet and [222] others to have a Hay Scales erected in Grand street near Williamsburgh Ferry beg leave

respectfully to Report.

That in the opinion of your Committee the locating of a Public Hay scales in the immediate vicinity of a Public Ferry and in the street would be highly improper, and also that the wants of the Inhabitants can be fully accomplished, by the use of a Public Hay scales already erected within a very short distance from the said

Ferry, to wit at the Gouverneur Market. They offer the following for the consideration of the Common Council.

Resolved that in the case of the Petition of Marinus Willet & others for a Hay Scales to be erected in Grand street near Williamsburgh Ferry, it is inexpedient to grant the prayer of said Petition.

The Finance Committee to whom was referred the Petition of Letitia Hageman to purchase a strip of ground on Ann street presented the following Report in favor of the same.

The Finance Committee to whom was referred the annexed Petition of Letitia Hegeman to purchase a Strip of ground on Ann street

Respectfully Report

[224] That the piece of ground applied for became the property of the Corporation at the estimated value of $109 by the late proceedings for widening Ann street and that the Petitioner and her Children are the owners of the Lot adjoining the same. The Committee therefore recommend that the prayer of the Petition be complied with and they offer the following Resolution.

Resolved that the Counsel to the Board prepare a Deed for the said premises to the said Petitioner, on her paying the above sum and the

expences of the Deed and that the same be authenticated in the usual manner during the recess of the Board.

The Committee on Assessments to whom was referred the Petition of William Thayer to be relieved from a personal Tax presented the following Report in favor of the same.

The Committee on Assessments to whom was referred the Petition of William [225] Thayer to be relieved from a personal Tax Report

That Mr Thayer appeared before the Committee, and testified that he was ill during the period the Assessors Books were open for examination, that he was Assessed for personal property on $5000, that he is not worth more than $400, and that he has heretofore never been Assessed on more than $500, Mr Purdy one of the Assessors of the 10th Ward appeared also before the Committee and stated the same facts, with his conviction that Mr Thayer ought to be relieved

The Committee therefore offer the following Resolution.

Resolved that the personal Tax of William Thayer in the 10th Ward be reduced from that on $5000, to that on $400, and that the Collector be directed to place the deficiency among the Errors of personal Taxes for 1829.

The Committee on Assessments to whom was referred the Petition of Michael Floy to be relieved from the payment of an erroneous Tax presented the following Report against the same.

[226] The Committee on Assessments to whom was referred the Petition of Michael Floy to be relieved from an erroneous personal Tax respectfully Report.

That Mr Floy appeared before the Committee and stated that the Assessors of the 9th Ward left a Notice at his residence that he was Taxed on $2500, that he supposed this Assessment was on his Real estate, whereas it appears that it was his personal propery that was taxed on that amount.

Mr Floy further testified that his Real Estate is now taxed on $5000, and that although, he at the time the notice was left thought the Tax of $2500 very low he did not choose to call on the Assessors to explain that his Real Estate was worth more money.

The Committee believeing that Mr Floy neglected to call on the Assessors, in consequence of his supposing that his property was assessed for less than its real value, do not consider him entitled to relief.

They therefore offer the following Resolution.

Resolved that it is inexpedient to grant the prayer of the Petitioner

The Committee on Assessments to whom was referred the Petition of David Decker to be relieved from an erroneous Tax presented the following Report in favor of the same.

The Committee on Assessments to whom was referred the Petition of David Decker to be relieved from an Erroneous personal Tax respectfully Report.

That Mr Decker appeared before the Committee and testified that he was Assessed for personal property in the 3d Ward and that the Tax amounts to $23, Whereas that at the time he was Assessed he resided in Richmond County and paid his personal Tax at Staten Island. The Certificate of the Assessors corroborates his statement and as Mr Decker shewed his receipt for his Tax at Staten Island, the Committee believe him entitled to relief. They offer the following Resolution for the consideration of the Board.

Resolved that the personal Tax of David Decker in the 3d Ward be and the same is hereby remitted.

The Committee on Assessments to whom was referred the Petition of Robert Tier to be relieved from the payment of an erroneous Tax presented the following Report in favor of the same.

The Committee on Assessments to whom was referred the Petition of Robert Tier to be relieved from an incorrect Tax

Respectfully Report.

That Mr Tier appeared before the Committee and testified that he was taxed on Four Lots in Grand street instead of Three Lots which is all he owns in the said Street in the 14th Ward

The Certificate of the Assessors of the 14th Ward corroborates his Statement and fully acknowledges the error of one Lot, which is erroneously taxed, and which Tax amounts to $5.52. The Committee therefore offer for the Consideration of the Board the following Resolution.

Resolved that the Tax of a Lot of ground in Grand street Assessed to Robert Tier [229] amounting to $5.52 be and the same is hereby remitted.

Which was approved and the Resolution adopted.

The Committee on Assessments to whom was referred the Petition of David Dayton to be relieved from an erroneous Tax presented the following Report in favor of the same.

The Committee on Assessments to whom was referred the Petition of David Dayton to be relieved from an excessive Tax on his House No 220 Bowery in the 14th Ward Respectfully

Report.

That Doctr Dayton appeared before the Committee and testified that his House was assessed on the sum of $4500, & that the same was erroneously copied in the Collectors Book $5,500.

The Certificate of the Assessors hereunto annexed corroborates his statement & the Committee offer for the consideration of the Board the following Resolution.

Resolved that the Tax on the House of David Dayton No 220 Bowery be reduced from [230] that on $5500 to that on $4500, & that the surplus be returned among the Errors of Taxes for the year 1829.

The Committee on Assessments to whom was referred the Petition of Solomon Seixas to be relieved from the payment of an erroneous Tax presented the following Report in favor of the same.

The Committee on Assessments to whom was referred the Petition of Soloman Seixas of the third Ward for relief from an erroneous Tax on personal property,

Respectfully Report.

That Mr Seixas appeared before the Committee and testified that he was Assessed on personal property in the 3d Ward on $5000, and that he is not worth more than $100,

He further stated that he was usually Assessed on $100, and that during the period that the Assessors Books were open he was unable from illness to inspect them and [231] obtain relief. The Certificate of the Assessors corroborates his statement, and the Committee believe him fully entitled to relief. They therefore offer for the consideration of the Board the following Resolution. Resolved that the personal Tax of Soloman Seixas in the 3d Ward be reduced from the amount on $5000, to that on $100, and that the surplus be and the same is hereby remitted.

The Committee on Assessments to whom was referred the Petition of William Wood to be relieved from the payment of an erroneous Tax presented the following Report against the same.

The Committee on Assessments to whom was referred the Petition of William Wood to be relieved from an erroneous Tax on personal property Respectfully Report

That Mr Wood appeared before the Committee and testified that [he was] not worth any personal property but was Assessed for the same in the 14th Ward on the sum of $5000, He further stated that he was [232] in Town during the period that the Assessors Books were open, but from the circumstance of his not being previously Taxed for personal Estate he did not avail himself of the opportunity to have the Error corrected. He also testified that he was perfectly aware of the period when the Assessors were open, but [did] not think it necessary to apply. As Mr Wood appears to be perfectly acquainted with his

rights, and as the Committee believe that in this instance, he has suffered from his own neglect, they [do] not think him entitled to relief. They therefore offer the following Resolution. Resolved that the Petition of William Wood for relief from an erroneous Tax be rejected.

The Street Commissioner presented an Ordinance for building a Bulkhead and filling James Slip between Water and South streets which was passed and Thomas R Smith Jedediah B Leister and John Slidell were appointed Assessors.

[233] M[r] Arcularius presented the following Resolution which was read and referred to the Canal Committee with powers.

Resolved that the Keeper of the Penitentiary be directed to send prisoners, and cause the Main and lateral Sewers in Canal, Chapel, Thompson and Grand streets to be cleansed under the direction of the Canal Committee.

Alderman Strong presented the following Resolution which was read and Laid on the Table.

Resolved that the Commissioners of the Alms House be requested to supply the Debtors in the County Goal with what they may deem a reasonable supply of Wood.

Alderman B M Brown presented the following Resolution which was read and referred to the Market Committee.

Resolved that it be referred to the Market Committee to have the Public Ground at Tompkins Market regulated and Paved.

A Motion was made by M[r] Roosevelt to call up and take into consideration the Report of the Joint Committees on Water and [234] the Committee on the Fire Department—The question being taken thereon it passed in the Negative.

The Report of the Finance Committee on the subject of an application of the Northern Dispensary for a Gore of Land at the junction of Christopher, Sixth, Factory & Grove streets was called up and read in the words following

The Finance Committee to whom was referred the Petition of the

Trustees of the Northern Dispensary praying that the Common Council should grant them a location

Respectfully Report

That they are satisfied that the said Northern Dispensary is a Meretorious Institution, and that it deserves aid and encouragement.

That there is a small Gore of Land at the Junction of Christopher street, Sixth street Factory street and Grove street belonging to the Corporation and which cannot probably be required for public purposes that this location would as they are informed be suitable for the said Dispensary. The Committee therefore offer the following Resolution.

Resolved that the Gore above mentioned be granted to the Trustees of the [235] Northern Dispensary, to be held by them so long as it shall be used for the purpose of such Dispensary and that the Counsel to this Board prepare the necessary conveyance for that purpose and that the same be authenticated in the usual manner during the recess of the Board.

Which were read and Passed.

The Street Commissioner presented the following Assessments which were confirmed and Collectors appointed thereto Vizt

For laying the Side walks in Henry street near Gouverneur street and Thomas Cottrell appointed Collector

For a Well & Pump in 19th Street near the 8th Avenue and Thomas Cottrell appointed Collector.

For regulating and paving Troy street [256] from Asylum street to Greenwich Lane and Jameson Cox appointed Collector.

The Street Commissioner presented a communication stating that he had received information that Mr John Hone was inclosing that part of Southampton Road adjoining his premises near the 6th Avenue without any permission, that road being a Public highway and suggesting the propriety of referring the subject to the Counsel which was read and referred to the Road Committee.

The Police Committee to whom was referred the charges preferred against Abraham M Valentine one of the Police Magistrates presented the following Report

The Police Committee to whom was referred certain Papers and Affidavits impeaching the conduct of Justice Valentine of the Police Department Report.

That the papers embrace the charges of neglect of duty—Not regularly accounting for the fees received by him—And in one instance taking money instead of a Recognisance—And lastly, that he has borrowed money from a convict in Bridewell, being money found upon the convict. In support and refutation of [257] these charges, Your Committee examined the Police Justices & Clerk, and also several other witnesses.

In relation to the first charge "Neglect of duty" it does not appear to your Committee that this charge is supported, although Justice

Valentine does not appear to have been as much in the Office as either of the other Magistrates.

In relation to the second charge "Not accounting for the fees" it does appear that in some five or six instances he has received fees out of the Office, which should have been paid to the Clerk of the Police as the proper receiving Officer. The amount of these fees as far as proved, do not exceed eight or Ten dollars, but they have been demanded by the Clerk from the Justice, and the payment was neglected under such demand, and the same still remain due to the Office.

In relation to the charge "of taking money instead of a Recognizance" It was proved that a Female Bridewell prisoner, by the name of Rosannah Parris, not being able to give a Recognizance for good behaviour, but having Eighty dollars in money, that Justice Valentine received the money, and discharged her from Bridewell, and held the money as security, for her good behaviour for the Six months, and when that period expired, the money was not, though demanded forth coming, although it was afterwards paid to her by Joseph M Thomas, one of the Police Marshals, who [258] advanced the amount at the request of the Justice, The Marshal on his part alleges that he is still minus this amount.

In support of the last charge "borrowing money from a prisoner," It appears that a man by the name of Stevens, was committed to Bridewell on the 8th March 1828 he was charged with forgery and other high crimes, he had in his possession money amounting to Eighteen hundred and Seventy dollars and some Jewellery. on the 14th of March Stevens was tried and convicted, And on the 22d of March Justice Valentine procures an order from Stevens on the Police Office or Clerk for Two hundred Dollars which amount was paid to him on the 28th of same month, Stevens was additionally committed as a fugitive from Justice charged with obtaining money by Forgery, and Committed at the instance of the Governor of Massachusets. On the 19th of April following, our Court of General Sessions ordered the balance of the money found in Stevens possession, to be given up to him, which was then reduced to Eleven hundred and twenty dollars. This balance on the 19th of April 1828 was paid to Stevens the Convict while in Bridewell, by the Clerk of the Police, Justice Valentine being present and being left in Stevens apartment in Bridewell by the Clerk of the [259] Police. Mrs Stevens the unfortunate wife of Stevens testified that her husband gave her Justice Valentines receipt for Five hundred dollars for money borrowed by the Justice of him while in Bridewell,

and this fact was not denied by Mr Valentine. Stevens was sentenced the 17th May following to the State Prison for Fourteen years, and Mrs Stevens testified that at or about that time, she paid or Loaned to Justice Valentine one sum of One hundred and Sixty dollars, and another of Twenty or Forty dollars, making from her One hundred and eighty or Two hundred dollars, and in all Six hundred and eighty or Seven hundred dollars received by Justice Valentine from Stevens and his wife. It also appeared and was proven that on the discharge of one George Jenkins from Bridewell in April 1829 Mr Valentine charged him with having borrowed Fifty dollars from the said Stevens while in Bridewell, and claimed the same for Mrs Stevens alledging that she was in want, Jenkins thereupon paid Twenty five dollars to Mr Valentine as part of the Fifty dollars claimed. Mrs Stevens testified that she had not received this money, nor been made acquainted with the transaction.

It must be remarked that the Justice twice went to Albany to solicit the pardon of Stevens from the Governor, and that in addition thereto he boarded Mrs Stevens at his House for Four months. These services and this Board are the only offsets made or returned for the several amounts received in money, And that in [260] addition a Ring of some Twenty or Thirty dollars value was presented by Stevens while in Bridewell to the Magistrate.

Mr Valentine endeavoured to procure the pardon of Stevens, and rendered him all the service in his power, and there were circumstances growing out of the testimony of Stevens on the trial of another prisoner, which might have led Mr Valentine to have used his influence with the Governor to procure a pardon for Stevens, independent of the inducements which might be supposed to have grown out of these monied transactions; though his Colleagues did not draw the same conclusion, and did not unite in the application for a pardon. How far the money found on Stevens ought to have been considered either by the Court or Magistrate as the property of Stevens, and how far a Magistrate and prisoner can be considered as parties capable of entering into contracts for the borrowing and loaning of money are questions not now necessary to be decided.

All your Committee feel called upon to do in relation to this business, is to present to the Board a statement of facts, without expressing any ultimate opinion thereon, as the Common Council are not further required to Act in this business, than to decide whether the Magistrate [261] ought or ought not to exculpate himself from these charges before the Court of Common Pleas, the tribunal authorized to

decide this case. And with a view that the Common Council may decide as to the propriety of this step, Your Committee present the following Resolution.

Resolved that the District Attorney be requested to present these charges against Justice Valentine to the Court of Common pleas, that some day may be assigned to hear the Justice in explanation of or defence of himself against the same.

Which was approved and the Resolution adopted.

The Committee on Wharves Piers & Slips presented the following Report.

The Committee on Wharves Piers & Slips to whom had been referred numerous Petitions for the Office of Inspector of Fire wood, beg leave to state that at a former Meeting of the Common Council, this Committee in their Report on that subject recommended Richard Grant as a proper person to fill a vacancy in the 4[th] Wood district, the Board however appointed [262] James Sergeant to that Office, since his appointment he has not officiated personally, but has a deputy appointed to do the duties thereof, each receiving one half of the proceeds thus converting the Office into that of a sinecure. This district supplies the City with a large quantity of Wood, the duties of the Inspector are arduous, and from information on the subject we have reason to believe that James Sergeant cannot do the necessary duties of the appointment, we therefore offer the following Resolution.

Resolved that Richard Grant be and he is hereby appointed Inspector of Fire wood in the place of James Sergeant removed

John Lovett
Peter J Nevius
Isaac Brown
Joseph W Beadel

A Motion was made to Refer the Report back to the Committee, The question being taken thereon and a Division called by Alderman Stevens it passed in the Negative as follows

In the Affirmative Al[d] Mott Stevens I Brown Strong [263] Marsh Palmer M[r] Seymour Mandeville Arcularius Jeremiah Dibblee Engs 12

In the Negative Mr Recorder Ald Nevius Seaman B M Brown Wells Meserole Woodruff Mr Roosevelt Bryson Scott Beadle Rogers Cooper Lovett 14

Alderman Stevens then presented the following Resolution—Resolved that previous to our removal of Mr Sergeant, he being an Old Revolutionary *Soilder* [Soldier], that he should have the privilege of being heard before a Committee therefore Resolved that the subject be referred to the Police Committee, The Question being taken thereon, and a Division being called by Alderman Stevens, the Members voted as follows

In the Affirmative Ald Nevius Mott Stevens I Brown Strong Marsh Palmer [264] Mr Seymour Mandeville Arcularius Jeremiah Dibblee Engs—13.

In the Negative Mr Recorder Ald Seaman B M Brown Wells Meserole Woodruff Mr Roosevelt Bryson Scott Beadle Rogers Cooper Lovett 13

The Board being equally divided, the Mayor gave his vote in the Negative, so the Motion to refer was lost. The Board then proceeded to Ballot when Richard Grant had Sixteen Votes and was declared duly elected—Alderman Palmer gave notice he would move for a Reconsideration at the next Meeting.

The Committee on the Fire Department to whom had been referred the Return of the Chief Engineer for Fire Wardens of the 8th Ward presented a Report accompanied with a Law directing that Fire Wardens must reside in the Ward for which they are appointed, which was Laid on the Table and directed to be printed for the use of the Members.

The Finance Committee to whom was referred the subject of

Vessels coming into [269] the Public Slips between December and March paying daily wharfage &c presented the following Report

The Finance Committee to whom was referred the annexed Resolution proposing that Vessels coming into the Public Slips between 15th Decemr and 15th March, and remaining more than 15 days should be subject to daily wharfage although they may have elected to pay by the year.

Report

That they have given the subject their consideration, and are of opinion the proposed amendment would be beneficial to the interests of the City, but should extend throughout the Year—The present rate of Wharfage for Vessels between 20 and 50 Tons is 50 Cents per day and for Vessels between 50 and 100 Tons 62½ Cents per day, but the owner of [or] Master may if he so elect pay 60 Cents per Ton which entitles his vessel to the use of the Slip for a year without further charge. Vessels that have paid under this last provision, and are unemployed during the dull season of the year and the winter Months frequently occupy for many weeks, our most central Public Slips, to the great inconvenience, and sometimes to the exclusion of those engaged in active trade—Old vessels are also found stationed in some of our Slips the whole year for the purpose of receiving Cargo from other Vessels and disposing of it by retail—Your Committee [270] think the proposed amendment would tend to remedy these evils, and at the same time increase the City Revenue they therefore offer the following Resolution.

Resolved that from and after the first day of May next all Vessels remaining in any of the Public Slips more than Fifteen successive days, shall be subject to daily wharfage thereafter and until they depart from said Slip, notwithstanding they may have elected to pay by the year.

The Committee on Assessments to whom was referred the subject of requiring the Assessors of Wards to furnish notice to persons in their Wards stating the amount of Assessment for personal prop-

erty presented a Report in favor of the same which was read and Laid on the Table.

The Committee on Assessments to whom was referred the Petition of John W Brackenridge to be relieved from a personal Tax presented the following Report in favor of the same.

The Committee on Assessments to whom was referred the Petition of John W Brackenridge to be relieved from personal Tax

Respectfully Report

That Mr Brackenridge appeared before the Committee [273] and testified that he was Assessed for his personal property in the 9th Ward on $1000, that he was an Artillerist at the time of the Assessment, and still continues to perform actual service in the Horse Artillery which exempts him from the payment of Tax on the said sum of $1000, that the same was represented to the Assessors during the period that their Books were open for examination and that they noted it in the margin of their Assessment Book, but through mistake it was erroneously copied in the Collectors Book as originally entered. The Certificate of the Assessors corroborates his statement, and the Committee offer the following Resolution.

Resolved that the personal Tax of John W Brackenridge in the 9th Ward be and the same is hereby remitted.

The Committee on Assessments to whom was referred the Petition of Harriet Aymar to be relieved from an Erroneous Tax presented the following Report in favor of the same.

The Committee on Assessments to [274] whom was referred the Petition of Harriet Aymar to be relieved from an erroneous Tax

Respectfully Report

That Mrs Aymar appeared before the Committee and testified that she was Assessed for her personal property in the 4th Ward on $1000, and that she is not worth any personal estate.

She further stated that she was in Town during the Period that the Assessors Books were open, but that for Five years past, she had not kept house, and being never taxed before, she was totally ignorant

of the Law regulating Assessments. The Committee refer to the Certificate of the Assessors which corroborates her Statement and believing her entitled to relief, offer for the consideration of the Board the following resolution.

Resolved that the personal Tax of Harriet Aymar in the 4th Ward on $1000, be and the same is hereby remitted.

The Committee on Assessments to [275] whom was referred the Petition of O C Osborn to be relieved from an erroneous Tax presented the following Report in favor of the same.

The Committee on Assessments to whom was referred the Petition of O. C. Osborn to be relieved from an erroneous Tax Respectfully Report

That Mr Osborn appeared before the Committee and stated under oath that he was Assessed in the 4th Ward on his personal property for $1000, & that he is not worth more than $300, at the utmost. He further stated that he was out of Town, most of the time during the summer, and that he had not resided in the City but a few months, and while in Town lived at a Boarding House. He also stated that he did not know the Law regulating the period when it was necessary to apply to the Assessors for relief as he had not the least Idea of being Taxed.

The Certificate of the Assessors corroborates his statement & the Committee think him entitled to relief. They therefore offer the following Resolution.

Resolved that the personal Tax of O C Osborn in the 4th Ward be reduced from that on $1000 to that on $300, and that the surplus be returned among the Errors of personal Taxes for 1829.

The Committee on Assessments to whom was referred the Petition of Samuel White to be relieved from the payment of an erroneous Tax presented the following Report in favor of the same.

The Committee on Assessments to whom was referred the Petition of Samuel White to be relieved from an erroneous Tax.

Respectfully Report.

That Mr White appeared before the Committee and testified that he was Assessed on his personal propertly on $1000, that he was not worth any property and that although he was in Town during the period that the Assessors Books were open, Yet from the circumstance of his being a Stranger in the Country (not having resided here two years) he was totally unacquainted with our Laws

The Certificate of the Assessors corroborates his Statement and the Committee believing him to be totally unaware of the proper method of applying to the Assessors, consider his case as one entitled to the required Relief.

They therefore offer the following Resolution.

[277] Resolved that the personal Tax of Samuel White on $1000, in the 14th Ward be and the same is hereby remitted.

The Committee on Assessments to whom was referred the Petition of Samuel F Halsey to have the Estate of the late George Youle relieved from personal Tax

Respectfully Report.

That M[r] Halsey appeared before the Committee and testified that George Youle was assessed for personal property for the year 1829 on the sum of $10,000, That M[r] Youle died in 1828 and that at the time of his death his personal property was insufficient to pay his debts.

The Assessors also Certify that they [279] were either unaware of M[r] Youles death at the time the Assessment was made, or that they did not at the time recollect it, and that they are satisfied that the Tax is erroneous. The Committee therefore offer the following Resolution.

Resolved that the personal Tax of the late George Youle on $10,000 in the 12th Ward be and the same is hereby remitted.

The Committee on Assessments to whom was referred the Petition of Richard Nevins to be relieved from an erroneous Tax

Respectfully Report.

That M^r Nevins appeared before the Committee and testified that he was Assessed for his personal property in the 3^r Ward on $5000, that at the time the Assessors Books were open for examination he [280] considered himself worth that amount, but that since that period he had become insolvent from holding the Notes to a large amount of a Mercantile House that had failed. M^r Nevins further stated that at the time the Assessment was made he had the above notes on hand supposing them to be good

Although the Committee are aware that this is a case of peculiar hardship, they do not consider it as one within the province of the Common Council to relieve, They therefore offer the following Resolution.

Resolved that it is inexpedient to grant the prayer of the Petitioner.

The Committee on Assessments to whom was referred the Petition of Sarah Cornell to be relieved from personal Tax presented the following Report in favour of the same.

The Committee on Assessments to whom was referred the Petition of Sarah Cornell [281] to be relieved from an erroneous Tax

Respectfully Report

That M^rs Cornell appeared & testified that she was assessed on her personal property in the 8^th Ward on the sum of $2000 whereas she is not worth more than $1000 in personal Estate. M^rs Cornell further stated that at the period when the Assessors made the Assessment, they called on her, and asked her whether she was worth $2000, to which she replied that she was not, they then asked her if she was worth $1000, and if they should so Assess her personal property, to which she assented & she therefore supposed that she was so assessed until called on by the Collector for her Tax.

The Certificate of the Assessors corroborates the material portion of her statement and the Committee offer the following Resolution.

Resolved that the personal Tax of Sarah Cornell in the 8th Ward be reduced from the amount on $2000, to that on $1000 and that the surplus be returned among the Errors of personal Taxes for 1829

The Committee on Assessments to whom was referred the Petition of William Mandeville Esq[r] to be relieved from an erroneous Tax Respectfully Report

That it appears by the statement of M[r] Mandeville, that some property which has been occupied by his family a[s] a place of burial for the last 50 years situate on Hudson street near the Fitz Roy road, has been erroneously assessed to John Jacob Astor Esq[r] and the Tax on the same amounts to $15 $^{4}/_{100}$. As the Law provides that no burial ground shall be subject to Taxation the Committee believe the Tax improperly imposed and therefore offer for the consideration of the Board the following Resolution.

Resolved that the Tax on the property in Hudson street between Fitz Roy Road and 13th Street belonging to William Mandeville Esq[r] and erroneously assessed to John Jacob Astor Esq[r] amounting to $15 $^{4}/_{100}$ be and the same is hereby remitted.

The Committee on Assessments to whom was referred the Petition of John Marston to be relieved from a personal Tax presented the following Report against the same.

The Committee on Assessments to whom was referred the Petition of John Ma[r]ston to be relieved from an erroneous Tax.

Respectfully Report

That Mr Marston testified before the Committee that he was Taxed $9.60 for his personal property in the 3d Ward, that at the time the Tax was laid he was Insolvent and that from some cause he had neglected to apply to the Assessors for relief. He further stated that he was not ignorant of the Period when the Assessors books were open, but had neglected to attend to it. The Committee believing that Mr Marston was fully aware of his rights and that the error in his Tax arose from his own negligence, do not consider him entitled to relief

They therefore offer the following Resolution

Resolved that it is inexpedient to remit the personal Tax of John Marston in the 3d Ward.

The Committee on Assessments to whom was referred the Petition of John E Van Antwerp to be relieved from an erroneous personal Tax respectfully Report

That Mr Van Antwerp appeared before the Committee and testified that he was assessed for personal property in the 14th Ward on $2000, & that at the time of the Assessment he was Insolvent.

He further stated that he was aware of the period when the Assessors books were open but from the circumstances attending his business had neglected attending to get the necessary relief. He further stated that he had been heretofore Assessed and paid Taxes on personal property.

The Certificate of the Assessors hereto attached states the facts as above.

[285] The Committee believing the case of Mr Van Antwerp, as not being embraced within the Resolution of the Common Council

Upon motion of Alderman Stevens on the request of Alderman Lee Chairman of the Committee who is absent from the City, the Report of the Road Committee relative to the working of the 3d Avenue was called up and considered the same being read was as follows.

The Road Committee
Respectfully Report

That the increasing Travel on the Third Avenue requires that Road to be put in the best possible order. The Repairs for three years have cost more than Three thousand Dollars, and the Road has yearly grown worse; this Road was originally made with large Stones

of unequal dimensions, and placed with little regard to regularity. It presents a surface in some parts unreasonably crowning, in other concave, in others flat, and in all parts most uncomfortable for travellers; and these irregularities are greatly increased by the heaving effect of frost.

[289] If repairs be done with hard materials, they slide from the road, or from place to place, and if done with clay or loam, the road is made worse.

Your Committee are unable in fact to devise any beneficial plan for repairing this Road

By an Ordinance lately passed the section between 13th and 24th Streets will be regulated as a Street, and the section between the Six mile stone and Harlaem Church having been completely gravelled is a perfect road.

The middle section between 24th Street and the six mile stone, about three and a half miles, is intolerably bad, and being distant from any bed of natural gravel, your Committee recommend it to be taken up and made anew on the McAdam plan; but little repairs would therefore be required.

They think the interest of Travellers; the duty of this Board as Commissioners of Roads to the City, and to the public and above all, the interest of the Treasury imperiously call for this measure.

By experiments made the past season, in McAdamising several short sections of the Bloomingdale Road, they are satisfied that the cost will not exceed 2.660 dollars per mile, and if presently done, now that a large portion of our work people are unemployed, and labour unusually low, it may cost less. Your Committee doubting [290] their powers to make new Roads under the authority vested in them to Repair Roads, earnestly ask for the passage of the annexed Resolution.

Resolved that it be the duty of the Road Committee to cause the Third Avenue or such parts of it as may be necessary, to be completely McAdamised between 24th Street and the Six mile Stone.

After some discussion the same was amended and on the Question of adopting the Report and Resolution the same was carried in the

Affirmative. Mr Roosevelt gave notice of Reconsideration at the next Meeting.

On motion it was Resolved that when the Board adjourn they will adjourn to meet this day fortnight.

The Report of the Finance Committee on the subject of the Commutation of Alien Passengers was called up and after some discussion was Laid for further consideration.

[291] Upon motion of Mr Roosevelt the Report of the Law Committee on the Petition of sundry Inhabitants of the 5th Ward praying that the seat of the David Rogers elected Alderman of said Ward may be declared vacant and a New Election ordered was called up and read as follows.

The Law Committee to whom was referred the Petition of a number of the Citizens of the 5th Ward claiming that the seat of David Rogers Alderman for said Ward is vacant, and praying that a new Election be ordered Report

That the Committee have had under consideration the various provisions of the Charter, and of the State Laws affecting the Question, but that there is a difference of opinion in the Committee as to the construction and application of those provisions.

Considering that the decision to be made will be very important not only in this particular instance, but as a precedent, the Committee have agreed to submit for the consideration of the Board, the following Resolution.

Resolved that a statement of the facts in the matter of the Petition for vacating the seat of Alderman David Rogers and ordering a New Election, be prepared under the direction of the Law Committee, and that the same be presented to the Judges of the Superior Court with a respectful [292] request on the part of the Common Council for the opinion of the Judges thereon.

James I Roosevelt Jr
Samuel Stevens
Fyler Dibblee.

Mr Roosevelt then presented the following preamble and Resolutions.

Whereas, by the Charter of the City, it is provided and declared that in case any Alderman or Assistant shall happen to die or remove out of the City it shall be lawful for the Electors, at such time and place as the Mayor may designate, to choose some other person to serve in the room of the person so dying or removing.

And Whereas the said Charter further provides in case any person duly elected to serve as an Alderman or Assistant, and having notice of his Election, shall refuse, deny, delay or neglect, to take upon him to execute the Office, that then and in such case it shall be lawful for the Common Council to impose upon such person a fine not exceeding £15, and that upon every such refusal or neglect another person shall be elected and chosen in the same manner as in the case of death or removal from the City.

And Whereas by the Act of the Legislature relating particularly to the City of New York passed April 9th 1813 it is enacted, that if any Charter Officer duly chosen [293] shall refuse to serve, die, or remove out of the City, or shall not be legally qualified, then and in every such case such office shall be deemed to be vacant, and the Common Council shall order an Election to be held to fill up every such vacancy and that such Election shall be held regulated and conducted in the same manner as is prescribed in the said Act for the anniversary Election except that the same shall continue for two days only.

And whereas, by the Act of the Legislature respecting the Election of Charter Officers passed April 16th 1822 it is provided that such charter Officers (except the Collectors) shall be sworn into, and commence the duties of, their Office on the last Monday in December in each year.

And whereas by the Act in relation to Towns passed March 19th 1813 it was provided that if any Supervisor Assessor &c should not take and subscribe his Oath of Office within the time thereby prescribed, such neglect should be deemed a refusal to serve in such Office, and the City or town might thereupon proceed to a new choice according to Law.

And whereas by the Revised Statutes it is declared that every Office shall become vacant, by the incumbents ceasing to be an Inhabitant, or on his refusal or neglect to take the oath of Office within the time required by Law.

And whereas at the anniversary Election, held on the first Monday of November last David Rogers Esqr then being an Inhabitant of the Fifth ward was duly elected [294] Alderman of the said Ward.

And whereas the said David Rogers altho' informed of his said Election, afterwards to wit on the 17th day of November, left this City for the West Indies, there to attend to his necessary private business, and hath not yet returned, nor taken the Oath prescribed by Law.

And whereas a formal notice of said Election was, in the usual course on the 20th of November left at the residence of the said David Rogers in the said Ward.

Therefore Resolved that the Office of Alderman of the Fifth Ward is, and the same is hereby declared to be vacant, and the Common Council do accordingly Order that an Election to fill the said vacancy, be held in and for the said Ward at the Hotel of Thomas Riley on the corner of Chapel and Provoost streets on the 19th and 20th days of April instant according to Law.

Resolved that Robert M Russell William Westervelt and John B Schmelzel all of the said Ward be and they are hereby appointed Inspectors of the said Election.

Alderman Stevens moved that the Resolutions be referred to the Counsel of the Board and that he be requested to give his opinion thereon in writing. This motion was Negatived. After [295] some discussion the question was taken on adopting the Resolutions and a Division having been called by Alderman Strong the Members voted as follows

In the Affirmative Mr Recorder Ald Nevius Seaman B M Brown Wells Meserole Woodruff Mr Roosevelt Bryson Scott Beadel Rogers Cooper Lovett 14

In the Negative Ald Mott Stevens Strong Marsh Palmer Mr Mandeville Arcularius Jeremiah Dibblee Engs 10

So it was carried in the Affirmative and the Resolutions were Adopted.

Alderman Strong gave notice of Reconsideration at the next Meeting of the Board.

A Motion was made to Adjourn The Question being taken thereon and a Division called the Members voted as follows.

[296] In the Affirmative Ald Nevius Mott Stevens Strong Marsh Mr Mandeville Arcularius Jeremiah Dibblee Engs 10

In the Negative Mr Recorder Ald Seaman B M Brown Wells Meserole Palmer Woodruff Mr Roosevelt Bryson Scott Beadel Rogers Cooper Lovett 14

So it passed in the Negative.

Upon Motion of Alderman Meserole the Report of the Committee on Applications for Office recommending William C Sloan, Street Inspector in the 6th Ward in the place of William H Sparks removed was called up, and upon like Motion was referred back to the same Committee.

The Committee on Applications for Office then presented the following Report.

The Committee on Applications for Office to whom was referred back their Report [297] relative to Applications for Office of Street Inspector for the 6th Ward Respectfully Report.

That they have duly considered the subject and recommend to the Common Council the adoption of the following Resolution

Resolved that Anthony Morris be and he is hereby appointed Street Inspector of the 6th Ward in the place of William H Sparks removed

Bernard J Meserole
John Lovett

Alderman Strong then presented a Recommendation of the Alderman & Assistant of the 6th Ward in favor of Re-appointing William H Sparks Inspector of the 6th Ward.—A Motion was made that the Board now proceed to the Election of a Street Inspector for the 6th Ward which was agreed to.

Alderman Strong gave notice that he would at the next Meeting of the Board, move to reconsider the Vote then given—The Mayor stated that a Motion for Reconsideration on an agreement to go into Balloting for Office was out *or* [of] order. Alderman Mott appealed from the decision of the Mayor. Alderman Stevens was about to speak on the subject, when the Mayor decided, that on an appeal from the Chair there could be no debate. Alderman Stevens appealed from that Decision. The Mayor declared the appeal out of order.

[298] The Question was then taken on the correctness of the Decision of the Mayor on Alderman Motts appeal, and a Division having been called the Members voted as follows.

In the Affirmative Mr Recorder Ald Nevius Seaman B M Brown Wells Meserole Woodruff Mr Roosevelt Bryson Scott Beadle Rogers Cooper Lovett 14

In the Negative Ald Mott Stevens Strong Marsh Palmer Mr Mandeville Arcularius Jeremiah Dibblee Engs 10

So it was carried in the Affirmative and the Decision of the Mayor was sustained.

The Members then proceeded to Ballot for a Street Inspector of the 6th Ward when Anthony Morris had a Majority of the Votes and was declared duly chosen.

[327] The Counsel of the Board to whom was referred the substitute proposed by Mr Roosevelt to the Report of the Law Committee on the subject of the Petition for a New Election in the 5th Ward and also the Resolution of Alderman Stevens referring the same to the Counsel presented a Report, the reading of which was postponed, and it was Laid on the Table.

The Street Commissioner presented the following Return of Delinquents on Assessments Whereupon Warrants were ordered to be issued to the Collectors thereof Vizt

For regulating 20th Street from the 8th to the 9th Avenue—And for paving the Side walks of 4th Street between Broadway and the 6th Avenue—Warrants to issue to John Hanmer the Collector thereof.

For regulating and paving Amos and Charles street each from Washington street to West street—Warrant to issue to Jameson Cox the Collector thereof.

The Street Commissioner presented the following Assessments which were confirmed and Collectors appointed thereto Vizt

For paving the Side walks in Amity street near McDougal street and Jameson Cox appointed Collector.

[328] For a Well & Pump in Twentieth street near the 8th Avenue and Jameson Cox appointed Collector.

For a Well & Pump in Charles street between Washington and West street and Thomas Cottrell appointed Collector.

For regulating Lewis street between North and 8th Street and Thomas Cottrell appointed Collector.

The Street Committee to whom was referred the Petition of J C Bonnell & others to have sunken Lots filled in between Avenue D, Lewis, 4th & 5th Streets presented the following Report in favor of the same.

The Street Committee to whom was referred the annexed Petition of J. C. Bonnel and others to have the sunken Lots lying between the Avenue D and Lewis street, and Fourth and Fifth streets filled in Respectfully Report.

That the Lots are considerably below the Streets which are now regulated, by which a large quantity of Water has accumulated and become Stagnant to the great injury of the surrounding Neighbourhood, and as the warm season approaches [329] must inevitably render that vicinity very unhealthy

Your Committee are therefore of the Opinion that the Nuisance ought to be abated without delay, and accordingly recommend the adoption of the following Resolution.

Resolved that the sunken Lots as embraced in the foregoing Report be filled in, and that the City Inspector report drafts of Ordinances accordingly and carry the same into effect without delay.

Which was approved and the Resolution adopted.

The Street Committee to whom was referred the Petition to have 15th Street regulated between Bowery & 8th Avenue presented the following Report in favor of the same.

The Street Committee to whom was referred the annexed Petition to have 15th Street regulated between the Bowery and the Eighth Avenue

Respectfully Report.

That in their opinion that Street ought to be regulated agreeably to the request of the Petitioners and accordingly submit the following Resolution

Resolved that Fifteenth street be [330] regulated between the Bowery and the Eighth Avenue.

The Committee on the Fire Department on the subject of a further supply of Water for the extinguishment of Fires and the erection of a Steam Engine at the Public Well presented the following Report.

The Committee on the Fire Department who have in charge the Erection of a Reservoir and the laying down of Iron Pipes, fire plugs &c and the obtaining a further supply of Water for the extinguishing of Fires beg leave

Respectfully to Report.

That they have caused to be erected on the Public Ground on the corner of Bowery and 13th Street, a Stone tower 44 feet diameter and 27 feet high above the surface of the ground, on which there is now putting up, an Iron tank of 43 feet diameter & 20 feet high which will contain 305.422 Gallons of Water, that the line of 12 inch Iron pipes are completed from the reservoir through [331] 13th Street

and Broadway to Canal street, and the line is nearly completed through the 3d Avenue and Bowery to Catharine street, that there is yet wanted a few 10 inch pipes to complete the connection through Grand street, the whole will be completed in about three weeks, when it will comprise 30 Fire plugs 6 Stop cocks & 18,060 feet of Iron pipes containing 108,360 Gallons of Water capable of being thrown nearly 60 feet above the surface of the highest elevation of the streets as now regulated, or about 70 feet above the level of the Park in case the Common Council should deem it expedient to extend this important work to other parts of the City.

Your Committee would further Report that they have caused a Well to be dug averaging 18 feet diameter & 70 feet deep, 50 feet of which is through Rock and they have succeeded in obtaining (in the opinion of your Committee) a sufficient supply of Water for the above purpose, the Well having had a depth of 62 feet of Water, rising from the bottom untill it rose two feet above the level of the Bowery & 13th Street, but which your Committee have found expedient to have drawn down for the purpose of having the Wall of the Well from the top of the Rock which was laid without Mortar cemented with Hydraulic cement, in the hope that the Water may yet rise to the surface of the Hill—The greatest [332] quantity at any time in the Well is estimated at 106,980 Gallons of Water. Your Committee would further Report that after mature deliberation on the subject of raising the Water in the tank they are of opinion, that it would be advisable to erect a Steam Engine with lifting and forcing pumps & all the necessary fixtures for the same capable of raising 300 Gallons of Water per minute a heighth of 117 feet vizt from the bottom of the Well to the top of the Tank, and although objections may be urged that it is unnecessary to raise so large a quantity of Water per Minute, except only when there should be a fire, but when it is considered, that the additional power can be obtained at a very small addition in the expences, and the extra power thus obtained can be so profitably applied in boring for Water which can be used for domestic & other purposes that your Committee are persuaded that the Public Interest requires an Engine of the above power. They have accordingly advertised for and received estimates for the same differing in their amount say from Five thousand Dollars, to Eight thousand Dollars, but in the opinion of your Committee the whole can be completed on an improved plan for a sum a little rising Five thousand dollars, they therefore offer the following Resolution for the consideration of [333] the Common Council.

Resolved that the Committee on the Fire Department, be and is hereby empowered to contract for a Steam Engine agreeably to the above Report at a sum not exceeding Five thousand Five hundred Dollars

The Street Committee to whom was referred the Petition for and Remonstrance against re-numbering the Houses & Lots in Maiden Lane presented the following Report against the same.

The Street Commissioner to whom was referred the Petition for and the remonstrance against re-numbering the Houses and Stores on Maiden Lane

Respectfully Report.

That in their opinion the re-numbering Maiden Lane is not at present required inasmuch as that Street was numbered a short time since, and that it would be attended with much inconvenience to the principal owners of the Stores and buildings on that Street.

Your Committee therefore recommend [334] the adoption of the following Resolution.

Resolved that it is inexpedient to grant the request of the Petitioners to have Maiden Lane-re-numbered.

The Market Committee to whom was referred the Petition of Simon Fleet deputy Clerk of the Centre Market for an increase of Wages

beg leave Respectfully to Report.

That in the opinion of your Committee M[r] Fleet pays that strict attention to the duties committed to him which the Office demands, but yet they deem it inexpedient to advance his Salary above the deputy Clerks of other Markets who have as much duty to discharge and are equally meritorious, they offer the following for the consideration of the Common Council.

[336] Resolved that in the case of the Petition of Simon Fleet, that it is inexpedient to grant the prayer of said Petition.

The Market Committee to whom was referred the Petition for a Market in Greenwich Lane presented the following Report against the same.

The Market Committee to whom was referred the Petition for a Market on Greenwich Lane by John Harris & others beg leave

Respectfully to Report.

That they have given the subject committed to their charge, that due consideration which the importance of its demands, and they have come to the conclusion that it is inexpedient at this time to erect any more Markets especially the one now asked for, inasmuch as the population in the vicinity of the intended Location is yet spare, and would not in the opinion of your Committee support a Market and would injure the adjacent one situated in Christopher street called Greenwich Market, they [337] offer, the following resolution for the consideration of the Common Council.

Resolved that it is inexpedient to Erect a Market on Greenwich Lane.

The Law Committee to whom was referred the subject of the expiration of the Ordinances presented the following Report accompanied with a Law.

The Law Committee to whom was referred the subject of the expiring Ordinances

Respectfully Report

That they had originally contemplated submitting to the Board an entire new revision of the Laws of the City. Further reflection and subsequent occurrences have led them to a different conclusion. A large body of Statute law differing not only in its form, but in many of its principles from that which preceded it, has lately gone into operation. Much time must elapse before the public, or even the legal profession, become familiar with the change, and in the mean while embarrassments cannot fail to arise, which, in the opinion of the Committee, it would not be expedient to increase by the proposed remodelling [339] of the whole system of our City Ordinances. In addition to this consideration there is another reason for postponement arising out of the adoption of the new Charter. To give full effect to that instrument much local legislation will become necessary. That Legislation ought to harmonize with the other parts of the System, and to insure such a result the whole should proceed from one and the same source. To our successors therefore who it is to be presumed will be selected by the people with an express view to the supplying of all defects, the removal of all abuses, and the redress of all grievances, the Committee would leave the task of preparing and enacting the new revised code of City laws. As, however, a large portion of the present Ordinances expire on the 30th of this month it becomes necessary that measures should be adopted for their continuance till the new system is ready to take their place. The Committee accordingly recommend the adoption of the annexed Ordinance

The Committee on Assessments to whom was referred the Petition of William H Harrison for relief from an erroneous Tax presented the following Report against the Petition.

The Committee on Assessments to whom was referred the Petition of William H Harrison for relief from erroneous Tax

Respectfully Report

That Mr Harrison appeared before the Committee and testified that he was Assessed for personal property in the 14th Ward on $1000, and that he was worth no personal Estate. He further stated that he had for several years previous been Taxed for Real Estate, and not any thing for personal property, that he had been left a Certificate by the Assesors, but that he did not see it until after the Assessors Books were closed.

As Mr Harrison is an old Citizen who has been Taxed for several years, and as he appears to be acquainted with his rights, the Committee do not think him entitled to relief.

They therefore offer the following Resolution—Resolved that it is inexpedient to grant the prayer of the Petitioner.

The Street Committee to whom was referred the Petition of Lemuel Wells and others to have Fitzroy Road closed between the 19th Street and the 8th Avenue Respectfully Report.

That in their opinion Fitzroy road is no longer required as a public Highway or Road it lying near to the 8th Avenue and nearly parallel thereto, and from its intersecting the Blocks of ground between the 14th and 22d Streets prevents the improvement of the Lots to advantage on the several intersecting Streets.

Your Committee therefore recommend the closing of Fitzroy road from the 14th Street to the 8th Avenue and of the adoption of the following Resolutions.

1. Resolved that it is desirable for Public convenience that Fitzroy Road should be closed between the 14th and the 22d Streets, and the same is hereby ordered and directed to be done.

On Motion the Report of the Street Committee which was Laid on the Table on the 22d day of February last relative to widening Cedar street from Broadway to Greenwich street was called up and read in the words following.

The Street Committee to whom was referred the Petitions for the widening Cedar street between Broadway and Greenwich street and the Remonstrances against the same.

Respectfully Report.

That they have had the subject under their deliberate consideration, and after hearing the [351] reasons for, and against the same from the persons interested in the property to be affected thereby, Have arrived at the conclusion that it would conduce to Public convenience, as well as to the convenience and interest of individuals, particularly to those

owning property situate on that Street to have it widened by taking ten feet from the Lots on the Northerly side thereof.

The Street at present is extremely narrow and inconvenient being but about 23 feet in width, and from its being a leading street from Pearl street to the Albany basin, your Committee believe (if widened) would shortly be rendered a Street of business or a desirable place of residence for persons doing business in the lower section of the City, thereby adding an increased value to the remainder of Lots after taking the proposed Ten feet to be added to the width of the Street. For the foregoing considerations your Committee are induced to offer for consideration the following Resolutions.

Resolved that it is desirable for Public convenience that Cedar street be widened by taking Ten feet from the Lots on the Northerly side thereof from Broadway to Greenwich street

Resolved that the Counsel to the Board make the necessary application to the Supreme Court for appointment of Commissioners of Estimate and Assessment in the said matter [352] and that the Petition be authenticated during the recess of the Board.

On Motion the Report of the Market Committee which was Laid on the Table on the 15th March last relative to the Duane Market was called up and read in the words following.

The Market Committee to whom was referred several Petitions on the subject of the Duane Market

Respectfully Report

That the said Market has for a long time been in a state of decay, having but one or two Butchers Stalls in it occupied, and affording no convenience to the Inhabitants generally, and little if any to persons residing in the immediate neighbourhood. On all hands it is admitted to be a great nuisance in its present condition, and although some of the Petitioners first presented on this subject prayed to have it repaired and extended, a great Majority of the Petitioners apply for its total removal. The establishment of [353] Clinton Market within the last year, renders it still less necessary to retain a Market on this spot, and the Committee are decidedly of opinion that the total removal of the present Market house and building there will not only be a public improvement but conduce much to the comfort of the Inhabitants

resding in that quarter, They have reason to believe that such a measure would now give general satisfaction to all parties interested, and that a unity of sentiment prevails among them in favor of having the space of ground where the said Market stands thrown entirely open, which would not prevent the re-establishing of a Market in the same place, or the use of it in any other way for public convenience which might be deemed expedient at a future day. The Committee submit the following Resolutions therefore for the adoption of the Board.

Resolved, that the Market House and its appurtenances erected on the space of ground lying between Duane, Reed, Washington and West streets be removed and that the ground upon which the same stands be paved and regulated.

On Motion the Report of the Market Committee which was Laid on the Table on the 5[th] April relative to further regulations in respect to the Sale of small meats in the Country Markets accompanied with an Ordinance were called up and Read in the words following

The Market Committee to whom was referred the Petition of several Butchers in the Fulton Market praying for further Regulation in respect to the Sale of small meats in the Country Market

Respectfully Report.

That by the 31[st] Section of the Ordinance entitled "A Law to regulate the Public Markets" passed 30[th] April 1827 it was Ordained that no Stand for selling meat of any description should be allowed in any of the Markets, except the regular butchers Stalls. Provided that such prohibition should not be construed to prevent any Countryman from bringing to the Market [355] and selling small Meats of animals raised on his own farm, but not the meat belonging to other persons. That by an Ordinance entitled "A Law to amend a Law to regulate the Public Markets" passed 7 May 1827, it was ordained, that so much of the Law thereby amended as might be deemed to

prohibit the selling in the Public Markets of this City, by any Country man or Country woman of small meats of Animals, raised and slaughtered on the farm of such Country man or Country woman, or which such countryman or Country woman purchased or obtained in the Country from the Farmer raising the same, in order to be sold in the public Markets of this City, should be and the same was thereby repealed.

The intention of this Amendatory Ordinance was, as your Committee conceive that Countrymen or Farmers bringing produce to our Markets should not be restricted to selling small meats raised and slaughtered on their own farms only, but that they should be permitted to purchase such small meats from their neighbours or to bring the same to Market for them. It was considered that in many parts of the Country, it might be a reasonable accommodation to farmers who might find it inconvenient to come or send to Market themselves, to allow them in this way to dispose of their [356] small meats, and if the practical operation of this privilege had not been extended beyond its object and meaning; Your Committee believe that no complaint would have been made by the regular Licensed butchers of this City, relative to the sale of small meats in our Country Markets.

But it appears that under the supposed sanction of this Ordinance, a class of persons called Country butchers (and who pursue that occupation exclusively) are in the regular habit of exposing their small meats for Sale in the Market, to the obvious injury of the Licensed Butchers who deal in the same Article. Your Committee have carefully enquired as to the existence and extent of the practice, and they are well convinced that it is unjustly detrimental to the regular Butchers of the City and should be suppressed.

The Country Butchers if thus allowed to carry on their business in our Markets have the following advantages; They pay neither premium nor rent for a Stall, their only expence for the privilege of selling in Market is one Shilling per day for every day they may think proper to come, they do neither Military, Jury nor Firemens duty, nor contribute in any way to the revenue of the City, except by paying the above trifling sum for a Stand in Market. On the other [357] hand the regular Butcher after serving an apprenticeship has to obtain a Licence, purchase a Stall, pay an Annual Rent for the same, whether he uses it or not, keep a horse & Cart, besides contributing his proportion of City Taxes and performing such other duties as are incident to his citizenship & residence in this City. Nor is he

allowed even then to compete with the Country Butcher, by selling his small meats by the quarter in the Country Market, the Law peremptorily confines him to his own stand or stall.

The Committee have carefully considered how this alleged grievance to the City Butchers should be remedied and after much deliberation they have arrived at the conclusion, that the Law as it existed previous to the passage of the amendatory Ordinance above mentioned was sufficiently liberal, and that neither the convenience of our own Citizens nor any other consideration, requires that the privilege which Farmers and Countrymen have of selling Meats in our Markets should be extended by the express terms of an Ordinance, beyond their own produce, and when it is considered, that under colour of the amendatory Ordinance, an abuse of the intended privilege, has crept in, highly injurious to a meretorious class of our Citizens, and which cannot in the opinion of the Committee be effectually restrained, but by confining this privilege [358] within its original Limits, no better remedy can be applied, than the repeal of such Ordinance, by which Measure every Farmer will be allowed to sell in our Market such small meats as he may have raised and slaughtered himself, while Country butchers will no longer be sanctioned in buying Stock whenever and in whatever quantities they may think fit and by exposing it for sale in this City, rival our Licensed butchers upon very unequal and to the latter very disadvantageous terms.

In this view of the subject the Committee beg leave to submit the draft of an Ordinance hereunto annexed and they offer the following Resolution.

Resolved that the Ordinance entitled "A Law to amend a Law to regulate the public Markets" passed 7th May 1827 be repealed, and that an Ordinance of which a draft is hereunto annexed be passed for that purpose.
